28 NSNs for Electrical Cable Assemblies

The purpose of this solicitation is to provide worldwide support for the National Stock Numbers (NSNs) listed in Attachment 1. The NSNs are from FSC 5995. These NSN(s) may be awarded individually. The contractor may quote on the entire solicitation or on as many NSNs as they have the capability to perform. The contract awarded will be an Indefinite Delivery Indefinite Quantity type contract. The solicitation contains a 2 year base period with 3 one-year option periods.

The contractor shall function as a source of supply for the NSNs on this contract to consistently deliver parts to the DLA Depots. Delivery Orders (DO) will be issued to the contractor through the Paperless Ordering Placement System (POPS). The contractor shall interface with DoD Information Systems in an Electronic Commerce/ Electronic Data Interchange (EC/EDI) environment as specified in section titled 'System Interface and Integration' below. On an exception basis, manual delivery orders may be issued for these items.

Pricing: The Contractor is to provide pricing for the base period and option periods. Attachment 1 identifies the NSNs, and estimated demand quantities for the base period and option periods. Please provide contractor pricing on this spreadsheet. Contractors are encouraged to consider minimum order quantities (MOQ), particularly when the Annual Demand Quantity (ADQ) is zero. Contractors are not required to honor orders for quantities less than the MOQ [see clause I67, 52.216.19]. Evaluation will be based on the estimated annual demand quantity (ADQ) as provided in attachment 1. These numbers are based on the best projection available at the time of this solicitation and are subject to change. It is important to note that some of the NSNs may have ADQs of zero; however, these NSNs may not necessarily have zero demands. They may, in fact, be items recently assigned to DSCR, or items for which historical data is otherwise incomplete or unavailable, or items for which the Government has no recurring demands and therefore, cannot forecast any realistic estimates. Offerors are encouraged to submit offers consistent with quantities reflected in their own historical data where available.

Each individual NSN will be evaluated by multiplying the proposed unit price times the ADQ to arrive at the estimated total for each NSN. In those cases where the annual demand quantity is zero, the government will use (1) to represent the quantity.

** Vendors are highly encouraged to submit pricing in an electronic format (spreadsheet) either through e-mail or on a disk to help expedite the evaluation process.

I71, 52.216-22, Indefinite Quantity: The minimum contract value is defined as the guaranteed monetary value of the aggregate orders issued during the base period only. The minimum will not guarantee orders for any particular item or group of items. The Government will not guarantee a minimum for the option periods. The Government will compute a different

minimum for each contract awarded under this solicitation in accordance with the following formula:

10% of the aggregate extended dollar value of the minimum order quantity (MOQ) for the NSNs, computed as follows:

$$0.1 \times ([NSN1 \text{ price} \times \text{MOQ}] + [NSN2 \text{ price} \times \text{MOQ}] + \text{etc}).$$

The maximum contract value is defines as:
150% of the aggregate extended dollar value of the estimated value for the base period and each option period.

Delivery: The contractor shall deliver to the DLA distribution depot as designated on each DO. The contractor shall ship ordered items on or before the required contract delivery date specified in the DO. The required delivery date for each NSN is indicated in Attachment 1.

First Article Testing applies to 4 NSNs on this solicitation.

Surge and Sustainment: Surge and Sustainment NSNs are identified in Attachment 2. Surge and Sustainment requirements are outlined in clauses 52.217-9G25 and 252.217-9006 in Section I, in instruction 52.217-9G26 in Section L, and in 52.217-9G27 in Section M. In the attachment, the individual quantity requirements for each month are identified as well as the total six-month requirement per NSN. 'Surge Support' is one of the evaluation factors; therefore, offerors are required to comply with the specific clauses/provisions.

CLIN 6000 - Surge and Sustainment Requirement. Notice to Offerors: Clin XXXX is the surge quantity that may be ordered by the Government in a military contingency. The Government is not obligated to order any of the surge quantities and the contractor should not ship such quantities without receipt of an order clearly designated for surge quantities. The surge quantity requirements are identified at Attachment #2. The offeror must specify the percentage of price increase for surge quantities or state 'none'. If the offeror fails to do so, the offeror will be evaluated with no additional charge for surge quantities.

Surge Support Plus _____%

CLIN 6001 Capability Assessment: Cost, if any, that the contractor would incur in complying with the requirement to conduct a surge validation plan. If none, state 'none'. Reference Clause 52.217-9G25, 252.217-9006 and 52.217-9G26.

\$_____

CLIN 6002 - Investment costs: Investment costs, if any, to execute the surge plan otherwise state 'none'. Reference Clause 52.217-9G25, 252.217-9006 and 52.217-9G26

\$_____

Packaging Requirements: Higher-level packaging requirements in accordance with MIL-STD-2073 apply. All items shall be marked in accordance with MIL-STD 129. The contractor is required to package material in accordance with Quantity Unit Pack (QUP) specified in MIL- STD-2073 and the Unit of

Issue (UI) specified in each DO.

Quality: The contractor shall establish, implement, document and maintain a quality system that ensures conformance to all contractual requirements and meets the requirements of ISO 9001:2000. However, the contractor may propose an equivalent quality system model. If the contractor chooses to propose an equivalent quality, the clause in E5 - 52.246-11 - Higher Level Quality Requirements must be completed.

All of the NSNs except one require origin inspection. Quality Assurance Provisions for each NSN appears in Attachment 3, the Quality Matrix.

Access to Technical Data Packages: Items shall be manufactured in accordance with Government technical data packages and drawings. The contractor may obtain technical data packages using the following website: http://www.dscr.dla.mil/tdmd/mb_index.asp. Contractors must have a membership number to access technical data. Contractors must follow the instructions provided on this website to obtain a membership number and technical data.

The Contractor is responsible for notifying the Government if the drawings or technical data is different from the information cited in the Acquisition Item Description (AID). Attachment 4 includes item descriptions obtained from the Contract Technical Data File (CTDF).

System Interface and Integration: In accordance with Clause 52.211-9G33-POPS- Computer Compatibility, the contractor shall establish interface capability with DLA's Standard Automated Material Management System (SAMMS) and Defense Automated Addressing System (DAAS). These interfaces will be for purposes of sending and receiving EC/EDI transmissions, electronic invoices and/or receipt transactions processing, and establishing two-way communication for logistics and management information. The Contractor shall ensure adequate systems interfaces are used to integrate commercial systems with Government systems for the entire logistics trail.

The following three EDI transactions are required for the purposes of transmitting the DOs and Tracking Performance:

850 Purchase/Delivery Order
856 Shipment Notice Manifest
997 Functional Acknowledgment

The Purchase/ Delivery Order (850) will be processed through Defense Supply Center Richmond. The Functional Acknowledgment (997) will show that the contractor has received the delivery order and will establish the order issue date. The Shipment Notice (856) will identify the order shipment date of the total quantity. The functional acknowledgement and shipment notice will be used to track performance metrics. DSCR will utilize the Enterprise Linked Logistics Information Source (ELLIS), a performance metrics-tracking program, to measure contractor's performance.

NOTICE TO CONTRACTORS: Per FAR 52.102, the majority of clauses, provisions, notices are included by reference (number, title, and date). For fill-ins providing or collecting data, this document will include only the paragraph(s) relating to the fill-in data. DSCR notes appended to FAR/DFARS clauses/provisions are full text.

Quality Assurance Provisions (QAPs), Contract Data Requirements Lists (CDRLs), drawings relating to Special Packaging Instructions (SPIs), and Individual Repair Parts Ordering Data (IRPODs) are included by reference.

