PREVIOUS EDITION NOT USABLE

STANDARD FORM 33 (REV. 9-97)
Prescribed by GSA
FAR (48 CFR) 53.214.c

This solicitation proposes to provide support for 69 NSNs. The 69 NSNs incorporate various wheels abrasive spare parts identified in the 5940, 5975, 6110 and 6115 Federal Supply Classes (FSCs). The NSNs will be evaluated on an NSN-by-NSN basis and awarded to the apparently successful offeror based on a best value determination. The contractor may offer on as many NSNs or as few NSNs that the contractor has the capability to perform on, as DSCR anticipates making split awards. The contract(s) awarded will be Indefinite Delivery Indefinite Quantity type contract(s). The solicitation contains a two-year base period with three one-year option periods.

For clarification purposes: When the term "base year" is cited throughout this solicitation it is to be interpreted as "base period" which consists of 2 years. The resulting contract will have a 2-year base period with three one-year options. The prices for the first two years of the base period will be firm fixed prices. Prices for the three one-year option periods will be priced individually with prices being fixed for the one-year period.

For the purposes of FAR clause 52.216-19, the annual demand quantity (ADQ) is defined as the four-quarter demand quantity. The minimum order quantity (MOQ) and maximum order quantity are defined as 10% and 150% of the value of the ADQ, respectively.

The guaranteed minimum pursuant to FAR Clause 52.216-22 "Indefinite Quantity" (I71) will be established in dollars in lieu of quantities for individual NSNs. The minimum guaranteed dollar value for this solicitation/award is established as 10% of the estimated aggregate value of the ADQ during the base period only. The minimum contract dollar value does not guarantee delivery orders for any particular item or group of items. The Government does not guarantee a minimum contract value for any subsequent option periods. The maximum order quantity for NSNs included in this solicitation/award is 150% of the estimated aggregate value of the ADQ. The contractor shall not be required to make deliveries under this contract after 136 days from the contract expiration date.

Delivery Schedules and Locations:

The contractor shall function as a source of supply for the NSNs on the contract to consistently deliver parts to two (2) DLA Depots. The DLA Depots are located in Tracy, California (AQ5) and New Cumberland, Pennsylvania (SNG). Delivery Orders to be shipped to Tracy, CA will be identified by Contract line item numbers (CLIN) with AA as the suffix. Delivery orders to be shipped to New Cumberland, PA will be identified by Contract line item numbers (CLIN) with AB as the suffix. The contractor shall deliver to the DLA Distribution depot as designated in each individual delivery order. The contractor shall ship ordered items on or before the required contract delivery date specified in each individual delivery order. The required delivery schedule for each NSN is indicated in Attachment 1.

Delivery shall be on a FOB Destination basis. The Contractor shall consolidate shipments from the same source to the same destination whenever possible.

Delivery Order Transmission:

Delivery Orders may be issued to the contractor through the Paperless Ordering Placement System (POPS) for orders issued up to \$99,999.99. The contractor shall interface with DoD Information Systems in an Electronic Commerce/ Electronic Data Interchange (EC/EDI) environment as specified in the section entitled "System Interface and Integration" below. Manual delivery orders may be issued for orders with dollar values greater than \$99,999.99 and on an exception basis. The contractor's inability to interface with DoD Information Systems in an Electronic Commerce/ Electronic Data Interchange (EC/EDI) is not a disqualifier for award.

System Interface and Integration: In accordance with DSCAP Clause 52.211-9G33-POPS- Computer Compatibility, the contractor shall establish interface capability with DLA's Standard Automated Material Management System (SAMMS) and Defense Automated Addressing System (DAAS). These interfaces will be for purposes of sending and receiving EC/EDI transmissions, electronic invoices and/or receipt transactions processing, and establishing two-way communication for logistics and management information. The Contractor shall ensure adequate systems interfaces are used to integrate commercial systems with Government systems for the entire logistics trail.

NOTE: This solicitation includes the attachments listed below which should be downloaded from the following DSCR website: <http://www.dscr.dla.mil/kd>.

Pricing:

The Contractor is to provide pricing for the base period and option periods. Attachment 1 identifies the NSNs, and estimated demands for the base period and option periods. The Contractor is required to provide pricing on this spreadsheet. The Contractor is also encouraged to utilize the electronic (Excel Spreadsheet) version of Attachment 1, for use in the electronic submittal of pricing and for Government ease in the evaluation process. Offered prices will be evaluated based on estimated annual demand quantity (ADQ) [see DSCAP Clause M12, 52.216-9G09]. The quantity estimates provided are based on the best projections available at the time of this solicitation and are subject to change. Some of the NSNs may have an ADQ of zero; however, these NSNs may not necessarily have zero demands. They may, in fact, be items recently assigned to DSCR, or items for which historical data is otherwise incomplete or unavailable, or items for which the Government has no recurring demands and therefore, cannot forecast any realistic estimates. Offerors are encouraged to submit offers consistent with quantities reflected in their own historical data where available.

** Vendors are encouraged to submit pricing in an electronic format (spreadsheet) either through e-mail or on a disk to help expedite the evaluation process.

Surge and Sustainment Requirement: Notice to Offerors: The 6000 Series CLINs identify the surge quantity that may be ordered by the Government in a military contingency. The Government is not obligated to order any of the surge quantities and the contractor should not ship such quantities without receipt of an order clearly designated for surge quantities. The surge quantity requirements are identified at Attachment #2. Surge and Sustainment requirements are outlined in clauses 52.217-9G25 and 252.217-9006 in Section I, and in 52.217-9G27 in Section M.

Surplus Offers: Surplus offers will not be considered for award as it is unlikely that offerors will be capable of providing surplus material for the life of the contract.

Packaging Requirements: Packaging Requirements: Attachment 4 includes procurement identification descriptions (PID) obtained from the Contract Technical Data File (CTDF). Refer to individual PIDs for specific packaging requirements.

Quality: The contractor shall establish, implement, document and maintain a quality system that ensures conformance to all contractual requirements and meets the requirements of ISO 9001:2000. However, the contractor may propose an equivalent quality system model. If the contractor chooses to propose an equivalent quality system, FAR Clause 52.246-11 (E5), Higher Level Quality Requirements must be completed.

See the quality data (Attachment 3) for inspection requirements of individual NSNs. Full texts of Quality Assurance Provisions (QAPs) are available on the DSCR Master Solicitation, Section 2, at <http://www.dscr.dla.mil/qap/qaps.htm>.

Access to Technical Data Packages: Items shall be manufactured in accordance with Government technical data packages, drawings and specifications. The contractor may obtain technical data packages using a combination of the following websites:

<http://www.dscr.dla.mil/tdmd>. Contractors must have a membership number to access technical data. Contractors must follow the instructions provided on this website to obtain a membership number and technical data.

Military Specifications (MIL-SPEC) and Federal Specifications (FED-SPEC) can be downloaded from the following websites: <http://assist.daps.mil> and/or <http://dodssp.daps.mil>.

<http://www.dscr.dla.mil/kd>. Contractors can download the solicitation, related attachments and technical data packages (when available).

The Contractor is responsible for notifying the Government if the drawings or technical data is different from the information cited in the PID.

Evaluation Criterion: Price and Technical

Price: Each individual NSN will be evaluated by multiplying the contractor's proposed unit price (s) for each stock location by 50% of the estimated ADQ to arrive at the total estimated price for each NSN. In those cases where the ADQ is zero, the Government will multiply proposed price(s) by 1 for each stock location to represent the evaluation value.

The guaranteed minimum contract values will be determined in accordance with the following formula:

10% of the aggregated extended dollar value of the estimated annual demand quantity (ADQ) for the NSNs on contract, computed as follows:

$$0.1 \times ([\text{NSN1 price} \times \text{ADQ}] + [\text{NSN2 price} \times \text{ADQ}] + [\text{NSN3 etc.}])$$

The maximum contract values will be determined in accordance with the following formula:

150% of the aggregated extended dollar value of the estimated annual demand quantity (ADQ) for the NSNs on contract, computed as follows:

$$1.5 \times ([\text{NSN1 price} \times \text{ADQ}] + [\text{NSN2 price} \times \text{ADQ}] + [\text{NSN3 etc.}])$$

Technical:

The technical area will be evaluated on a pass-fail basis. The Government will consider compliance with the delivery schedule (see Section B, Attachment 1). The delivery schedules referenced in Attachment 1 are requested delivery schedules. If an alternate, longer schedule is proposed, it will be compared to the requested delivery schedule, historical delivery schedules, and other offers received to determine whether the requested delivery schedule is realistic. If it is determined that the requested delivery schedule is unrealistic, the Government will make a best value/business decision.

The Surge and Sustainment Plan (See Clause M19CA 52.217-9G27, Surge & Sustainment Evaluation - Minimum Requirement, DSCR (JUNE 2001)). Offers not having inadequate Surge Plans as required in this solicitation package may not be considered for award.

FAR Clause 52.213-9001 "Evaluation Factor For Source Inspection DLAD (May 1999)" only applies when two or more offers are received for an item with inspection and acceptance at destination and one or more contractor(s) offered price(s) are based on inspection and acceptance origin.

NOTES TO CONTRACTOR:

NSN 3460-00-540-1824 has First Article Testing (FAT) Requirements. FAR Clause 52.209-3 (I29) and DSCR Clauses 52.209-9G03 (L6) and 52.209-9G05 (M3) applies to NSN 3460-00-540-1824 only.

This solicitation includes the attachments listed below which should be downloaded from the following DSCR website: <http://www.dscr.dla.mil/kd>.

Per FAR 52.102, the majority of clauses, provisions, notices are included by reference (number, title, and date). For fill-ins providing or collecting data, this document will include only the paragraph(s) relating to the fill-in data. DSCR notes appended to FAR/DFARS clauses/provisions are full text. Quality Assurance Provisions (QAPs), Contract Data Requirements Lists (CDRLS), drawings relating to Special Packaging Instructions (SPIs), and Individual Repair Parts Ordering Data (IRPODs) are included by reference. FAR Clause 52.252-2 (Sec I) and FAR Provision 52.252-1 (Sec L) provide on-line sites for accessing the full text of these documents and DSCR Form P41 shipping instructions.

B21B 11-9 POPS - PRODUCT INFORMATION DSCR (JAN 1996)

Offerors are required to provide the following information regarding the items offered:

MANUFACTURER'S NAME

PART NUMBER/CATALOG NUMBER

Offerors shall write/type this information on the schedule of items below each item description unless such information has already been identified in the item description.

In addition to the above, Offerors may be required to submit to DSCR, by NSN, the quantity of items as packaged and the weight and cube (or dimensions) of the package when such information is requested by the Contracting Officer.

B24A 14-1 FACSIMILE BIDS/PROPOSALS DSCR (MAR 1999)

(a) Facsimile bids/proposals, amendments (including final proposal revisions (FPRs)), and withdrawals will not be considered unless authorized in the solicitation by either Provision 52.214-31, Facsimile

Bids, or 52.215-5, Facsimile Proposals (Sec L). IF NEITHER PROVISION IS IN THE SOLICITATION, FACSIMILE TRANSMITTED DATA AS DESCRIBED ABOVE SHALL BE REJECTED.

- (b) In solicitations that do contain either Provision 52.214-31 or 52.215-5, bidders/offerors are notified that for bid/proposal security reasons the FACSIMILE EQUIPMENT AS IDENTIFIED IN THE PROVISION IS NOT LOCATED AT THE PLACE DESIGNATED FOR RECEIPT OF BIDS/OFFERS. REGULAR INTEROFFICE MAIL PICK-UP OF FACSIMILE TRANSMISSIONS OCCURS AT 10:30 A.M. AND 1:30 P.M. DAILY.
- (1) Bids, bid amendments, and bid withdrawals received by the facsimile equipment prior to 10:30 a.m. on the day of bid opening will be presumed to have been received on time.
 - (2) Proposals, amendments to proposals, withdrawals of proposals, and FPRs received by facsimile equipment prior to 1:30 p.m. on the day of closing will be presumed to have been received on time.

B33 17-5 MANDATORY OPTION REQUIREMENT DSCR (MAR 1999)

The option clause in Section I of this solicitation is MANDATORY. FAILURE TO PROVIDE this pricing information may result in rejection of your offer. If Schedule prices are requested on both an origin and destination basis and/or on incremental quantities, option prices must be offered in the same manner.

B33C 17-13 POPS-GENERAL SOLICITATION NOTICE DSCR (OCT 2001)

This solicitation will result in an Indefinite Delivery Contract with Electronic Commerce (EC) application. (See Section C, DSCR Clause 52.211-9G33.) All deliveries will be Continental United States. All quantities are estimated quantities. Delivery orders may be placed during the ordering period identified in FAR Clause 52.216-18, Section I. The solicitation contains provisions for 8 option years. (See Section I, DSCR Clause 52.217-9G13). Orders under \$99,999.99 will be issued under the computer ordering procedure. All electronic orders are transmitted in numerical sequence. If any are out of sequence, please notify the contract administrator to have missing orders re-transmitted. Orders of \$100,000.00 or over will (unless stated otherwise) be processed and issued manually and will be submitted to the contractor's ordering office. Delivery order numbers for manual orders will commence with 001Z. If you receive duplicate orders (two with the same call order number), PLEASE DO NOT SHIP THE DUPLICATE. Contact the contract administrator to notify him/her of the duplicate orders. Unless stated otherwise, packaging shall be in accordance with ASTM D3951 for direct vendor deliveries and MIL-STD-2073 for stock shipments. DSCR will be the administering office.

B68 47-3A DSCR FORM P-41 FREIGHT SHIPPING INFORMATION (OCT 1999)

Freight shipping addresses and scheduling instructions, if applicable, are available in Section 3 of the DSCR Master Solicitation <http://www.dscr.dla.mil/procurement/mastersol.htm>.

SURGE & SUSTAINMENT REQUIREMENT

Attachment 3 lists the items that require Surge & Sustainment Coverage in accordance with clause I92L of this solicitation, FAR 52.217-9G25, Surge & Sustainment Requirement DSCR (June 2001). The contractor is required to maintain the capability to produce and deliver the quantity of supplies identified in the schedule as the Surge & Sustainment requirement throughout the life of the contract.

SECTION C - DESCRIPTION/SPECIFICATION

C3 52.211-9G33 POPS - COMPUTER COMPATIBILITY DSCR (MAR 2001)

(a) In support of the Paperless Ordering Placement System (POPS), the awardee will be required to have a compatible computer system capable of accepting our offers and processing Electronic Data Interchange (EDI) transactions. The American National Standards Institute's (ANSI) X12 Standard will be utilized for formatting the EDI transactions. The EDI system must be available for on line processing not later than 30 days after date of award.

(b) The computer system must also be Year 2000 (Y2K) Compliant. Year 2000 compliant, used with respect to technology, means that the information technology accurately processes date/time data (including, but not limited to, calculating, comparing, and sequencing) from, into, and between the twentieth and twenty-first centuries, and the years 1999 and 2000 and leap year calculations, to the extent that other information technology, used in combination with the information technology being acquired, properly exchanges date/time data with it.

(c) The following ANSI X12 transaction sets are currently sent, received, and processed by the Defense Supply Center Richmond:

850 Purchase/Delivery Order Transaction Set
856 Ship Notice/Manifest Transaction Set

(d) Awardee must be capable of sending, receiving, and processing the above ANSI X12 transaction sets and have an electronic mailbox on a DAASC certified Value Added Network (VAN). For 856 Ship Notice/Manifest Transaction Sets, the awardee will have the option of using the Web-856 application, if it becomes available.

(e) Information regarding EDI, ANSI X12 transactions, and DAASC approved VANs can be obtained from the DAAS web site by going to www.daas.dla.mil, then select SYSTEMS & SERVICES, next select EC/EDI, and lastly select DAASC's VAN LIST.

(f) Specifics of the POPS System can be obtained from:

Defense Supply Center, Richmond
Directorate of Planning and Resource Management
Systems and Procedures Division

ATTN: DSCR-RZP, Chawn Harris,
8000 Jefferson Davis Highway,

SECTION D - PACKAGING AND MARKING

**D04 52.211-9010 MILITARY SHIPPING LABEL (MSL) DLAD (FEB 2004)
REQUIREMENT - MIL-STD-129P**

(a) MIL-STD-129, Revision P, dated December 15, 2002, establishes the requirement for Contractors that ship packaged materiel to the Government to provide both linear and two-dimensional (2-D) bar coding on military shipping labels (MSLs) (but see exceptions in paragraph (d)). The new requirements apply to all shipments, which includes either depot (DLA-Direct) or DVD (Customer-Direct) shipments. Linear (Code 3 of 9 or Code 39) bar codes continue to be required on interior packages (unit and intermediate packages) for the National Stock Number (NSN) and, when applicable, the serial number; and on shipping containers and palletized unit loads for the NSN, Contractor and Government Entity (CAGE) Code, contract number and, when applicable, the serial number. The new requirements do not apply to delivery orders when the basic contract has not been modified to require MIL-STD-129P.

(b) The new MSL replaces former DD Form 1387 and is illustrated in Figures 2a and 2b of MIL-STD-129P. The MSL requires Code 3 of 9 or Code 39 linear bar codes for the Transportation Control Number (TCN), piece number and DoDAAC for the ultimate consignee or mark-for address. The 2-D bar code on the MSL must contain the document (requisition) number, NSN, Routing Identifier Code (RIC), Unit of Issue, Quantity, Condition Code, and Unit Price, which are ordinarily included on the DD Form 250 or the DD Form 1348-1A. MIL-STD-129P provides numerous illustrations of what must be bar-coded and the recommended placement of the bar code. When the contract omits any data element required to be bar-coded, the field should be zero-filled.

(c) MIL-STD-129P, sources for conforming labels, and related information are available on the DLA Packaging Web Site at URL:<http://www.dscc.dla.mil/offices/packaging/specstdslist.html#STDs>.

(d) This clause does not apply to -

(1) Subsistence items procured through full-line food distributors (prime vendors), "market ready" type items such as fresh milk, ice cream, and other fresh dairy products, fresh bread and other fresh bakery products, and all fresh fruits and vegetables, shipped within the Continental United States (CONUS) to customers within CONUS;

(2) Any item for which ownership remains with the vendor until the item is placed in designated locations at the customer location prior to issuance to the customer. Government control begins upon placement of the item by the vendor into the designated location or issuance from the designated location by vendor personnel (i.e., the vendor is required to stock bins at the customer location and/or issue parts from a vendor controlled parts room); or

(3) Bulk purchases of petroleum, oil and lubricant products delivered by (1) pipeline; or (2) tank car, tanker and tank trailer for which the container has (i) a capacity greater than 450 L (119 gallons) as a receptacle for a liquid; (ii) a maximum net mass greater than 400 kg (882 pounds) and a capacity greater than 450 L (119 gallons) as a receptacle for a solid; or (iii) a water capacity greater than 454 kg (1000 pounds) as a receptacle for a gas.

NOTES: In bar code element 1 above, the Document Number consists of a 14-character (15 characters when a suffix is included) alphanumeric code. It may be listed on a contract/award as the Requisition Number, Transportation Control Number (TCN), etc.

In bar code element 2 above, the NSN will appear as a 13-digit code without the dashes.

In bar code element 3 above:

The RIC for each procuring activity is as follows:

S9C - Defense Supply Center Columbus - Construction
S9E - Defense Supply Center Columbus - Electronics
S9G - Defense Supply Center Richmond
S9I - Defense Supply Center Philadelphia - General and Industrial
S9T - Defense Supply Center Philadelphia - Clothing and Textiles
S9M - Defense Supply Center Philadelphia - Medical Materiel
S9P - Defense Supply Center Philadelphia - Perishable Subsistence
S9S - Defense Supply Center Philadelphia - Semi-perishable Subsistence

The appropriate unit of issue (U/I) will appear as a two digit alpha character.

The quantity will appear as a five-position number, including zero fillers on the left.

The above will be followed by an "A" and eight zeros, (i.e. "A00000000")

NO SPACES SHALL SEPARATE THE INDIVIDUAL DATA ELEMENTS WITHIN EACH LINE.

D4K 52.211-9G73 PACKAGING AND MARKING REQUIREMENTS DSCR (JUL 2002)

(a) Unless stated otherwise, commercial packaging in accordance with ASTM-D-3951 is required for CONUS shipments from the contractor directly to the customer. Commercial packaging and marking is not sufficient for vendor shipments requiring movement through the Defense Transportation System (also referred to as the Military Distribution System or DLA Depot) as the shipment could ultimately be moved via Military Air.