FAR Clause 52.252-2 (Sec I) and FAR Provision 52.252-1 (Sec L) provide on-line sites for accessing the full text of these documents and DSCR Form P41 shipping instructions.

SECTION B

B10 9-3 REQUIREMENT FOR HOLDING FIRST ALT ARTICLE: DSCR (JAN 1996)

B12 9-5 FIRST ARTICLE DELIVERY UNDER INDEFINITE DELIVERY CONTRACTS DSCR (MAR 1999)

B15 11-8 OFFER OF SURPLUS MATERIAL FOR LIFE SUPPORT, FLIGHT SAFETY CRITICAL AIRCRAFT PART (FSCAP) OR INDIVIDUAL REPAIR PARTS ORDER DATA (IRPOD) DSCR (SEP 1999)

The solicited item is a Life Support, FSCAP, or IRPOD. Due to the item's critical nature, offers of surplus material will only be evaluated to accommodate unique contingencies, such as obsolete aircraft/system, when the original equipment manufacturer is out of business, or if the sole vendor does not respond.

B21B 11-9 POPS - PRODUCT INFORMATION: DSCR (JAN 1996)

Offerors are required to provide the following information regarding the items offered:

MANUFACTURER'S NAME

PART NUMBER/CATALOG NUMBER

Offerors shall write/type this information on the schedule of items below each item description unless such information has already been identified in the item description.

B24A 14-1 FACSIMILE BIDS/PROPOSALS DSCR (MAR 1999)

(a) Facsimile bids/proposals, amendments (including final proposal revisions (FPRs)), and withdrawals will not be considered unless authorized in the solicitation by either Provision 52.214-31, Facsimile Bids, or 52.215-5, Facsimile Proposals (Sec L). IF NEITHER PROVISION IS IN THE SOLICITATION, FACSIMILE TRANSMITTED DATA AS DESCRIBED ABOVE SHALL BE REJECTED.

(b) In solicitations that do contain either Provision 52.214-31 or 52.215-5, bidders/offerors are notified that for bid/proposal security reasons the FACSIMILE EQUIPMENT AS IDENTIFIED IN THE PROVISION IS NOT LOCATED AT THE PLACE DESIGNATED FOR RECEIPT OF BIDS/OFFERS. REGULAR INTEROFFICE MAIL PICK-UP OF FACSIMILE TRANSMISSIONS OCCURS AT 10:30 A.M. AND 1:30 P.M. DAILY.

(1) Bids, bid amendments, and bid withdrawals received by the facsimile equipment prior to 10:30 a.m. on the day of bid opening will be presumed to have been received on time.

(2) Proposals, amendments to proposals, withdrawals of proposals, and FPRs received by facsimile equipment prior to 1:30 p.m. on the day of closing will be presumed to have been received on time.

B24B 14-2 EVALUATION FOR MULTIPLE AWARDS DSCR (JAN 1998)

Offers will be evaluated by adding the \$500

administrative cost for each year of the contract period. For example, if a solicitation has four option years, the administrative costs would be \$2,500 (\$500 for the base year plus \$500 for each option year).

B33 17-5 MANDATORY OPTION REQUIREMENT DSCR (MAR 1999)

The option clause in Section I of this solicitation is MANDATORY. FAILURE TO PROVIDE this pricing information may result in rejection of your offer. If Schedule prices are requested on both an origin and destination basis and/or on incremental quantities, option prices must be offered in the same manner.

B33C 17-13 POPS-GENERAL SOLICITATION NOTICE DSCR (OCT 2001)

Delivery orders may be placed during the ordering period identified in FAR Clause 52.216-18 (Section I). The acquisition contains provisions for 3 option years. See DSCR Clause 52.217-9G (Section I).

B68 47-3A DSCR FORM P-41 FREIGHT SHIPPING INFORMATION (OCT 1999)

Freight shipping addresses and scheduling instructions, if applicable, are available in Section 3 of the DSCR Master Solicitation <http://www.dscr.dla.mil/procurement/mastersol.htm>.

SECTION C

C3 52.211-9G33 POPS - COMPUTER COMPATIBILITY DSCR (MAR 2001)

(a) In support of the Paperless Ordering Placement System (POPS), the awardee will be required to have a compatible computer system capable of accepting our offers and processing Electronic Data Interchange (EDI) transactions. The American National Standards Institute's (ANSI) X12 Standard will be utilized for formatting the EDI transactions. The EDI system must be available for on line processing not later than 30 days after date of award.

(b) The computer system must also be Year 2000 (Y2K) Compliant. Year 2000 compliant, used with respect to technology, means that the information technology accurately processes date/time data (including, but not limited to, calculating, comparing, and sequencing) from, into, and between the twentieth and twenty-first centuries, and the years 1999 and 2000 and leap year calculations, to the extent that other information technology, used in combination with the information technology being acquired, properly exchanges date/time data with it.

(c) The following ANSI X12 transaction sets are currently sent, received, and processed by the Defense Supply Center Richmond:

- 850 Purchase/Delivery Order Transaction Set
- 856 Ship Notice/Manifest Transaction Set

(d) Awardee must be capable of sending, receiving, and processing the above ANSI X12 transaction sets and have an electronic mailbox on a DAASC certified Value Added Network (VAN). For 856 Ship Notice/Manifest Transaction Sets, the awardee will have the option of using the Web-856 application, if it becomes available.

(e) Information regarding EDI, ANSI X12 transactions, and DAASC approved VANs can be obtained from the DAAS web site by going to www.daas.dla.mil, then select SYSTEMS & SERVICES, next select EC/EDI, and lastly select DAASC's VAN LIST.

(f) Specifics of the POPS System can be obtained from:

SECTION D

D4I 52.211-9G45 POPS-SPECIAL MARKING INSTRUCTIONS DSCR (OCT 2001)

NOTICE FOR DIRECT VENDOR DELIVERIES: In addition to the requirements of paragraph 5.1.6.2., Markings of ASTM D3951, markings on exterior shipping containers will contain as a minimum the NSN, requisition number, and the contract delivery order number. These markings are to be applied through stenciling or other means, directly to the exterior shipping container or included in the body of the invoice/shipping document which will be permanently affixed to the exterior shipping container. Regardless of method used, all markings must be visible to receiving personnel. When the total number of containers going to the same destination exceeds either 250 pounds (excluding pallet) or a volume of 20 cubic feet, then palletization is required except for 55 gallon drums.

NOTICE FOR SHIPMENT TO DLA STOCK LOCATIONS: Shipments to DLA stock locations must be marked in accordance with MIL-STD-129N dated 15 May 97 and AIM BC 1 with the following exception: Marking, including barcoding, and fragile marking (if required), must be on the outside container and all intermediary containers down to the specified QUP. DSCR Clause 52.211-9G22 (Sec F) applies.

D4K 52.211-9G73 PACKAGING AND MARKING REQUIREMENTS (JUL 2002) DSCR

(a) Unless stated otherwise, commercial packaging in accordance with ASTM-D-3951 is required for CONUS shipments from the contractor directly to the customer. Commercial packaging and marking is not sufficient for vendor shipments requiring movement through the Defense Transportation System (also referred to as the Military Distribution System or DLA Depot) as the shipment could ultimately be moved via Military Air.

(b) Higher level packaging in accordance with MIL-STD-2073 is mandatory for all shipments that meet the below criteria:

Movement through the Defense Transportation System including shipments to a Military Distribution facility or depot.

OCONUS shipments
FMS shipments
Hazardous material, as cited in the AID or in the Quality Requirements Matrix.

(c) Materials not considered as HAZMAT for CONUS or OCONUS commercial air shipments may be considered HAZMAT for MILAIR shipments OCONUS. As such, contractors/shippers shall ensure that material meeting HAZMAT definitions in DLAI 4145.3, Preparing Hazardous Materials for Military Air Shipment, is packaged in accordance with that instruction when the consignee is OCONUS and the shipment will be moved through the Defense Transportation System. DLAI 4145.3 is available on the internet at: www.dsccl.dla.mil/downloads/packaging/dlai4145_3.pdf.

(d) All items shall be marked in accordance with MIL-STD-129. Hazardous items and shelf life items, as cited in the AID or in the Quality Requirements Matrix, shall be marked in accordance with MIL-STD-129 and the appropriate clauses cited in the appendix to the matrix and the contract. The contractor is required to package material in accordance with Quantity Unit Pack (QUP), specified in MIL-STD-2073 and the Unit of Issue (UI), specified in each delivery order. A packing slip shall be located in a

plastic pouch on the outside of the package. For HAZMAT destined OCONUS, a hard copy of the Material Safety Data Sheet (MSDS) must also be included.

(e) In the event of deployments, this clause may be invoked when shipments originally destined for a CONUS location are diverted to OCONUS destinations thereby necessitating movement of the material through the Defense Transportation System. In such an event, contractors will be notified by the Contracting Officer and an equitable adjustment will be made in the contract price as deemed appropriate.

NOTE: Applicable to negotiated solicitations. Offers that do not comply with the packaging and marking requirements as specified in Section D of this solicitation may be subject to rejection as being technically unacceptable.

SECTION E

E3 52.246-2 INSPECTION OF SUPPLIES - FIXED PRICE (AUG 1996)

E5 52.246-11 HIGHER-LEVEL CONTRACT QUALITY REQUIREMENT (FEB 1999)

The Contractor shall comply with the applicable higher-level contract quality requirement cited below, which is hereby incorporated into this contract:

ISO 9001 or ANSI/ASQC Q9001 when Quality Assurance Provision (QAP) 005, 006, 159, 189, 216, 222, V02, or V03 is included.

ISO 9002 or ANSI/ASQC Q9002 for any other QAPs.

DSCR NOTE to 52.246-11:

The higher-level standards referenced above shall apply unless the contractor indicates the proposal is based on a contractor's preferred quality system as identified below:

- Other recognized industry standard(s) (but non-ISO/ANSI/ASQC) that is equivalent to or better than applicable ISO/ANSI/ASQC standard indicated above.
Specify _____
- Other process control system that is equivalent to or better than the applicable ISO/ANSI/ASQC standard indicated above which has not previously been determined to be insufficient for the Government's purpose. This may include previously recognized MIL-I-45208 or MIL-Q-9858 systems which have been augmented to be equivalent to ISO 9002 or ISO 9001 respectively.
- An existing system modeled after

F1BA 52.211-16 VARIATION IN QUANTITY (APR 1984)

(b) The permissible variation shall be limited to:

0 % (Percent) Increase 0 % (Percent) Decrease

This increase or decrease shall apply to the quantity at the line item level, or for phased delivery at the sub-clin level, as designated by item number followed by two alphas, i.e. 0001AA. The variation (if any) shall be shipped with the quantity for the line item, or for phased delivery the quantity specified for each sub-clin. Under no

circumstances will the contractor ship a variation in quantity against any line item/sub-clin other than as specified in the delivery schedule.

DSCR NOTE: Any quantity shipped against the line/sub-clin that exceeds the stated line item/sub-clin quantity plus variation (if any) will be returned and the contractor will be responsible for return shipment costs.

I66 52.216-18 ORDERING (OCT 1995)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued --

FROM: DATE OF CONTRACT AWARD

THROUGH: DATE OF CONTRACT COMPLETION

DSCR NOTE: Ordering period above is based upon the assumption that an award will be made by 06/25/04. The ordering period specified in paragraph (a) above will be extended by the number of calendar days after the assumption date that the contract is, in fact, awarded.

I67 52.216-19 ORDER LIMITATIONS (OCT 1995)

(a) Minimum Order. When the Government requires supplies or services covered by this contract in an amount of less than N/A DVD or SEE ATT 1 Stock, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum Order. The Contractor is not obligated to honor -

- (1) Any order for a single item in excess of NA DVD or NA Stock
- (2) Any order for a combination of items in excess of NA, or
- (3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in subparagraph (1) or (2) above.

(d) Notwithstanding paragraphs (b) and (c) above, the contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 15 days after issuance, with written notice stating the contractor's intent not to ship the item (or items) called for and the reasons.

I67A 52.216-19 DSCR NOTE POPS - MINIMUM ORDER QUANTITY DSCR (AUG 1990)

FAR Clause 52.216-19, above, provides for a minimum delivery order amount of \$ SEE ATTACHMENT 1. Notwithstanding such minimum order amount, the minimum order quantity per delivery order shall be not less than the Quantity Unit Pack (QUP) quantity (manufacturer's standard pack for items without an identified QUP) and all orders will be in multiples of the QUP.

I71 52.216-22 INDEFINITE QUANTITY (OCT 1995)

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that

order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after 365 days from the date of contract expiration.

I88 52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 30 days prior to contract expiration; provided, that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 60 months.

I91 52.217-9G08 OPTION TO EXTEND THE TERM OF THE CONTRACT - SUPPLIES DSCR (JUL 2000)

(b) THE OFFEROR AGREES TO FURNISH DURING THE OPTION PERIOD THOSE ITEMS CITED IN THE SCHEDULE AT UNIT PRICES AS INDICATED BELOW:

CAUTION: Failure to indicate one of the following may result in rejection of your offer.

- [] Option unit prices are the same as the unit prices offered for the basic contract, or
- [] Option period unit prices are as indicated in the schedule.

I92F 52.217-9G20 ADDITION/DELETION OF ITEMS ON CONTRACT DSCR (DEC 2000)

(a) The Government retains the right to unilaterally delete from the contract, at each option renewal period, any items which were awarded on a sole source basis, in the event that an alternate product is available from another source.

(b) The Government reserves the right to bilaterally add to the contract new or replacement items, by modification, at prices to be negotiated. All new requirements are subject to full and open competition for the period of time remaining on the contract prior to addition to the contract.

(c) If any item in this contract becomes obsolete or is discontinued as a commercial catalog item, the contractor will provide the Government thirty (30) days advance written notice of such obsolescence, or cancellation and agrees to honor delivery orders for the item issued under this contract during such thirty (30) day period. The Government will delete any such item from this contract after receiving the required notice. If the contractor considers another commercial catalog item as a suitable substitute or replacement for the discontinued item, it will so advise the Government at the time it advises of the discontinued item. If the Government elects to include the replacement item in the contract, the contract will be modified accordingly.

(d) If the contractor discontinues an item without replacement, the contractor will advise the Government of alternate sources of supply for a comparable item.

**I92K 52.217-9G25 SURGE & SUSTAINMENT REQUIREMENT
DSCR (JUN 2001)**

(a) Definitions. As used in this clause-

(1) 'Surge and Sustainment (S&S) Capability' means the ability of the contractor and base suppliers to meet increased quantity/accelerated delivery requirements, using production and supplier base capabilities, in support of a broad spectrum of possible Department of Defense contingencies. This capability includes both the ability to ramp-up to meet early requirements (i.e., surge), as well as to sustain an increased production and delivery pace throughout the contingency(ies) (i.e., sustainment). The spectrum of possible contingencies includes major theatre warfare and smaller-scale contingency operations.