(b) Higher level packaging in accordance with MIL-STD-2073 is mandatory for all shipments that meet the below criteria:

Movement through the Defense Transportation System including shipments to a Military Distribution facility or depot.

OCONUS shipments

FMS shipments

Hazardous material, as cited in the AID or in the Quality Requirements Matrix.

(c) Materials not considered as HAZMAT for CONUS or OCONUS commercial air shipments may be considered HAZMAT for MILAIR shipments OCONUS. As such, contractors/shippers shall ensure that material meeting HAZMAT definitions in DLAI 4145.3, Preparing Hazardous Materials for Military Air Shipment, is packaged in accordance with that instruction when the consignee is OCONUS and the shipment will be moved through the Defense Transportation System. DLAI 4145.3 is available on the internet at: www.dsccl.dla.mil/downloads/packaging/dlai4145_3.pdf.

(d) All items shall be marked in accordance with MIL-STD-129. Hazardous items and shelf life items, as cited in the AID or in the Quality Requirements Matrix, shall be marked in accordance with MIL-STD-129 and the appropriate clauses cited in the appendix to the matrix and the contract. The contractor is required to package material in accordance with Quantity Unit Pack (QUP), specified in MIL-STD-2073 and the Unit of Issue (UI), specified in each delivery order. A packing slip shall be located in a plastic pouch on the outside of the package. For HAZMAT destined OCONUS, a hard copy of the Material Safety Data Sheet (MSDS) must also be included.

(e) In the event of deployments, this clause may be invoked when shipments originally destined for a CONUS location are diverted to OCONUS destinations thereby necessitating movement of the material through the Defense Transportation System. In such an event, contractors will be notified by the Contracting Officer and an equitable adjustment will be made in the contract price as deemed appropriate.

NOTE: Applicable to negotiated solicitations. Offers that do not comply with the packaging and marking requirements as specified in Section D of this solicitation may be subject to rejection as being technically unacceptable.

SECTION E - INSPECTION AND ACCEPTANCE

E3 52.246-2 INSPECTION OF SUPPLIES – FIXED PRICE (AUG 1996)

E5 52.246-11 HIGHER-LEVEL CONTRACT QUALITY REQUIREMENT (FEB 1999)

The Contractor shall comply with the applicable higher-level contract quality requirement cited below, which is hereby incorporated into this contract:

ISO 9001 or ANSI/ASQC Q9001 when Quality Assurance Provision (QAP) 005, 006, 159, 189, 216, 222, V02, or V03 is included.

ISO 9002 or ANSI/ASQC Q9002 for any other QAPs.

DSCR NOTE to 52.246-11:

The higher-level standards referenced above shall apply unless the contractor indicates the proposal is based on a contractor's preferred quality system as identified below:

Other recognized industry standard(s) (but non-ISO/ANSI/ASQC) that is equivalent to or better than applicable ISO/ANSI/ASQC standard indicated above.

Specify _____

Other process control system that is equivalent to or better than the applicable ISO/ANSI/ASQC standard indicated above which has not previously been determined to be insufficient for the Government's purpose. This may include previously recognized MIL-I-45208 or MIL-Q-9858 systems which have been augmented to be equivalent to ISO 9002 or ISO 9001 respectively.

An existing system modeled after MIL-I-45208 or MIL-Q-9858 and not previously determined insufficient for the Government's purpose.

THIS OPTION IS PERMITTED ONLY AS AN INTERIM MEASURE TO ALLOW CONTRACTORS TO TRANSITION TO ISO/ANSI/ASQC STANDARDS.

Third party certification/registration is not required nor will it be considered a substitute for the Government's right to audit/validate a contractor's quality system. ISO 9001 can be accepted for ISO 9002 requirements, however, the reverse does not apply.

MIL-STD-105 has been replaced by ANSI/ASQC Z1.4-1993, Sampling Procedure and Tables for Inspection by Attributes.

MIL-STD-45662A has been replaced by either ISO 10012-1, Quality Assurance Requirements for Measuring Equipment or ANSI/NC SL Z540-1, General Requirements for Calibration Laboratories and Measuring Equipment and Test Equipment. DSCR (MAR 2000)

E14 52.246-9G16 INSPECTION AND ACCEPTANCE POINT DSCR (FEB 1996)

Inspection point: Destination Origin

Acceptance point: Destination Origin

Inspection and Acceptance will take place at:

Origin - First Shipment Only

Destination - Subsequent Shipments

NOTE: The inspection acceptance point is as designated in the Place of Inspection (PIC) field on the NSN lists.

SECTION F - PERFORMANCE & DELIVERY SCHEDULE

F1BA 52.211-16 VARIATION IN QUANTITY (APR 1984)

- (a) The permissible variation shall be limited to:
0% (Percent) Increase 0% (Percent) Decrease

This increase or decrease shall apply to the quantity at the line item level, or for phased delivery at the sub-clin level, as designated by item number followed by two alphas, i.e. 0001AA. The variation (if any)

shall be shipped with the quantity for the line item, or for phased delivery the quantity specified for each sub-clin. Under no circumstances will the contractor ship a variation in quantity against any line item/sub-clin other than as specified in the delivery schedule.

DSCR NOTE: Any quantity shipped against the line/sub-clin that exceeds the stated line item/sub-clin quantity plus variation (if any) will be returned and the contractor will be responsible for return shipment costs.

**F2 52.211-9G01 SHELF-LIFE ITEMS MANUFACTURING RESTRICTIONS
DSCR (MAY 2002)**

(a) This clause applies when shelf-life restrictions are cited in the Procurement Item Description.

(b) Products delivered under this contract shall be manufactured/cured/assembled to ensure that a minimum of 85% (allowing for rounding to whole months) shelf-life is remaining at time of receipt by the Government.

(c) Marking or labeling shall reflect these data.

(d) Supplies received by the Government with less than 85% shelf-life remaining will be considered to be nonconforming within the meaning of the Inspection Clause.

F16 52.211-9G50 ORDERING OFFICE AND TIME OF DELIVERY DSCR (NOV 1996)

Delivery orders will be issued by DSCR, DSCC, and DSCP and shall specify date of delivery which will not be less than

	STOCK	DVD
FOB Destination	PLT days	N/A days
FOB Origin	N/A days	N/A days

after the order is mailed to or otherwise furnished to the contractor. However, if first article approval is required, the delivery date of the first delivery order will not be less than the time specified above plus that authorized by FAR Clause 52.209-3 or 52.209-4 (Sec I) for submission of approval of the first article.

(a) If this contract is awarded on a free on board (f.o.b.) destination basis, the Contractor-
(1) Shall not submit an invoice for payment until the supplies covered by the invoice have been shipped to the destination; and

(2) Shall retain, and make available to the Government for review as necessary, the following evidence of shipment documentation for a period of 3 years after final payment under the contract:

(i) If transportation is accomplished by common carrier, a signed copy of the commercial bill of lading for the supplies covered by the Contractor's invoice, indicating the carrier's intent to ship the supplies to the destination specified in the contract.

(ii) If transportation is accomplished by parcel post, a copy of the certificate of mailing.

- (iii) If transportation is accomplished by other than common carrier or parcel post, a copy of the delivery document showing receipt at the destination specified in the contract.
- (b) The Contractor is not required to submit evidence of shipment documentation with its invoice.

**I29 52.209-3 FIRST ARTICLE APPROVAL –CONTRACTOR TESTING
(SEP 1989) ALTERNATE I (JAN 1997) ALTERNATE II
(SEP 1989)**

(a) The Contractor shall test _____ unit(s) of Lot/Item _____ as specified in this contract. At least _____ calendar days before the beginning of first article tests, the Contractor shall notify the Contracting Officer, in writing, of the time and location of the testing so that the Government may witness the tests.

(b) The Contractor shall submit the first article test report within _____ calendar days from the date of this contract to _____ [*insert address of the Government activity to receive the report*] marked "First Article Test Report: Contract No. _____, Lot/Item No. _____." Within _____ calendar days after the Government receives the test report, the Contracting Officer shall notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval shall state any further action required of the Contractor. A notice of disapproval shall cite reasons for the disapproval.

(c) If the first article is disapproved, the Contractor, upon Government request, shall repeat any or all first article tests. After each request for additional tests, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall then conduct the tests and deliver another report to the Government under the terms and conditions and within the time specified by the Government. The Government shall take action on this report within the time specified in paragraph (b) of this subsection. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule, or for any additional costs to the Government related to these tests.

(d) If the Contractor fails to deliver any first article report on time, or the Contracting Officer disapproves any first article, the Contractor shall be deemed to have failed to make delivery within the meaning of the Default clause of this contract.

(e) Unless otherwise provided in the contract, and if the approved first article is not consumed or destroyed in testing, the Contractor may deliver the approved first article as part of the contract quantity if it meets all contract requirements for acceptance.

(f) If the Government does not act within the time specified in paragraph (b) or (c) of this subsection, the Contracting Officer shall, upon timely written request from the Contractor, equitably adjust under the changes clause of this contract the delivery or performance dates and/or the contract price, and any other contractual term affected by the delay.

(g) Before first article approval, the acquisition of materials or components for, or the commencement of production of, the balance of the contract quantity is at the sole risk of the Contractor. Before first article approval, the costs thereof shall not be allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government.

(h) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the offeror/contractor and have been accepted by the Government. The offeror/contractor may request a waiver.

(MAR 2000)**

This contract is assigned a priority rating under the Defense Priorities and Allocations System (DPAS) regulation (15 CFR 700) which requires contractors to utilize the assigned rating in obtaining the products, materials, and supplies needed to fill their contracts. Because this contract does not have a specified delivery date, the basic contract is not rated; however, orders placed against it that include a delivery date are considered rated orders as of the date of receipt by the supplier. In the event the contractor is unable to obtain the necessary products, materials, and supplies to complete the contract, the contractor shall immediately advise the Defense Contract Management Agency (DCMA) representative or the appropriate Defense Supply Center DPAS officer through the cognizant Administrative Contracting Officer or procuring contracting officer. The DPAS officer or the DCMA plant representatives will provide necessary assistance or the necessary instructions to complete Department of Commerce (DoC) BXA Form 999, Request for Special Priorities Assistance. This form will be processed through appropriate channels to the DoC who will review and take action to make the needed supplies available to the applicant when deemed appropriate.