(2) 'Surge and Sustainment (S&S) Quantity' means the quantity beyond peacetime level requirements necessary to support contingency operations. The quantity and required delivery are identified on an NSN basis, representing that needed to support two separate contingency operations for a specified time period, generally a year unless otherwise specified in the schedule.

(b) Scope of Requirement. The Contractor agrees to maintain the capability to produce and deliver the quantity of supplies or services identified in the schedule as the S&S requirement throughout the life of the contract. This capability shall be maintained in addition to peacetime level requirements and other existing Government contracts.

(1) Notification of S&S Capability Changes. Changes that negatively impact S&S capability shall be reported in writing to the Contracting Officer within ten working days after the contractor becomes aware of such impact. Such notification shall include the Contractor's proposed corrective action plan.

(2) Changes and Additions. The Government reserves the right to revise, reassess, or update S&S requirements during the life of the contract.

(3) Agreement to Participate in S&S Validation/Testing. By submission of an offer for the S&S requirement, the contractor agrees to participate in S&S testing as required by the Government to validate the S&S capability. Testing/validation may include, but not be limited to, participation in live exercises, participation in Commander-in-Chiefs or Joint Chiefs of Staff exercises approved in the DLA Joint Training Plan, paper exercises, simulations, or command post exercises. The Government reserves the right to require tests using other methodologies when deemed appropriate.

(c) Ordering. Any S&S designated supplies or services to be furnished under this contract will be ordered in accordance with the ordering clause by issuance of delivery orders or task orders specifically identified as 'S&S Orders.'

(1) Effective Date for S&S Capability. Orders for the S&S quantity may be issued immediately after award unless the contractor has identified during negotiations, and the Government has approved, an alternate date for the contractor to attain the required S&S capability. The contractor's capability assessment shall clearly support the alternate date for attaining full S&S capability.

(2) Limitations. The order limitations clause applicable to the peacetime level requirements shall not apply to the S&S quantity to the extent that it conflicts with the quantity necessary to support a contingency. The Government reserves the right to order less than the total phased quantity specified for each S&S delivery. The Government may order in excess of each phased delivery quantity provided the contractor shall accept the excess quantity. Multiple orders for the same NSN may be issued to support multiple contingencies provided the total quantity ordered does not exceed the total S&S quantity for all phases of delivery.

(3) Contract Ceiling. The Government reserves the right to increase the contract ceiling as necessary to accommodate the S&S quantity to the extent such quantity was not considered when establishing the initial contract ceiling.

(d) Options to Extend the Contract Term: The Government may consider the contractor's performance of the S&S requirements in determining whether exercise of the option

is the most advantageous method of meeting the Government's needs. Factors that may be considered include maintenance of the S&S capability; results of validation/testing; performance during an actual contingency; and other pertinent information related to the S&S requirement.

I121A 52.222-21 PROHIBITION OF SEGREGATED FACILITIES (FEB 1999)

(a) 'Segregated facilities,' as used in this clause, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees, that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin because of written or oral policies, or employee custom. The term does not include separate or single-user rest rooms and necessary dressing or sleeping areas, provided to assure privacy between the sexes.

(b) The Contractor agrees that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The Contractor agrees that a breach of this clause is a violation of the Equal Opportunity clause in this contract.

(c) The Contractor shall include this clause in every subcontract and purchase order that is subject to the Equal Opportunity clause of this contract.

I199 52.233-1 DISPUTES (JUL 2002)

DSCR NOTE:

DSCR has in place a process to mediate two types of contract disputes: (1) contract claims filed pursuant to the Contract Disputes Act of 1978, as amended, 41 U.S.C. 601-613, (CDA), prior to issuance of a final decision by the contracting officer, that arise as a result of either a contractor or government claim, except for proposed Terminations for Default, and (2) other contract disputes, resulting from an issue in controversy, that the contracting officer determines suitable for mediation. Mediation involves a neutral, called a mediator, who assists both parties as they try to resolve their dispute voluntarily and produce a solution that is acceptable and beneficial to both. After unassisted negotiations over an issue in controversy have proven ineffective in either situation, the contracting officer will contact the contractor seeking to resolve the dispute through mediation. In either situation, a contractor's decision not to engage in mediation shall be conveyed in writing to the contracting officer.

Mediation undertaken pursuant to this process does not waive the statutory time limitations of the CDA, within which a contracting officer must issue a final decision on a claim filed pursuant to the CDA, as expressed in FAR Clause 52.233-1, Disputes, paragraph (e). If mediation is unsuccessful, the parties retain their existing rights under the CDA. (99140)

K2	52.203-2	CERTIFICATE OF INDEPENDENT PRICE DETERMINATION (APR 1985)
----	----------	--

(a) The offeror certifies that:

(1) The prices in this offer have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other offeror or competitor relating to (i) those prices, (ii) the intention to submit an offer, or (iii) the methods or factors used to calculate prices offered.

(2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and

(3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by signatory that the signatory --

(1) Is the person in the offeror's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to Subparagraphs (a) (1) through (a) (3) above; or

(2)(i) has been authorized, in writing, to act as agent for the following principals in certifying that those principals have not participated, and will not participate in any action contrary to Subparagraphs (a)(1) through (a)(3) above . . .

(Insert below the full name of person(s) in the offeror's organization responsible for determining the prices offered in this bid or proposal, and the title of his or her position in the offeror's organization);

NAME: _____

TITLE: _____

(ii) As an authorized agent, does certify that the principals named in Subdivision (b)(2)(i) above have not participated, and will not participate, in any action contrary to Subparagraphs (a)(1) through (a)(3) above; and

(iii) As an agent, has not personally participated, and will not participate in any action contrary to Subparagraphs (a)(1) through (a)(3) above.

(c) If the offer deletes or modifies Subparagraph (b)(2) above, the offeror must furnish with its offer a signed statement setting forth in detail the circumstances of the disclosure.

K4A 52.203-11 CERTIFICATION AND DISCLOSURE REGARDING PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (APR 1991)

(a) The definitions and prohibitions contained in the clause, at FAR 52.203-12, Limitation on Payments to Influence Certain Federal Transactions, included in this solicitation, are hereby incorporated by reference in paragraph (b) of this certification.

(b) The offeror, by signing its offer, hereby certifies to the best of his or her knowledge and belief that on or after December 23, 1989, --

(1) No Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with the awarding of any Federal contract, the making of any Federal Grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement;

(2) If any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with this solicitation, the offeror shall complete and submit, with its offer, OMB standard form LLL, Disclosure of Lobbying Activities, to the Contracting Officer; and

(3) He or she will include the language of this certification in all subcontract awards at any tier and require that all recipients of subcontract awards in excess of \$100,000 shall certify and disclose accordingly.

(c) Submission of this certification and disclosure is a prerequisite for making or entering into this contract imposed by section 1352, title 31, United States Code. Any person who makes an expenditure prohibited under this provision or who fails to file or amend the disclosure form to be filed or amended by this provision, shall be subject to a civil penalty of not less than \$10,000, and not more than \$100,000, for each such failure.

K6 52.207-4 ECONOMIC PURCHASE QUANTITY - SUPPLIES (AUG 1987)

(a) Offerors are invited to state an opinion on whether the quantity(ies) of supplies on which bids, proposals, or quotes are requested in this solicitation is (are) economically advantageous to the Government.

(b) Each offeror who believes that acquisition in different quantities would be more advantageous is invited to recommend an economic purchase quantity. If different

quantities are recommended, a total and a unit price must be quoted for applicable items. An economic purchase quantity is that quantity at which a significant price break occurs. If there are significant price breaks at different quantity points, this information is desired as well.

OFFEROR RECOMMENDATIONS

ITEM	QUANTITY	PRICE QUOTATION	TOTAL
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

(c) The information requested in this provision is being solicited to avoid acquisitions in disadvantageous quantities and to assist the Government in developing a data base for future acquisitions of these items. However, the Government reserves the right to amend or cancel the solicitation and resolicit with respect to any individual item in the event quotations received and the Government's requirements indicate that different quantities should be acquired.

K7A 52.209-5 CERTIFICATION REGARDING DEBARMENT, SUSPENSION, PROPOSED DEBARMENT, AND OTHER RESPONSIBILITY MATTERS (DEC 2001)

L53F 52.217-9002 CONDITIONS FOR EVALUATION AND ACCEPTANCE OF OFFERORS FOR PART NUMBERED ITEMS DLAD (JUL 2002)

(a) The product described in the acquisition identification description (AID) of this solicitation is that product which the Government has determined to be acceptable. All Offerors shall indicate below, or through an alternative means in an electronic quoting system, whether they are offering an 'exact product,' an 'alternate product' (which includes a 'previously reverse-engineered product'), a 'superceding part number,' or a 'previously-approved product;' and shall furnish the data required for whichever is applicable. (To determine which type of product to indicate, Offerors must refer to the criteria in sub-paragraphs (b)-(e) of this provision, respectively.) Any product offered must be either a product cited in the AID; or be physically, mechanically, electrically, and functionally interchangeable with a product cited in the AID, including additional requirements referred to in the AID, if any.

Exact Product - Applies to CLIN(s) (_____)
 Alternate/Previously Reverse-Engineered Product - Applies to CLIN(s) (_____)
 Superceding Part Number - Applies to CLIN(s): (_____)
 Previously-Approved Product - Applies to CLIN(s): (_____)

(b) 'Exact product.'

(1) 'Exact product' means a product described by the name of an approved source and its corresponding part number, as currently cited in the AID; modified (if necessary) to conform to any additional requirements set forth in the AID; and manufactured by, or under the direction of, that approved source. If an Offeror indicates that an 'exact product' is being offered, the Offeror must meet one of the descriptions in subparagraphs (i)-(iv) below. (Any Offeror not meeting one of these descriptions is not considered to be offering 'exact product;' even though the item may be manufactured in accordance with the drawings and/or specifications of an approved source currently cited in the AID.)

(i) An approved source currently cited in the AID offering its corresponding part number as cited in the AID;

(ii) A dealer/distributor offering the product of an approved source that meets the description in subparagraph (i) above;

(iii) A manufacturer who (A) produces the offered item under the direction of an approved source currently cited in the AID; and (B) has authorization from that approved source to manufacture the item, identify it as that approved source's name and part number, and sell the item directly to the Government. If requested by the Contracting Officer, the Offeror/Contractor must provide documentation to demonstrate such authorization.

(iv) A dealer/distributor offering the product of a manufacturer that meets the description in subparagraph (iii) above. If requested by the Contracting Officer, the Offeror/Contractor must provide documentation that demonstrates such authorization.

(2) When the AID identifies the item being acquired as a critical safety item (CSI), offers of exact product will be evaluated in accordance with 52.211-9005.

(c) 'Alternate product.'

(1) The Offeror must indicate that an 'alternate product' is being offered if the Offeror is any one of the following:

(i) An Offeror who (A) manufactures the item for an approved source currently cited in the AID; and (B) does not have authorization from that approved source to manufacture the item, identify it as the approved source part number, and sell the item directly to the Government;

(ii) A dealer/distributor offering the product of a manufacturer that meets the description in subparagraph (i) above;

(iii) An Offeror of a previously reverse-engineered product that is not currently cited in the AID; or

(iv) Any other Offeror who does not meet the criteria in subparagraphs (b)(1), (d), or (e) of this provision.

(2) If an alternate product is offered, the Offeror shall furnish with its offer legible copies of all drawings specifications, or other data necessary to clearly describe the characteristics and features of the alternate product being offered. Data submitted shall cover design, materials, performance, function, interchangeability, inspection and/or testing criteria, and other characteristics of the offered product. If the offered product is to be manufactured in accordance with data the Offeror has obtained from elsewhere within the Government, the Offeror shall either furnish the detailed data specified in this paragraph, or supply a description of the data package in its possession; i.e., basic data document and revision, the date the data was obtained and from whom (Government agency/activity). If the Offeror does not furnish the detailed data with its offer, the Contracting Officer will be unable to begin evaluation of the offered product until such time as the detailed data can be obtained from the Government agency/activity possessing the data. If the alternate product is a previously reverse-engineered product, the Offeror shall provide: traceability documentation to establish that the offered item represents the item specified in the AID (i.e., invoice from an approved source or submission of samples having markings of an approved source); number of samples that were examined; the process/logic used; raw data (measurements, lab reports, test results) used to prepare drawings or specifications for the offered item; any additional evidence that indicates the reverse-engineered item will function properly in the end item; and any evidence that life cycle/reliability considerations have been analyzed.

(3) In addition, the Offeror may be required to furnish data describing the 'exact product' cited in the AID. The data required from the Offeror depends on the level of technical data describing the exact product, if any, available to the Government. The possible levels of technical data the Government may have and the corresponding data submission requirements for Offerors are identified in subparagraphs (a)-(d) below. For the item(s) being acquired under this solicitation, the level of data in the Government's possession and the corresponding requirements for data submission are identified in the AID; or, if not specified in the AID, are as follows: (Buyer insert (a), (b), (c), or (d) as applicable, if AID does not identify). (If the level of data in the Government's possession and Offeror

requirements for data submission are not identified in either the AID or in this subparagraph (c)(3), then subparagraph (a) below applies.)

(a) No data: This Agency has no data available for evaluating the acceptability of alternate products offered. In addition to the data required in subparagraph (c)(2) of this provision, the Offeror must furnish drawings and other data covering the design, materials, etc., of the exact product cited in the AID, sufficient to establish that the Offeror's product is equal to the product cited in the AID.

(b) Adequate proprietary (i.e., limited rights) data: This Agency possesses adequate drawings and/or specifications for the exact product as cited in the AID, but such data are proprietary (i.e., limited rights) and shall be used only for evaluation purposes. The Offeror must furnish the data required in subparagraph (c)(2) of this provision, but is not required to submit data on the exact product.

(c) Inadequate data: This Agency does not have adequate data available for evaluating the acceptability of alternate products offered. In addition to the data required in subparagraph (c)(2) of this provision, the Offeror must furnish drawings and other data covering the design, materials, etc., of the exact product cited in the AID, sufficient to establish that the Offeror's product is equal to the product cited in the AID.

(d) Adequate catalog data: This is a commercial off-the-shelf item. Adequate catalog data are available at the contracting office to evaluate alternate offers. In addition to the data required in subparagraph (c)(2) of this provision, the Offeror must furnish with its offer a commercially-acceptable cross reference list; or legible copies of all drawings, specifications or other data necessary to clearly describe the characteristics and features of the alternate product being offered, sufficient to establish that the Offeror's product is equal to the product cited in the AID. The Offeror is not required to submit data on the exact product.