DSCR NOTE: The DPAS rating will be reflected on the individual delivery order.

**I38DC 52.211-9005 CONDITIONS FOR EVALUATION AND ACCEPTANCE OF
OFFERS FOR CRITICAL SAFETY ITEMS
DLAD (DEC 2001)**

(a) Definitions.

"Actual manufacturer" means an individual, activity, or organization that performs the physical fabrication processes that produce the deliverable part or other items of supply for the Government. The actual manufacturer must produce the part in-house. The actual manufacturer may or may not be the design control activity.

"Approved source" means a prime contractor or the actual manufacturer(s) cited in the acquisition identification description (AID). It does not include design control activities with no manufacturing capability.

"Critical safety item" (CSI) means a part, assembly, installation, or production system with one or more critical characteristics that, if not conforming to the design data or quality requirements, would result in an unsafe condition that could cause loss of, or serious damage to, the end item or major components, loss of control, or serious injury or death to personnel.

"Design control activity" means a contractor or Government activity having responsibility for the design of a given part, and for the preparation and currency of engineering drawings and other technical data for that part. The design control activity may or may not be the actual manufacturer.

"Exact product" and "alternate product" are defined in the provision at DLAD 52.217-9002, Conditions for Evaluation and Acceptance of Offers for Part Numbered Items.

"Prime contractor" means a contractor having responsibility for design control and/or delivery of a system/equipment such as aircraft, engines, ships, tanks, vehicles, guns and missiles, ground communications and electronics systems, and test equipment.

"Rebranding" means remarking, re-labeling, repackaging, or otherwise obscuring the marking of the approved source cited in the AID (i.e., the prime contractor or actual manufacturer).

(b) The item being acquired is a critical safety item (CSI). Given their vital importance and the catastrophic consequences that can result if they fail, procurement of these items requires the highest standards of oversight and verification.

(c) This provision applies only to offers of "exact product." Offers of "alternate product" will be evaluated in accordance with the clause at DLAD 52.217-9002.

(d) If the Offeror is the prospective awardee and is not currently an approved source cited in the acquisition identification description (AID) on the schedule page of this solicitation, the Offeror will be requested by the Contracting Officer to provide documented evidence prior to award sufficient to establish that the item being offered is (or will be) the exact item cited in the AID and is (or will be) manufactured by an approved source cited in the AID. Additionally, if the Offeror manufactures the offered item for an approved source cited in the AID, evidence of approval and acceptance by the approved source will be required. Evidence must include the following at a minimum:

(1) If offered item(s) are "not in stock" or "not yet manufactured" --

(a) A copy of Offeror's Request for Quotation to approved source cited in AID; and
(ii) An original, hard copy of quotation received by Offeror from approved source cited in AID; or other verifiable documentation of quotation. (If Offeror is unable to provide this documentation to the Contracting Officer prior to award, it must be provided to the Quality Assurance Representative (QAR) for examination at time of source inspection.)

(2) If offered item(s) are "shipped" or "in stock" --

(i) A copy of invoice on approved source's letterhead. (Invoice must identify exact item cited in AID and a quantity sufficient to satisfy the solicitation requirement.); or
(ii) A copy of packing slip which accompanied shipment from approved source to Offeror. (Packing slip must identify exact item cited in AID and a quantity sufficient to satisfy the solicitation requirement.); and

- (iii) Inventory control records to establish that items Offeror proposes to furnish under current order are still in Offeror's stock. (This documentation is mandatory and must be provided to Quality Assurance Representative (QAR) for examination at time of source inspection. Documentation may be provided to Contracting Officer prior to award, at Offeror's discretion.)
- (3) If Offeror is an authorized dealer/distributor, or manufactures the item for an approved source --
- (i) An authorized dealer/distributorship agreement, licensee agreement, or other type of agreement. (The agreement must specifically identify the exact item, or otherwise ensure that the Offeror is authorized by the approved source to manufacture or distribute the exact item being acquired. If the agreement covers a general product line or is otherwise not product-specific, the Offeror must also furnish additional documentation to address the exact item being acquired (see above).); or
 - (ii) Letter from an approved source cited in the AID, specifically identifying Offeror as authorized to distribute or manufacture the exact item cited in the AID for that approved source; or
 - (iii) Other verifiable information (e.g., listing of authorized dealers on official Web page of an approved source) to establish the Offeror's authority to manufacturer or distribute the exact item cited in the AID for an approved source cited in the AID.
- (4) When the AID specifies a revision number --
- (i) Documentation establishing that the offered item was (or will be) made in accordance with the revision cited in the AID. (This requirement is considered to have been met when documentation provided by Offeror to satisfy other portions of this provision already establishes that offered item was (or will be) made to the revision cited in the AID); or
 - (ii) Documentation identifying the revision offered and the differences between the revision offered and the revision cited in the AID.
- (e) By the submission of this offer, the Offeror represents that --
- (1) The item(s) to be provided to the Government -
 - (i) Is (or will be) in full compliance with all requirements specified in the solicitation; and
 - (ii) Is not (or will not be) --
 - (A) A factory second;
 - (B) Changed, mutilated, or rebranded;
 - (C) A manufacturer's overrun;
 - (D) A rejected item; or
 - (E) Government surplus material (unless Offeror has complied with clause at DLAD 52.211-9000, Government Surplus Material).
 - (2) In the event of item failure, Offeror will have access to, and will provide to the Government upon request, all information necessary to trace the item back through the manufacturing process.
 - (3) Any documentation provided by Offeror will correspond to the exact item(s) that will be furnished to the Government; or Offeror will obtain updated documentation and provide it to the Government (if, for example, Offeror sells item(s) to another Buyer before award or before tender for acceptance).
- (f) Failure to provide adequate documentation within the timeframe requested by the Contracting Officer may result in rejection of the offer.

(a) If any changes occur in the Contractor's business status or relationship with the approved source(s) after award of this contract (such as, for example, inability to obtain manufacturing process information; or changes in status as authorized dealer/distributor, or in terms of licensing arrangement), the Contractor shall immediately provide notification and documentation of the changes to the Administrative Contracting Officer(ACO).

(b) The Contractor shall immediately provide to the Administrative Contracting Officer (ACO) notification (and documentation, if available) of any of the following changes the Contractor becomes aware of:

- (1) Later revisions to drawings, specifications or standards that differ from the revision cited in the acquisition identification description (AID) in the contract;
- (2) Changes in the manufacturing process;
- (3) A change in the approved source's manufacturing location; or
- (4) A transfer of manufacturing facilities by the approved source since last manufacture.

**I38DE 52.211-9007 WITHHOLDING OF MATERIEL REVIEW BOARD (MRB)
AUTHORITY – CRITICAL SAFETY ITEMS DLAD (JUL 2002)**

The item being acquired is a critical safety item. Notwithstanding any other term or condition included in this contract/agreement, Materiel Review Board (MRB) authority is hereby withheld. (This clause does not apply to sources that have explicit authority to retain MRB authority, which are identified on the DSCR Technical Oversight Office (TOO) Web site at <http://www.dscr.dla.mil/vg/CriticalPartReview.htm>.)

I66 52.216-18 ORDERING (OCT 1995)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued --

FROM: Date of contract award

THROUGH: 730 days

I67 52.216-19 ORDER LIMITATIONS (OCT 1995)

(a) *Minimum order.* When the Government requires supplies or services covered by this contract in an amount of less than 1 each, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order.* The Contractor is not obligated to honor-

- (1) Any order for a single item in excess of 150% of ADQ;
- (2) Any order for a combination of items in excess of N/A; or

(3) A series of orders from the same ordering office within N/A days that together call for quantities exceeding the limitation in paragraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (*i.e.*, includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 30 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

I67A 52.216-19 POPS - MINIMUM ORDER QUANTITY DSCR (AUG 1990)
DSCR NOTE

FAR Clause 52.216-19, above, provides for a minimum delivery order amount of 1 each. Notwithstanding such minimum order amount, the minimum order quantity per delivery order shall be not less than the Quantity Unit Pack (QUP) quantity (manufacturer's standard pack for items without an identified QUP) and all orders will be in multiples of the QUP.

I71 52.216-22 INDEFINITE QUANTITY (OCT 1995)

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract 135 days from the date of contract expiration.

I88 52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT
(MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within **60** days prior to contract expiration; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least days before the contract expires.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed months.

I89F 252.217-9006 LIMITATIONS ON SURGE AND SUSTAINMENT (S&S)
INVESTMENTS DLAD (JUL 1999)

I89F 52.217-9006 LIMITATIONS ON SURGE AND DLAD (JUL 1999) SUSTAINMENT (S&S INVESTMENTS) The contractor shall limit investment in surge and sustainment (S&S) materials or other S&S capabilities paid for through DLA's industrial preparedness funds in the following ways:

(a) These investments can only be made to meet S&S requirements in support of major theatre warfare or smaller scale contingencies. They cannot be made to meet spikes in peacetime demand, nor to meet peacetime level quantities supplied during a contingency.

(b) Investments shall not be made when substitute items or alternate manufacturing processes are available.

(c) Investments must be the most cost-effective means of ensuring S&S capability.

(d) Investments shall be made only for raw materials and partially finished parts needed to provide long lead-time items in shorter time frames. Investments in finished parts or in support of items with short lead-times cannot be made.

(e) Only when the level of DLA and MILSVC (when MILSVC customer base is limited) assets related to the specific customer base served under the contract, and commercial inventories and production capacities in the contractor's supplier base are insufficient to meet both peacetime and S&S requirements, should S&S investments in materials be made.

(f) Investments shall not be made for MILSVC-managed items. (g) S&S investments made shall not be used as safety stock (i.e., to meet peacetime spikes in demand).

(g) The contractor shall not access S&S investments for any purpose other than to support the contingencies indicated in paragraph a, unless such access has been authorized by the Contracting Officer in writing. Offerors/contractors shall describe any desired access to the S&S investments and consideration offered to the government for this access in their S&S proposals/S&S capability reports. However, written approval from the contracting officer must be provided prior to implementing any proposed access.