(4) Except for indefinite delivery purchase orders (IDPOs), if this solicitation is automated (i.e., if the solicitation number begins with SPE; or begins with SP0 and contains 'T' or 'U' in the ninth position of the procurement instrument identification number (PIIN)), the Contracting Officer will not evaluate offers of alternate product (which includes offers of previously reverse-engineered product) for the current procurement. Instead, the Offeror shall submit a request to the location below for evaluation of the alternate product's technical acceptability for future procurements of the same item. The request for evaluation shall cite the National Stock Number (NSN) of the exact product and, as identified in this provision, include the applicable level of technical data on the alternate and exact products. All offers of alternate product will be handled in accordance with DLAD 17.7501(b)(4).

(d) 'Superceding part number.'

(1) The Offeror must indicate that a 'superceding part number' is being offered if the offered item otherwise qualifies as an 'exact product,' except that the part number cited in the AID has been superceded. The Offeror may be requested to furnish data, or provide confirmation through some other means, sufficient to establish that there are no changes in the configuration of the part. However, if such data are unavailable, the Offeror may be required to furnish technical data as required in paragraph (c) for 'alternate products.' (If such data indicate there have been changes in the configuration of the part, the offered item must be identified as an 'alternate product.')

(2) For solicitation numbers beginning with SPE, any data to be furnished with an offer of a 'superceding part number' should be mailed to the buyer at the procuring activity address on the solicitation. (Uploading the information with the quotation, or including it in the 'Remarks' section, will make the offer a 'bid with exception,' causing it not to be evaluated.)

(e) 'Previously-approved product.'

(1) If the product offered has previously been furnished to the Government or otherwise previously evaluated and approved, the Offeror shall indicate in the space provided below, or through an alternative means in an electronic quoting system, the contract and/or solicitation number under which the product was furnished or approved. CLIN NR (s) _____ have been previously furnished or evaluated and approved under contract/ solicitation number _____.)

(2) If the product was furnished or evaluated and approved by a contracting activity different from the one issuing this solicitation, Offerors are advised that the Contracting Officer may not have access to records of another activity or other information sufficient to reasonably determine the offered product's acceptability. Therefore, in order to ensure that adequate data is available for evaluation, Offerors may elect to furnish with their offer the information requested by subparagraph (b) or (c) of this provision, whichever is applicable for the offered product. Offerors are advised that if the additional data is not furnished, the Government may not be able to evaluate the offer. (For solicitation numbers beginning with SPE, the information should be mailed to the buyer at the procuring activity address on the solicitation. Uploading the information with the quotation, or including it in the 'Remarks' section, will make the offer a 'bid with exception,' causing it not to be evaluated.)

(f) For all types of offers ('exact product,' 'alternate product,' 'superceding part number,' or 'previously-approved product'), Offerors shall provide the Contractor and Government Entity (CAGE) Code of the manufacturer and the part number being offered for each item in the solicitation.

(g) Failure to furnish adequate data and/or information as prescribed in subparagraph (b), (c), (d) or (e) of this provision (when required for the current procurement) within 10 business days or less, or as otherwise required by the Contracting Officer or elsewhere in this solicitation, may preclude consideration of the offer. For automated procurements, it is the responsibility of the Offeror when offering a 'superceding part number' or a 'previously-approved part number' to ensure that supporting documentation arrives at the contracting activity within 2 business days after the data is requested, or the offer may not be considered. The Agency will make every effort to determine, prior to award, the acceptability of the products offered which meet the dollar savings threshold shown below, and/or which have a reasonable chance to receive an award based on price offered. Generally, the Agency will not evaluate alternate offers not meeting the dollar threshold. The savings potential is based on the cost of evaluation (\$200.00 if only a local technical evaluation is involved, plus an additional \$1,200.00 for each required Engineering Support Activity evaluation). If the Agency determines that an evaluation cannot be completed before the expected contract award date due to urgent requirements for the item,

alternate offers will not be considered for the current procurement. Instead, they will be evaluated for technical acceptability for future procurements of the same item, if adequate data is submitted and savings potentials are expected, as stipulated above. For alternate offers not evaluated, the Offeror's complete technical data package will be returned.

(h) If Offerors desire to restrict the Government's use of data submitted for evaluation, the data must bear the appropriate legends as prescribed by FAR 52.215-1(e). In the event an award is made to an Offeror submitting data without the appropriate legend, the Government will have unlimited rights to its use as defined in DFARS 252.227-7013.

(i) It is the Government that determines if the documentation or other evidence furnished by an Offeror is adequate to satisfy the requirements in this provision. If the Contracting Officer requests evidence from a Contractor who received an award resulting from this solicitation, and the Contracting Officer subsequently finds the evidence to be unacceptable, the award may be cancelled.

L58 52.217-9G04 FLIGHT SAFETY CRITICAL PART, CRITICAL APPLICATION, ITEM DOCUMENTATION REQUIREMENTS DSCR (SEP 2002)

(a) If an item other than that cited in the Procurement Identification Description (PID) is offered under provision 52.217-9002, (Sec L), of this solicitation, this provision specifies the Government's requirements for additional documentation needed to evaluate whether the offered item meets the requirements for the Critical Application Item (CAI) and/or Flight Safety Critical Application Part (FSCAP) identified in the PID. The guidance herein is also intended to assist offerors in determining what documentation is needed to insure an adequate and timely evaluation of the source manufacturing the item - namely, a source approval request (SAR). The offeror shall determine which category applies. The specified documentation for that category, as well as that specified for all categories at subparagraph (b), shall be submitted in support of the manufacturing process.

(1) CATEGORY I - Manufacturer of the same item for the Original Equipment Manufacturer (OEM) or for the Department of Defense (DoD).

(2) CATEGORY II - Manufacturer of a similar item for the OEM or DoD. (A similar item is defined as an item whose design, application, operating parameters, material, and manufacturing processes are similar to those of the item for which source approval is sought.)

(3) CATEGORY III - New manufacturer. The exact or similar item has not been previously provided to the OEM or DoD

(b) Requirements for all CATEGORIES in addition to the below checklist.

(1) Documentation shall be provided stating if the company seeking approval is a nonmanufacturing source or the actual manufacturer. If the company seeking approval is a nonmanufacturing source, the required information shall also be submitted on the manufacturer.

(2) Any SAR identified to Boeing Rights Guard must comply with the Boeing Rights Guard Agreement.

(c) The offeror shall check below the CATEGORY that applies and include this part of the provision, as well as the additional required documentation, in support of the source approval request.

L75BC 52.233-9001 DISPUTES: AGREEMENT TO USE ALTERNATIVE DISPUTE RESOLUTION DLAD (JUN 2001)

L59G 52.219-9001 SET-ASIDES OF ACQUISITIONS OF ITEMS LISTED IN THE SCHEDULE OF PRODUCTS MADE IN FEDERAL PENAL AND CORRECTIONAL INSTITUTIONS DLAD (JUN 2002)

For items listed on the Schedule of Products made in Federal Penal and Correctional Institutions, when a comparability determination leads to a competitive acquisition, set-asides may be used. However, notwithstanding the inclusion of any set-aside provision or clause in this solicitation, FPI shall also be permitted to compete for, and could receive award of, the acquisition.

(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor (see FAR 52.233-1), or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and with legal counsel (see DLA Directive 5145.1). Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.

(c) If you wish to opt out of this clause, check here (___). Alternate wording may be negotiated with the contracting officer.

L75 52.233-2 SERVICE OF PROTEST (AUG 1996)

(a) Protests, as defined in Section 33.101 of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the General Accounting Office (GAO), shall be served on the --

L80 52.247-45 F.O.B. ORIGIN AND/OR F.O.B DESTINATION EVALUATION (APR 1984)

L82 52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

L75B 52.233-9000 AGENCY PROTESTS DLAD (SEP 1999)

Companies protesting this procurement may file a protest

1. with the contracting officer,
2. with the General Accounting Office, or
3. pursuant to Executive Order No. 12979, with the Agency for a decision by the Activity's Chief of the Contracting Office.

Protests filed with the agency should clearly state that they are an 'Agency Level Protests filed under Executive Order No. 12979.' (Note: DLA procedures for Agency Level Protests filed under Executive Order No. 12979 allow for a higher level decision on the initial protest than would occur with a protest to the contracting officer; this process is not an appellate review of a contracting officer's decision on a protest previously filed with the contracting officer). Absent a clear indication of the intent to file an agency level protest, protests will be presumed to be protests to the contracting officer.

DSCR NOTE:

Executive Order 12979 encourages the use of Alternative Dispute Resolution in resolving Agency-level protests. Therefore, DSCR has in place a process to mediate Agency-level protests filed pursuant to Executive Order 12979. Mediation is a voluntary process where the parties meet with a third party neutral (the mediator) to discuss their positions and open a dialogue. The mediator does not make any decisions on the dispute, but rather helps the parties explore their concerns and possible avenues for solutions. Any mediation will occur at DSCR. A trained DSCR mediator who has not had previous personal involvement in the procurement will conduct the mediation. If resolution of the protest is not reached through the mediation process, the protest will be forwarded to the Chief of the Contracting Office for a written decision on the record. If an offeror wishes to file an Agency-level protest, but does not wish to engage in a mediation, the Agency-level protest should state that the protesting party does not wish to participate in a mediation and would like a decision on the written record.

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. L83 52.252-5 AUTHORIZED DEVIATIONS IN PROVISIONS (APR 1984)

contracts).

(iv) This change also means that your ABVS score in BSM will be your DLA score only; the FSC score will not be visible. This initial release will provide an opportunity for DLA, our customers, and our suppliers to use the new technology and processes to improve our supply chain effectiveness. Further information is found at the BSM Vendor Information Center at <http://131.70.202.70/j%2D6/bsm/test/vic.htm>.

(4) DSCR will make negative quality and delivery data reflected in the ABVS score available to offerors by the 15th day of the month via the ABVS Website. The offeror's negative performance data will be posted before it is reflected in the ABVS score (Preview Period), to give offerors an opportunity to review and verify data. An offeror must challenge any negative data within the Preview Period to assure corrections are posted before calculation of the score. Offerors must submit challenges and substantiating evidence (e.g. invoices, DD Form 250s, modifications) to the ABVS Administrator. The 'Center' field will identify the appropriate focal point. For those identified as 'DSCR,' send challenges to:

Defense Supply Center Richmond
Attn: DSCR-OZP (ABVS)
8000 Jefferson-Davis Highway
Richmond, VA 23297-5516

Telephone (804) 279-6881
FAX (804) 279-5042

(5) Though offerors may challenge negative data at any time, it is to the offeror's advantage to challenge negative data during the Preview Period before it has an opportunity to be reflected in the ABVS score. Accordingly, an offeror should review performance data on a monthly basis at a minimum. When a challenge is received, the ABVS score will be flagged. The flag will remain until the challenge is resolved. If an offer under evaluation involves a challenged score, then the Contracting Officer will consider the nature of the challenged data and its relevance to the acquisition as part of the award decision. The ABVS Administrator will adjust the ABVS score if the Administrator upholds an offeror's challenge. Scores created in the update cycle immediately following the determination will reflect the adjustment.

(6) When there is a discrepancy between the offeror's challenged data and the Government's data, it becomes disputed data. The Government will make every effort to resolve the discrepancy expeditiously. However, the Government is the final authority for resolution of disputed data and its use in the source selection process, and may make an award decision despite the existence of an unresolved challenge.

(b) Using the ABVS score for evaluation.

(1) The contracting officer will first evaluate offers using the FSC score for the solicited FSC in effect at the time offers are evaluated. The contracting officer will use an offeror's DLA score to evaluate an offeror without an FSC score for that particular FSC. The contracting officer may consider the volume of business on which the FSC score is based as a measure of confidence in the score's indication of performance risk. The contracting officer may choose to use the DLA score if he or she lacks confidence in the FSC score. The contracting officer also may use the DLA score if the FSC scores among offerors are relatively equal. An offeror with no performance history will not be evaluated favorably or unfavorably and will be assigned a '999.9' in the ABVS. A '999.9' is used to designate those instances wherein the offeror has no past performance history, has no history for the particular FSC or has no history for the timeframe being rated.

(2) Contractor caused discrepancies or delinquencies will be reflected in the ABVS as an indicator of past performance. Repair, replacement or reimbursement of quality and packaging defects will not provide relief of negative ABVS data. Contractor caused delivery extensions, regardless of consideration paid, will be reflected in the delivery score.

M3 52.209-9G05 EVALUATION-FIRST ARTICLE APPROVAL
DSCR (JAN 1996)

(a) Estimated costs of Government testing will be a factor in evaluation of offers to the extent that such costs are shown below:

M8 52.214-9002 TRADE DISCOUNTS DLAD (JUN 1983)

M10F 52.215-9G05 AUTOMATED BEST VALUE SYSTEM
DSCR (JUL 2002)

(a) The Automated Best Value System (ABVS) Score as an Element of Past Performance Evaluation.

(1) ABVS scores do not determine eligibility for award or technical acceptability. The Government shall use ABVS scores to compare past performance among offerors, not to make determinations of responsibility.

(2) To evaluate each offeror's past performance, DLA will assign an ABVS score to each offeror based on the offeror's past performance. ABVS scores for performance in each Federal Supply Class (FSC score) will be based on DLA consolidated performance history. An offeror may have multiple FSC scores but will have only one DLA score, which is a compilation of the offeror's FSC scores for all business conducted with DLA. These scores will be calculated monthly and remain in effect for a month. The ABVS score is a combination of an offeror's delivery and quality scores. The quality score reflects validated contractor caused product and packaging nonconformances during the rating period. For administrative purposes, the rating period excludes the most recent 30 days. The delivery score reflects all lines shown as delinquent during the rating period. For administrative purposes, the rating period excludes the most recent 60 days. For ABVS purposes, delinquent lines represent shipments not shipped and/or received in their entirety by the contract delivery date. The 30 and 60 day offset periods are NOT grace periods.

(3) Business Systems Modernization.

(i) The Defense Logistics Agency is developing and installing a new suite of commercial business software we call Business Systems Modernization (BSM). BSM will replace the old material management systems with the best of today's business applications. The first phase of BSM that will affect both DLA and our business partners is called the Concept Demonstration. This Concept Demonstration will use actual BSM software, real time data and actual transactions such as solicitations and awards. But because of the new software being tested, certain processes will change during the test and one of the most important is the change in ABVS. The collection of past performance information for certain NSNs in ABVS has been changed by the new software and will be affected by this Concept Demonstration beginning in August 2002.

(ii) Beginning in August 2002, ABVS will not collect performance information on NSNs that are included in this BSM test. The performance data for quality and delivery performance from new contract awards for these NSNs will not be used in the calculation of FSC scores. The contract line items will also not be included in the total number of contract line items on which the FSC score is based. Subsequently, the DLA score, which is a compilation of the FSC scores, will not include performance data from new awards on these NSNs. For NSNs, which are not in the BSM test, ABVS will continue to work as it does today.