I91 52.217-9G08 OPTION TO EXTEND THE TERM DSCR (JUL 2000)
OF THE CONTRACT - SUPPLIES

(a) If the Government exercises the option to extend the term of the contract as allowed by Clause 52.217-9 Section I, the extended contract shall be considered to include this option provision. Each exercise of the option, if any, will extend the term of this contract by 12 months.

(b) THE OFFEROR AGREES TO FURNISH DURING THE OPTION PERIOD THOSE ITEMS CITED IN THE SCHEDULE AT UNIT PRICES AS INDICATED BELOW:

CAUTION: Failure to indicate one of the following may result in rejection of your offer.

Option unit prices are same as the unit prices offered for the basic contract,

or

Option period unit prices are as indicated in the schedule.

I92BA 52.217-9G15 FLEXIBLE OPTIONS DSCR (NOV 1996)

(a) This solicitation is for an indefinite quantity with a guaranteed minimum for one year, the base year. It also includes 3 options for one year each. Each option year is also for an indefinite quantity with a guaranteed minimum. Each year also has a stated maximum, which applies to that year. In the event

the Government orders up to the stated maximum prior to the end of any current contract year, the Government reserves the right, with the notice prescribed below, to exercise the next option year before the expiration of the current contract year. In the event the Government exercises this right, the remaining option years will be moved forward to coincide with the exercise of the option year.

(b) For example, the base year is from January 1996 until December 1996. The first option year is from January 1997 until December 1997, and so on for the remaining option years. The Government reaches the maximum quantity for the base year in August 1996. The Government provides the prescribed notice of intent to exercise Option Year 1 in August. During September the Government exercises Option Year 1 effective October 1 1996. Option Year 1 now is from October 1996 until September 1997, with each subsequent option year also being moved forward to coincide with the exercise of the option.

(c) To exercise this right, the Government will provide written notice of its intent to exercise the option any time after having ordered 90% of the stated maximum or within thirty days of the effective date of any delivery order that reaches the stated maximum quantity. The option shall be exercised no more than sixty days after written notice of intent is provided to the contractor. Exercising this right shall be at no additional cost to either party. Failure to exercise this right shall have no effect on the remaining option years, which shall remain available for exercise in accordance with the terms stated elsewhere in this contract.

I92F 52.217-9G20 ADDITION/DELETION OF ITEMS DSCR (DEC 2000) ON CONTRACT

- (a) The Government retains the right to unilaterally delete from the contract, at each option renewal period, any items which were awarded on a sole source basis, in the event that an alternate product is available from another source.
- (b) The Government reserves the right to bilaterally add to the contract new or replacement items, by modification, at prices to be negotiated. All new requirements are subject to full and open competition for the period of time remaining on the contract prior to addition to the contract.
- (c) If any item in this contract becomes obsolete or is discontinued as a commercial catalog item, the contractor will provide the Government thirty (30) days advance written notice of such obsolescence, or cancellation and agrees to honor delivery orders for the item issued under this contract during such thirty (30) day period. The Government will delete any such item from this contract after receiving the required notice. If the contractor considers another commercial catalog item as a suitable substitute or replacement for the discontinued item, it will so advise the Government at the time it advises of the discontinued item. If the Government elects to include the replacement item in the contract, the contract will be modified accordingly.
- (d) If the contractor discontinues an item without replacement, the contractor will advise the Government of alternate sources of supply for a comparable item.

I92K 52.217-9G25 SURGE & SUSTAINMENT REQUIREMENT DSCR (JUN 2001)

- (a) Definitions. As used in this clause-

(1) 'Surge and Sustainment (S&S) Capability' means the ability of the contractor and base suppliers to meet increased quantity/accelerated delivery requirements, using production and supplier base capabilities, in support of a broad spectrum of possible Department of Defense contingencies. This capability includes both the ability to ramp-up to meet early requirements (i.e., surge), as well as to sustain an increased production and delivery pace throughout the contingency(ies) (i.e., sustainment). The

spectrum of possible contingencies includes major theatre warfare and smaller-scale contingency operations.

(2) 'Surge and Sustainment (S&S) Quantity' means the quantity beyond peacetime level requirements necessary to support contingency operations. The quantity and required delivery are identified on an NSN basis, representing that needed to support two separate contingency operations for a specified time period, generally a year unless otherwise specified in the schedule.

(b) Scope of Requirement. The Contractor agrees to maintain the capability to produce and deliver the quantity of supplies or services identified in the schedule as the S&S requirement throughout the life of the contract. This capability shall be maintained in addition to peacetime level requirements and other existing Government contracts.

(1) Notification of S&S Capability Changes. Changes that negatively impact S&S capability shall be reported in writing to the Contracting Officer within ten working days after the contractor becomes aware of such impact. Such notification shall include the Contractor's proposed corrective action plan.

(2) Changes and Additions. The Government reserves the right to revise, reassess, or update S&S requirements during the life of the contract.

(3) Agreement to Participate in S&S Validation/Testing. By submission of an offer for the S&S requirement, the contractor agrees to participate in S&S testing as required by the Government to validate the S&S capability. Testing/validation may include, but not be limited to, participation in live exercises, participation in Commander-in-Chiefs or Joint Chiefs of Staff exercises approved in the DLA Joint Training Plan, paper exercises, simulations, or command post exercises. The Government reserves the right to require tests using other methodologies when deemed appropriate.

(c) Ordering. Any S&S designated supplies or services to be furnished under this contract will be ordered in accordance with the ordering clause by issuance of delivery orders or task orders specifically identified as 'S&S Orders.'

(1) Effective Date for S&S Capability. Orders for the S&S quantity may be issued immediately after award unless the contractor has identified during negotiations, and the Government has approved, an alternate date for the contractor to attain the required S&S capability. The contractor's capability assessment shall clearly support the alternate date for attaining full S&S capability.

(2) Limitations. The order limitations clause applicable to the peacetime level requirements shall not apply to the S&S quantity to the extent that it conflicts with the quantity necessary to support a contingency. The Government reserves the right to order less than the total phased quantity specified for each S&S delivery. The Government may order in excess of each phased delivery quantity provided the contractor shall accept the excess quantity. Multiple orders for the same NSN may be issued to support multiple contingencies provided the total quantity ordered does not exceed the total S&S quantity for all phases of delivery.

(3) Contract Ceiling. The Government reserves the right to increase the contract ceiling as necessary to accommodate the S&S quantity to the extent such quantity was not considered when establishing the initial contract ceiling.

(e) Options to Extend the Contract Term: The Government may consider the contractor's performance of the S&S requirements in determining whether exercise of the option is the most advantageous method

of meeting the Government's needs. Factors that may be considered include maintenance of the S&S capability; results of validation/testing; Performance during an actual contingency; and other pertinent information related to the S&S requirement

(MBA) PERFORMANCE**

(a) The contractor's proposed MBA plan shall become part of this contract upon award. The contractor is hereby obligated, as part of its contractual undertaking, to enter into a written, binding mentoring business agreement with a protege based on and reflective of this plan. Performance under the MBA plan shall be evaluated by the contracting officer, and may become a consideration prior to option exercise for the follow-on years of long-term contracts. MBA plan implementation may also become an independent evaluation factor and/or part of the overall past performance evaluation factor in future source-selection decisions.

(b) The contractor-mentor and its protege(s) shall meet semi-annually with the DLA contracting officer and the small business specialist(s) from the buying activity and/or the DCMC component to review progress/accomplishments under applicable MBA proposals. The contractor is also required to submit periodic progress reports (no less frequently than annually) to the contracting officer regarding proposal fulfillment. Any MBA with a protege that has voluntarily been submitted to the Government shall be compared by the contracting officer to the contractor's proposed plan, hereby incorporated into this contract, to ensure that it adequately reflects the mentor's obligations expressed therein.

I121A 52.222-21 PROHIBITION OF SEGREGATED FACILITIES (FEB 1999)

(a) 'Segregated facilities,' as used in this clause, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees, that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin because of written or oral policies, or employee custom. The term does not include separate or single-user rest rooms and necessary dressing or sleeping areas, provided to assure privacy between the sexes.

(b) The Contractor agrees that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not

and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The Contractor agrees that a breach of this clause is a violation of the Equal Opportunity clause in this contract.

(c) The Contractor shall include this clause in every subcontract and purchase order that is subject to the Equal Opportunity clause of this contract.

DSCR NOTE: DSCR (APR 2000)

The following deviation is applicable to FAR Clause 52.232-25:

Paragraphs (a)(3)(iv) and (v) are deleted and replaced with the following:

(a)(3)(iv) Description, quantity, unit of measure, unit price, and extended price of supplies delivered or services performed. Unit of measure is not required for Electronic Commerce (EC/EDI) contract.

(a)(3)(v) Shipping and payment terms (e.g., shipment number and date of shipment, prompt payment discount terms),except for POPS contract. Bill of Lading number and weight of shipment will be shown for shipments on Government bills of lading.

In addition to the above deviation, the following clarification is added to ensure proper payment of invoice:

(a)(3)(iv) The invoice price shall correspond to the unit of issue price specified in the contract. For example, if 12 each(EA) equals 1 box (BX) and the contract specifies EA, but you sell the item by BX, the invoice must be submitted on an EA price basis.

I199 52.233-1 DISPUTES (JUL 2002)

DSCR NOTE: DSCR has in place a process to mediate two types of contract disputes: (1) contract claims filed pursuant to the Contract Disputes Act of 1978, as amended, 41 U.S.C. §§ 601-613, (CDA), prior to issuance of a final decision by the contracting officer, that arise as a result of either a contractor or government claim, except for proposed Terminations for Default, and (2) other contract disputes, resulting from an issue in controversy, that the contracting officer determines suitable for mediation. Mediation involves a neutral, called a mediator, who assists both parties as they try to resolve their dispute voluntarily and produce a solution that is acceptable and beneficial to both. After unassisted negotiations over an issue in controversy have proven ineffective in either situation, the contracting officer will contact the contractor seeking to resolve the dispute through mediation. In either situation, a contractor's decision not to engage in mediation shall be conveyed in writing to the contracting officer.

Mediation undertaken pursuant to this process does not waive the statutory time limitations of the CDA, within which a contracting officer must issue a final decision on a claim filed pursuant to the CDA, as expressed in FAR Clause 52.233-1, Disputes, paragraph (e). If mediation is unsuccessful, the parties retain their existing rights under the CDA. DSCR (MAY 1999)

(a) Definitions: "Acceptance," as used in this clause, means the act of an authorized representative of the Government by which the Government assumes for itself, or as an agent of another, ownership of existing supplies, or approves specific services as partial or complete performance of the contract. "Supplies," as used in this clause, means the end items furnished by the Contractor and related services required under the contract. The word does not include "Data."