(iii) In order to determine if a NSN or FSC is included in this BSM test, go to the BSM Supplier Information Resource Center, <http://www.dla.mil/j-6/bsm/SIRC/SIRC.htm>. Awards not included in the ABVS performance data will be identified by contract numbers beginning with SPMXXX or SPEXXX in lieu of SPOXXX (this does not apply to orders issued against non-DLA Basic Ordering Agreements or

proposals and, if necessary, conduct discussions with all responsible offerors within the competitive range. The award will be made to the offeror whose proposal conforms to the terms and conditions of the solicitation and represents the best value to the Government. Therefore, award may be made to other than the lowest priced or the highest technically rated offer.

(b) **RELATIVE IMPORTANCE AND TRADE-OFFS.** The Government will base the determination of best value on a comparative assessment of the offerors' prices, past performance, and the other evaluation factors identified elsewhere in this solicitation. The determination of best value also considers the relative importance of the evaluation factors. All evaluation factors, when combined, are:

- significantly more important than cost or price. As other evaluation factors become more equal, the evaluated cost or price becomes more important.
- approximately equal to cost or price; or
- significantly less important than cost or price. As the evaluated cost/price becomes more equal, relative importance of all other evaluation factors becomes more significant.

The final award decision may involve a trade-off among cost or price and the non-price factors. Factors that may be considered in the trade-off process include, but are not limited to:

Item criticality and weapons system application
Delivery schedule and current inventory status
Historical delivery or quality problems
Concerns over limited supply sources and industrial base
Benefits from obtaining new sources

(c) **COST OR PRICE.** The Government will evaluate the offered cost or price for cost realism, as defined in FAR 15.401, and reasonableness. The Government will add any other cost or price evaluation factors identified elsewhere in this solicitation (e.g. Buy American Act or FOB Origin transportation costs) to arrive at the offeror's evaluated cost or price. The evaluated cost or price will be used in conjunction with the other non-price factors to determine the best value to the Government.

(d) **PAST PERFORMANCE EVALUATION FACTORS.** The Government will use the past performance evaluation factors marked below in addition to cost or price and other evaluation factors specified in the solicitation. Unless indicated otherwise, past performance is significantly more important than other non-price factors. Within the past performance subfactors, ABVS scores will be weighed most heavily because of their relevance to DSCR awards. Quality history and delivery schedule compliance will be weighed more heavily than the remaining past performance subfactors. All other non-price evaluation factors specified in this solicitation weigh equally, unless otherwise indicated.

- ABVS Score (52.215-9G05)
- Quality History
- Delivery Schedule Compliance
- Javits-Wagner-O'Day (JWOD) (52.215-9005)
- Mentoring Business Agreements (MBA)
(52.219-9003)
- Socioeconomic Support (52.215-9003)
- Other (specify):

(e) **PAST PERFORMANCE.** Past performance includes, but is not limited to, the offeror's record of conforming to contract requirements and standards of good workmanship; adherence to contract schedules, including the administrative aspects of performance; the offeror's reputation for reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the offeror's business-like concern for the customer's interest.

(i) Offerors may submit with their offer information on past and current Federal (non-DSCR), State and local government and private sector contracts performed by the offeror at the proposed performance location within the last three years that are similar in nature to this acquisition. Offerors electing to submit this data must furnish at least the following information: name and address of the contracting entity; the contract number; award and completion dates; the dollar value; the contract type; the items or services provided; two references, with title and phone number; and any problems encountered and the corrective action taken by the offeror.

(ii) By submitting past performance information, the offeror agrees to permit the Government's representatives to contact the listed references and inquire of the offeror's performance. If more than three contracts are identified, the Government reserves the right to randomly select and limit its review to three contracts. In addition to the information provided, the Government may consider information obtained from other sources when evaluating the offeror's past performance. Offerors will be given the opportunity to discuss negative past performance information obtained from references if the offeror has not had a previous opportunity to comment on that information.

(iii) In addition to the information above, DSCR will use the Automated Best Value System (ABVS) to evaluate quality and past performance on DLA awards (see 52.215-9G05).

(iv) Offerors with no past performance history (whether internal or external to the Federal government) will not be evaluated favorably or unfavorably.

M12 52.216-9G09 EVALUATION - INDEFINITE QUANTITY CONTRACT DSCR (NOV 1996)

Offers will be evaluated on the basis of the estimated annual quantity. If quantity breaks are offered with various prices, the highest price offered will be used for evaluation.

If line items for both stock and DVD are included in the schedule offers will be evaluated based on the total extended price for the stock and DVD line items.

M15 52.217-5 EVALUATION OF OPTIONS (JUL 1990)

M18 52.217-9G11 EVALUATION OF OPTION TO EXTEND THE TERM OF THE CONTRACT - SUPPLIES DSCR (JAN 1996)

The evaluation of options to extend the term of the contract as required by either FAR Clause 52.217-5 (Section M) or 52.212-2 will be based on the highest possible option price offered for each option as specified in DSCR Clause 52.217-9G08 (Section I).

M19CA 52.217-9G27 SURGE & SUSTAINMENT EVALUATION - MINIMUM REQUIREMENT DSCR (JUNE 2001)

(a) Evaluation. The surge & sustainment (S&S) requirement identified in the schedule represents a minimum requirement for award; therefore, offerors that fail to offer for the S&S requirement or submit proposals that are deficient may be rejected. The S&S capability assessment specified in 52.217-9G26 will be evaluated to determine the offeror's ability to meet the increased quantity/accelerated delivery requirements identified in the schedule for S&S.

(b) Acceptable Standard. Acceptable proposals must:

- (1) describe a methodology which enables visibility of supplier base resources on a continuing basis;
- (2) identify supplier base inventories, production capability, on-demand manufacturing and advanced technology capabilities, or any other means of support available to meet S&S requirements and, based on this identification, provide a description of S&S strategies for all items;
- (3) identify problem items for which S&S cannot be easily met, propose solutions for these items, and identify any significant investments (dollars or otherwise) needed to implement these solutions;

(4) describe access to, and plans for, coordinating distribution and transportation services for meeting S&S requirements; and

(5) provide information regarding agreements with subcontractors, suppliers and service providers, if applicable, that reflect access to S&S resources;

(6) identify any significant investment (dollars or otherwise) under (3) or other subparagraphs above, needed to develop S&S capability, with the following information:

(i) An explanation of why the investment is needed.

(ii) A description of what items or materials will need to be purchased with the investment.

(iii) Provide a justification/basis for the investment cost.

(iv) Identify the S&S capability to be gained from the investment.

(v) For investments to effect S&S strategies, an analysis of what strategies were considered and why the proposed strategies are the most cost effective.

(c) Acceptable Standard Commercial. The following standard shall apply in lieu of paragraph (b) for commercial items that are readily available and accessible in sufficient quantities to meet the S&S requirements. Adequate proposals shall:

(1) provide information to support the rationale for concluding that the S&S items are readily available;

(2) describe how access to these resources will provide the ability to meet S&S requirements; and

(3) identify a plan for coordinating distribution and transportation services for meeting S&S requirements

(d) Deficient Proposals. Proposal revisions to correct deficiencies in S&S capability may be addressed during negotiations with offerors determined within the competitive range.

(e) Price. Price(s) associated with S&S items will be evaluated for reasonableness and realism in accordance with proposal analysis techniques specified in FAR 15.404. The total evaluated price associated with a proposal will include S&S prices/costs only to the extent such prices/costs represent:

(1) the dollar amount that must be obligated or reserved at time of award to implement and or maintain the S&S capability and

(2) the dollar amount associated with a confirmed requirement to support an actual contingency.

(f) Materially Unbalanced Offers. The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract lines is significantly overstated or understated as indicated by application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that lack of balance poses an unacceptable risk to the Government.