(b) Contractor's Obligations.

(1) Notwithstanding inspection and acceptance by the Government of supplies furnished under this contract, or any condition of this contract concerning the conclusiveness thereof, the Contractor warrants that at time of delivery:

(i) All supplies furnished under this contract will be free from defects in design, material or workmanship and will conform with the requirements of this contract; and

(ii) The preservation, packaging, packing, and marking, and the preparation for, and method of, shipment of such supplies will conform with the requirements of this contract.

(2) When return, correction, or replacement is required, transportation charges and responsibility for the supplies while in transit shall be borne by the Contractor. However, the Contractor's liability for the transportation charges shall not exceed an amount equal to the cost of transportation by the usual commercial method of shipment between the place of delivery specified in this contract and the Contractor's plant, and return.

(3) Any supplies or parts thereof, corrected or furnished in replacement under this clause, shall also be subject to the terms of this clause to the same extent as supplies initially delivered. The warranty, with respect to supplies or parts thereof, shall be equal in duration to that in paragraph (c)(1) of this clause and shall run from the date of delivery of the corrected or replaced supplies.

(c) Remedies Available to the Government.

(1) The Contracting Officer shall give written notice to the Contractor of any breach of warranties in paragraph (b)(1) of this clause within one year from the last delivery under the contract.

(2) Within a reasonable time after the notice, the Contracting Officer may either -

(i) Require, by written notice, the prompt correction or replacement of any supplies or parts thereof (including preservation, packaging, packing and marking) that do not conform with the requirements of this contract within the meaning of paragraph (b)(1) of this clause; or

(ii) Retain such supplies and reduce the contract price by an amount equitable under the circumstances.

(3) (i) If the contract provides for inspection of supplies by sampling procedures, conformance of supplies or components subject to warranty action shall be determined by the applicable sampling procedures in the contract. The Contracting Officer -

(A) May, for sampling purposes, group any supplies delivered under this contract;

(B) Shall require the size of the sample to be that required by sampling procedures specified in the contract for the quantity of supplies on which warranty action is proposed;

(C) May project warranty sampling results over supplies in the same shipment or other shipments even though all of such supplies are not present at the point of reinspection; provided, that the supplies remaining are reasonably representative of the quantity on which warranty action is proposed; and

(D) Need not use the same lot size as on original inspection or reconstitute the original inspection lots.

(ii) Within a reasonable time after notice of any breach of the warranties specified in paragraph (b)(1) of this clause, the Contracting Officer may exercise one or more of the following options:

(A) Require an equitable adjustment in the contract price for any group of supplies.

(B) Screen the supplies grouped for warranty action under this clause at the Contractor's expense and return all nonconforming supplies to the Contractor for correction or replacement.

(C) Require the Contractor to screen the supplies at locations designated by the Government within the continental United States and to correct or replace all nonconforming supplies.

(D) Return the supplies grouped for warranty action under this clause to the Contractor (irrespective of the f.o.b. point or the point of acceptance) for screening and correction or replacement.

(4) (i) The Contracting Officer may, by contract or otherwise, correct or replace the onconforming supplies with similar supplies from another source and charge to the Contractor the cost occasioned to the Government thereby if the Contractor;

(A) Fails to make redelivery of the corrected or replaced supplies within the time established for their return;
or

(B) Fails either to accept return of the nonconforming supplies or fails to make progress after their return to correct or replace them so as to endanger performance of the delivery Schedule, and in either of these circumstances does not cure such failure within a period of ten (10) days (or such

longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure.

(ii) Instead of correction or replacement by the Government, the Contracting Officer may require an equitable adjustment of the contract price. In addition, if the Contractor fails to furnish timely disposition instructions, the Contracting Officer may dispose of the nonconforming supplies for the Contractor's account in a reasonable manner. The Government is entitled to reimbursement from the Contractor, or from the proceeds of such disposal, for the reasonable expenses of the care and disposition of the nonconforming supplies as well as for excess costs incurred or to be incurred.

(5) If contract is for other than commercial items, all implied warranties of merchantability and "fitness for a particular purpose" are hereby excluded from any obligation contained in this contract.

(6) The rights and remedies of the Government provided in this clause are in addition to and do not limit any rights afforded to the Government by any other clause of this contract.

SECTION K - REPRESENTATIONS, CERTIFICATIONS AND OTHER STATEMENTS TO BIDDERS

K2 52.203-2 CERTIFICATE OF INDEPENDENT PRICE DETERMINATION (APR 1985)

(a) The offeror certifies that:

(1) The prices in this offer have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other offeror or competitor relating to (i) those prices, (ii) the intention to submit an offer, or (iii) the methods or factors used to calculate prices offered.

(2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and

(3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition. (b) Each signature on the offer is considered to be a certification by signatory that the signatory --

(1) Is the person in the offeror's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to Subparagraphs (a)(1) through (a)(3) above; or

(2)(i) has been authorized, in writing, to act as agent for the following principals in certifying that those principals have not participated, and will not participate in any action contrary to Subparagraphs (a)(1) through (a)(3) above . . .

(Insert below the full name of person(s) in the offeror's organization responsible for determining the prices offered in this bid or proposal, and the title of his or her position in the offeror's organization);

NAME: _____

TITLE: _____

(ii) As an authorized agent, does certify that the principals named in Subdivision (b)(2)(i) above have not participated, and will not participate, in any action contrary to Subparagraphs (a)(1) through (a)(3) above; and

(iii) As an agent, has not personally participated, and will not participate in any action contrary to Subparagraphs (a)(1) through (a)(3) above.

(c) If the offer deletes or modifies Subparagraph (b)(2) above, the offeror must furnish with its offer a signed statement setting forth in detail the circumstances of the disclosure.

K4A 52.203-11 CERTIFICATION AND DISCLOSURE REGARDING PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (APR 1991)

(a) The definitions and prohibitions contained in the clause, at FAR 52.203-12, Limitation on Payments to Influence Certain Federal Transactions, included in this solicitation, are hereby incorporated by reference in paragraph (b) of this certification.

(b) The offeror, by signing its offer, hereby certifies to the best of his or her knowledge and belief that on or after December 23, 1989, --

(1) No Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with the awarding of any Federal contract, the making of any Federal Grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement;

(2) If any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with this solicitation, the offeror shall complete and submit, with its offer, OMB standard form LLL, Disclosure of Lobbying Activities, to the Contracting Officer; and

(3) He or she will include the language of this certification in all subcontract awards at any tier and require that all recipients of subcontract awards in excess of \$100,000 shall certify and disclose accordingly.

(a) Submission of this certification and disclosure is a prerequisite for making or entering into this contract imposed by section 1352, title 31, United States Code. Any person who makes an expenditure prohibited under this provision or who fails to file or amend the disclosure form to be filed or amended by this provision, shall be subject to a civil penalty of not less than \$10,000, and not more than \$100,000, for each such failure.

K6 52.207-4 ECONOMIC PURCHASE QUANTITY –SUPPLIES (AUG 1987)

(a) Offerors are invited to state an opinion on whether the quantity(ies) of supplies on which bids, proposals, or quotes are requested in this solicitation is (are) economically advantageous to the Government.

(b) Each offeror who believes that acquisition in different quantities would be more advantageous is invited to recommend an economic purchase quantity. If different quantities are recommended, a total and a unit price must be quoted for applicable items. An economic purchase

quantity is that quantity at which a significant price break occurs. If there are significant price breaks at different quantity points, this information is desired as well.

OFFEROR RECOMMENDATIONS

ITEM	QUANTITY	PRICE QUOTATION	TOTAL
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

(c) The information requested in this provision is being solicited to avoid acquisitions in disadvantageous quantities and to assist the Government in developing a data base for future acquisitions of these items. However, the Government reserves the right to amend or cancel the solicitation and resolicit with respect to any individual item in the event quotations received and the Government's requirements indicate, that different quantities should be acquired.

K7A 52.209-5 CERTIFICATION REGARDING DEBARMENT, SUSPENSION, ROPOSED DEBARMENT, AND OTHER RESPONSIBILITY MATTERS (DEC 2001)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are () are not () presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have () have not (), within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and

(C) Are () are not () presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.

(ii) The Offeror has has not , within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) "Principals," for the purposes of this certification, means officers; directors; owners; partners; and, persons having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a subsidiary, division, or business segment, and similar positions).

This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.

(a) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

- (b) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

- (d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

- (e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

K8 252.209-7001 DISCLOSURE OF OWNERSHIP OR CONTROL BY THE GOVERNMENT OF A TERRORIST COUNTRY DFARS (MAR 1998)

L6 52.209-9G03 WAIVER OF FIRST ARTICLE APPROVAL TEST (CONTRACTOR TESTING (DECREASE IN PRICE) (SEPARATE LINE ITEM) DSCR (JAN 1997)

(a) In accordance with FAR Clause 52.209-3, First Article Approval Contractor Testing (ALT I or II). The Government reserves the right to waive the requirement for first article approval test where supplies identical or similar to those called for in this solicitation have been previously furnished by the offeror and have been accepted by the Government.

(b) Offerors offering such products, who wish to rely on such prior acceptance by the Government, must furnish evidence with the offer that prior Government acceptance is presently appropriate for the products to be furnished hereunder by indicating below the information for identical or similar supplies accepted by the Government. When the Government decides to exercise its right to waive first article approval testing, offers will be evaluated on the basis of the decreased cost to the Government. If the specification calls for submission to drawings for Government approval prior to production of first article test unit(s), the requirement for first article approval test will not be waived prior to award, unless the waiver is granted for submission of drawings in accordance with paragraph (e) of Clause 52.211-9G21, Drawing Approval Prior to Production.

(FEB 1996)**

**L59DA 52.217-9G26 SURGE & SUSTAINMENT CAPABILITY
ASSESSMENT DSCR (JUNE 2001)**

(a) Proposals submitted in response to this solicitation shall include a proposed approach to meeting the Surge & Sustainment (S&S) requirement identified in the schedule. The proposed approach shall include the initial ramp up (surge) and subsequent production and delivery (sustainment) of supplies to support simultaneous contingencies. The contractor's proposed approach shall be supported by a production capability assessment, as an attachment to the proposal, containing, but not limited to, the following areas:

(1) The contractor's methodology enabling visibility of supplier base resources on a continuing basis.

(2) Identify supplier base inventories, production capability, on-demand manufacturing and advanced technology capabilities, or any other means of support available to meet S&S requirements and, based on this identification, a description of S&S strategies for all items.

(3) Identify 'problem' items for which S&S cannot be easily met, proposed solutions for these items, and any significant investments (dollars or otherwise) needed to implement these solutions, including investments by the Government.

(4) Describe access to, and plans for, coordinating distribution and transportation services for meeting S&S requirements.

(5) The contractor's agreements with suppliers and service providers that reflect access to S&S resources.

(6) Clearly identify any significant investments (dollars or otherwise) required to resolve the problem areas identified under subparagraph (3), or other subparagraphs above, needed to develop S&S capability, including, but not limited to, the following information:

(i) Why the investment is needed;

(ii) what will be purchased with the investment;

(iii) basis for the investment cost;

(iv) the S&S capability to be gained from the investment; and,

(v) for investments needed to affect strategies, an analysis of what strategies were considered and why the proposed strategies are the most cost effective.

(7) If the S&S requirements can be easily met with current levels of production, the following information may be provided in lieu of the detailed assessment requested above:

- (i) The contractor's rationale for concluding the required S&S resources are readily available; and,
- (ii) the contractor's ability to meet the S&S requirements through access to these resources. (Note: The commercial nature of an item, in and of itself, is not an adequate rationale for concluding the item is readily available. The information submitted shall include a description of access to, and plans for, coordinating distribution and transportation services for meeting S&S requirements.)

L75 52.233-2 SERVICE OF PROTEST (AUG 1996)

(a) Protests, as defined in Section 33.101 of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the General Accounting Office (GAO), shall be served on the –

Contracting Officer
Defense Supply Center Richmond
ATTN: DSCR-J

by obtaining written and dated acknowledgment of receipt from the issuing office referenced on the solicitation/award.

L75B 52.233-9000 AGENCY PROTESTS DLAD (SEP 1999)

Companies protesting this procurement may file a protest

- 1. with the contracting officer,
- 2. with the General Accounting Office, or
- 3. pursuant to Executive Order No. 12979, with the Agency for a decision by the Activity's Chief of the Contracting Office.

Protests filed with the agency should clearly state that they are an 'Agency Level Protests filed under Executive Order No. 12979.' (Note: DLA procedures for Agency Level Protests filed under Executive Order No. 12979 allow for a higher level decision on the initial protest than would occur with a protest to the contracting officer; this process is not an appellate review of a contracting officer's decision on a protest previously filed with the contracting officer). Absent a clear indication of the intent to file an agency level protest, protests will be presumed to be protests to the contracting officer.

DSCR NOTE:

Executive Order 12979 encourages the use of Alternative Dispute Resolution in resolving Agency-level protests. Therefore, DSCR has in place a process to mediate Agency-level protests filed pursuant to Executive Order 12979. Mediation is a voluntary process

where the parties meet with a third party neutral (the mediator) to discuss their positions and open a dialogue. The mediator does not make any decisions on the dispute, but rather helps the parties explore their concerns and possible avenues for solutions. Any mediation will occur at DSCR. A trained DSCR mediator who has not had previous personal involvement in the procurement will conduct the mediation. If resolution of the protest is not reached through the mediation process, the protest will be forwarded to the Chief of the Contracting Office for a written decision on the record. If an offeror wishes to file an Agency-level protest, but does not wish to engage in mediation, the Agency-level protest should state that the protesting party does not wish to participate in mediation and would like a decision on the written record.

L75BC 52.233-9001 DISPUTES: AGREEMENT TO USE DLAD (JUN 2001)
ALTERNATIVE DISPUTE RESOLUTION

(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor (see FAR 52.233-1), or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and with legal counsel (see DLA Directive 5145.1). Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.

(c) If you wish to opt out of this clause, check here (____). Alternate wording may be negotiated with the contracting officer.

(DSCR NOTE - When quoting via the Internet Quoting System - see instructions at DLAD 52.213-9004, Offeror Representations, Certifications, and Fill-in Information - Electronic Commerce, Section M below for completing the fill-in [paragraph 14 of that provision].)

SECTION M - EVALUATION FACTORS FOR AWARD

M3 52.209-9G05 EVALUATION-FIRST ARTICLE APPROVAL DSCR (JAN 1996)

(a) Estimated costs of Government testing will be a factor in evaluation of offers to the extent that such costs are shown below:

ITEM	GOVERNMENT TEST COST
------	----------------------

M5 52.213-9001 EVALUATION FACTOR FOR SOURCE INSPECTION DLAD (MAY 1999)

M8 52.214-9002 TRADE DISCOUNTS DLAD (JUN 1983)

M10F 52.215-9G05 AUTOMATED BEST VALUE SYSTEM DSCR (JUL 2002)

(a) The Automated Best Value System (ABVS) Score as an Element of Past Performance Evaluation.

(1) ABVS scores do not determine eligibility for award or technical acceptability. The Government shall use ABVS scores to compare past performance among offerors, not to make determinations of responsibility.

(2) To evaluate each offeror's past performance, DLA will assign an ABVS score to each offeror based on the offeror's past performance. ABVS scores for performance in each Federal Supply Class (FSC score) will be based on DLA consolidated performance history. An offeror may have multiple FSC scores but will have only one DLA score, which is a compilation of the offeror's FSC scores for all business conducted with DLA. These scores will be calculated monthly and remain in effect for a month. The ABVS score is a combination of an offeror's delivery and quality scores. The quality score reflects validated contractor caused product and packaging nonconformances during the rating period. For administrative purposes, the rating period excludes the most recent 30 days. The delivery score reflects all lines shown as delinquent during the rating period. For administrative purposes, the rating period excludes the most recent 60 days. For ABVS purposes, delinquent lines represent shipments not shipped and/or received in their entirety by the contract delivery date. The 30 and 60 day offset periods are NOT grace periods.

(3) BUSINESS SYSTEMS MODERNIZATION.

(i) THE DEFENSE LOGISTICS AGENCY IS DEVELOPING AND INSTALLING A NEW SUITE OF COMMERCIAL BUSINESS SOFTWARE WE CALL BUSINESS SYSTEMS MODERNIZATION (BSM). BSM WILL REPLACE THE OLD MATERIAL MANAGEMENT SYSTEMS WITH THE BEST OF TODAY'S BUSINESS APPLICATIONS. THE FIRST PHASE OF BSM THAT WILL AFFECT BOTH DLA AND OUR BUSINESS PARTNERS IS CALLED THE CONCEPT DEMONSTRATION. THIS CONCEPT DEMONSTRATION WILL USE ACTUAL BSM SOFTWARE, REAL TIME DATA AND ACTUAL TRANSACTIONS SUCH AS SOLICITATIONS AND AWARDS. BUT BECAUSE OF THE NEW SOFTWARE BEING TESTED, CERTAIN PROCESSES WILL CHANGE DURING THE TEST AND ONE OF THE MOST IMPORTANT IS THE CHANGE IN ABVS. THE COLLECTION OF PAST PERFORMANCE INFORMATION FOR CERTAIN NSNS IN ABVS HAS BEEN CHANGED BY THE NEW SOFTWARE AND WILL BE AFFECTED BY THIS CONCEPT DEMONSTRATION BEGINNING IN AUGUST 2002.

(ii) BEGINNING IN AUGUST 2002, ABVS WILL NOT COLLECT PERFORMANCE INFORMATION ON NSNS THAT ARE INCLUDED IN THIS BSM TEST. THE PERFORMANCE DATA FOR QUALITY AND DELIVERY PERFORMANCE FROM NEW CONTRACT AWARDS FOR THESE NSNS WILL NOT BE USED IN THE CALCULATION OF FSC SCORES. THE CONTRACT LINE ITEMS WILL ALSO NOT BE INCLUDED IN THE TOTAL NUMBER OF CONTRACT LINE ITEMS ON WHICH THE FSC SCORE IS BASED. SUBSEQUENTLY, THE DLA SCORE, WHICH IS A COMPILATION OF THE FSC SCORES, WILL NOT INCLUDE PERFORMANCE DATA FROM NEW AWARDS ON THESE NSNS. FOR NSNS, WHICH ARE NOT IN THE BSM TEST, ABVS WILL CONTINUE TO WORK AS IT DOES TODAY.

(iii) IN ORDER TO DETERMINE IF A NSN OR FSC IS INCLUDED IN THIS BSM TEST, GO TO THE BSM SUPPLIER INFORMATION RESOURCE CENTER, <http://www.dla.mil/j-6/bsm/SIRC/SIRC.htm>. AWARDS NOT INCLUDED IN THE ABVS PERFORMANCE DATA WILL BE IDENTIFIED BY CONTRACT NUMBERS BEGINNING WITH SPMXXX OR SPEXXX IN LIEU OF SP0XXX (THIS DOES NOT APPLY TO ORDERS ISSUED AGAINST NON-DLA BASIC ORDERING AGREEMENTS OR CONTRACTS).

(iv) THIS CHANGE ALSO MEANS THAT YOUR ABVS SCORE IN BSM WILL BE YOUR DLA SCORE ONLY; THE FSC SCORE WILL NOT BE VISIBLE. THIS INITIAL RELEASE WILL PROVIDE AN OPPORTUNITY FOR DLA, OUR CUSTOMERS, AND OUR SUPPLIERS TO

USE THE NEW TECHNOLOGY AND PROCESSES TO IMPROVE OUR SUPPLY CHAIN EFFECTIVENESS. FURTHER INFORMATION IS FOUND AT THE BSM VENDOR INFORMATION CENTER AT <http://131.70.202.70/j%2D6/bsm/test/vic.htm>.

(4) DSCR will make negative quality and delivery data reflected in the ABVS score available to offerors by the 15th day of the month via the ABVS Website. The offeror's negative performance data will be posted before it is reflected in the ABVS score (Preview Period), to give offerors an opportunity to review and verify data. An offeror must challenge any negative data within the Preview Period to assure corrections are posted before calculation of the score. Offerors must submit challenges and substantiating evidence (e.g. invoices, DD Form 250s, modifications) to the ABVS Administrator. The "Center" field will identify the appropriate focal point. For those identified as "DSCR," send challenges to:

Defense Supply Center Richmond
Attn: DSCR-OZP (ABVS)
8000 Jefferson-Davis Highway
Richmond, VA 23297-5516

Telephone (804) 279-6881
FAX (804) 279-5042

(5) Though offerors may challenge negative data at any time, it is to the offeror's advantage to challenge negative data during the Preview Period before it has an opportunity to be reflected in the ABVS score. Accordingly, an offeror should review performance data on a monthly basis at a minimum. When a challenge is received, the ABVS score will be flagged. The flag will remain until the challenge is resolved. If an offer under evaluation involves a challenged score, then the Contracting Officer will consider the nature of the challenged data and its relevance to the acquisition as part of the award decision. The ABVS Administrator will adjust the ABVS score if the Administrator upholds an offeror's challenge. Scores created in the update cycle immediately following the determination will reflect the adjustment.

(6) When there is a discrepancy between the offeror's challenged data and the Government's data, it becomes disputed data. The Government will make every effort to resolve the discrepancy expeditiously. However, the Government is the final authority for resolution of disputed data and its use in the source selection process, and may make an award decision despite the existence of an unresolved challenge.

(b) Using the ABVS score for evaluation.

(1) The contracting officer will first evaluate offers using the FSC score for the solicited FSC in effect at the time offers are evaluated. The contracting officer will use an offeror's DLA score to evaluate an offeror without an FSC score for that particular FSC. The contracting officer may consider the volume of business on which the FSC score is based as a measure of confidence in the score's indication of performance risk. The contracting officer may choose to use the DLA score if he or she lacks confidence in the FSC score. The contracting officer also may use the DLA score if the FSC scores among offerors are relatively equal. An offeror with no performance history will not be evaluated favorably or unfavorably and will be assigned a "999.9" in the ABVS. A "999.9" is used to designate those instances wherein the offeror has no past performance history, has no history for the particular FSC or has no history for the timeframe being rated.

(2) Contractor caused discrepancies or delinquencies will be reflected in the ABVS as an indicator of past performance. Repair, replacement or reimbursement of quality and packaging defects will not provide relief of negative ABVS data. Contractor caused delivery extensions, regardless of consideration paid, will be reflected in the delivery score.

M10G 52.215-9G06 EVALUATION AND AWARD DSCR (FEB 2000)

- (a) **AWARD.** The Government intends to evaluate proposals and, if necessary, conduct discussions with all responsible offerors within the competitive range. The award will be made to the offeror whose proposal conforms to the terms and conditions of the solicitation and represents the best value to the Government. Therefore, award may be made to other than the lowest priced or the highest technically rated offer.
- (b) **RELATIVE IMPORTANCE AND TRADE-OFFS.** The Government will base the determination of best value on a comparative assessment of the offerors' prices, past performance, and the other evaluation factors identified elsewhere in this solicitation. The determination of best value also considers the relative importance of the evaluation factors. All evaluation factors, when combined, are:

significantly more important than cost or price. As other evaluation factors become more equal, the evaluated cost or price becomes more important.

approximately equal to cost or price; or

significantly less important than cost or price. As the evaluated cost/price becomes more equal, relative importance of all other evaluation factors becomes more significant.

The final award decision may involve a trade-off among cost or price and the non-price factors. Factors that may be considered in the trade-off process include, but are not limited to:

Item criticality and weapons system application

Delivery schedule and current inventory status

Historical delivery or quality problems

Concerns over limited supply sources and industrial base Benefits from obtaining new sources

- (c) **COST OR PRICE.** The Government will evaluate the offered cost or price for cost realism, as defined in FAR 15.401, and reasonableness. The Government will add any other cost or price evaluation factors identified elsewhere in this solicitation (e.g. Buy American Act or FOB Origin transportation costs) to arrive at the offeror's evaluated cost or price. The evaluated cost or price will be used in conjunction with the other non-price factors to determine the best value to the Government.

- (d) **PAST PERFORMANCE EVALUATION FACTORS.** The Government will use the past performance evaluation factors marked below in addition to cost or price and other evaluation factors specified in the solicitation. Unless indicated otherwise, past performance is significantly more important than other non-price factors. Within the past performance subfactors, ABVS scores will be weighed most heavily because of their relevance to DSCR awards. Quality history and delivery schedule compliance will be weighed more heavily than the remaining past performance subfactors. All other non-price evaluation factors specified in this solicitation weigh equally, unless otherwise indicated.

ABVS Score (52.215-9G05)

Quality History

Delivery Schedule Compliance

Javits-Wagner-O'Day (JWOD) (52.215-9005)

Mentoring Business Agreements (MBA) (52.219-9003)

Socioeconomic Support (52.215-9003)

Other (specify):

- (e) **PAST PERFORMANCE.** Past performance includes, but is not limited to, the offeror's record of conforming to contract requirements and standards of good workmanship; adherence to contract schedules, including the administrative aspects of performance; the offeror's reputation for reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the offeror's business-like concern for the customer's interest.

(i) Offerors may submit with their offer information on past and current Federal (non-DSCR), State and local government and private sector contracts performed by the offeror at the proposed performance location within the last three years that are similar in nature to this acquisition. Offerors electing to submit this data must furnish at least the following information: name and address of the contracting entity; the contract number; award and completion dates; the dollar value; the contract type; the items or services provided; two references, with title and phone number; and any problems encountered and the corrective action taken by the offeror.

(ii) By submitting past performance information, the offeror agrees to permit the Government's representatives to contact the listed references and inquire of the offeror's performance. If more than three contracts are identified, the Government reserves the right to randomly select and limit its review to three contracts. In addition to the information provided, the Government may consider information obtained from other sources when evaluating the offeror's past performance. Offerors will be given the opportunity to discuss negative past performance information obtained from references if the offeror has not had a previous opportunity to comment on that information.

(iii) In addition to the information above, DSCR will use the Automated Best Value System (ABVS) to evaluate quality and past performance on DLA awards (see 52.215-9G05).

(iv) Offerors with no past performance history (whether internal or external to the Federal government) will not be evaluated favorably or unfavorably.

M15 52.217-5 EVALUATION OF OPTIONS (JUL 1990)

M19CA 52.217-9G27 SURGE & SUSTAINMENT EVALUATION - MINIMUM REQUIREMENT DSCR (JUNE 2001)

(a) Evaluation. The surge & sustainment (S&S) requirement identified in the schedule represents a minimum requirement for award; therefore, offerors that fail to offer for the S&S requirement or submit proposals that are deficient may be rejected. The S&S capability assessment specified in 52.217-9G26 will be evaluated to determine the offeror's ability to meet the increased quantity/accelerated delivery requirements identified in the schedule for S&S.

(b) Acceptable Standard. Acceptable proposals must:

- (1) describe a methodology which enables visibility of supplier base resources on a continuing basis;
- (2) identify supplier base inventories, production capability, on-demand manufacturing and advanced technology capabilities, or any other means of support available to meet S&S requirements and, based on this identification, provide a description of S&S strategies for all items;
- (3) identify problem items for which S&S cannot be easily met, propose solutions for these items, and identify any significant investments (dollars or otherwise) needed to implement these solutions;
- (4) describe access to, and plans for, coordinating distribution and transportation services for meeting S&S requirements; and
- (5) provide information regarding agreements with subcontractors, suppliers and service providers, if applicable, that reflect access to S&S resources;
- (6) identify any significant investment (dollars or otherwise) under (3) or other subparagraphs above, needed to develop S&S capability, with the following information:
 - (i) An explanation of why the investment is needed.
 - (ii) A description of what items or materials will need to be purchased with the investment.
 - (iii) Provide a justification/basis for the investment cost.

- (iv) Identify the S&S capability to be gained from the investment.
- (v) For investments to effect S&S strategies, an analysis of what strategies were considered and why the proposed strategies are the most cost effective.
- (c) Acceptable Standard Commercial. The following standard shall apply in lieu of paragraph (b) for commercial items that are readily available and accessible in sufficient quantities to meet the S&S requirements. Adequate proposals shall:
 - (1) provide information to support the rationale for concluding that the S&S items are readily available;
 - (2) describe how access to these resources will provide the ability to meet S&S requirements; and
 - (3) identify a plan for coordinating distribution and transportation services for meeting S&S requirements
- (d) Deficient Proposals. Proposal revisions to correct deficiencies in S&S capability may be addressed during negotiations with offerors determined within the competitive range.
- (e) Price. Price(s) associated with S&S items will be evaluated for reasonableness and realism in accordance with proposal analysis techniques specified in FAR 15.404. The total evaluated price associated with a proposal will include S&S prices/costs only to the extent such prices/costs represent:
 - (1) the dollar amount that must be obligated or reserved at time of award to implement and or maintain the S&S capability and
 - (2) the dollar amount associated with a confirmed requirement to support an actual contingency.
- (f) Materially Unbalanced Offers. The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract lines is significantly overstated or understated as indicated by application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that lack of balance poses an unacceptable risk to the Government.

M19CC 52.219-9002 DLA MENTORING BUSINESS AGREEMENTS DLAD (DEC 1997)
(MBA) PROGRAM

(a) The offeror is invited to participate in a program whereby small, small disadvantaged, and women-owned small businesses are afforded the opportunity (through the offeror's provision of developmental assistance in its capacity as prime contractor) to participate in the DLA procurement process. (The offeror may alternatively propose to mentor a Javits-Wagner-O'Day (JWOD) Act-qualified nonprofit agency.) In order to participate, the offeror shall submit a proposal outlining the assistance already rendered or to be provided to the protege, as well as the kinds of value-added activity the offeror might expect to receive, in return, from the mentored entity. The offeror-mentor may propose to provide the benefit of its managerial expertise, technical capabilities, market knowledge, etc.; the protege will be expected to provide a specialized service or product, or, potentially, admission into its own market. Participation is entirely voluntary.

(b) The Government will evaluate the offeror's proposal for participation in the DLA MBA Program on a comparative basis among all offerors, rather than via establishment of an "acceptable" standard. The factor is an independent element in the overall award decision; the offeror who proposes or demonstrates the most comprehensive plan for tutoring a protege will receive the highest rating for this evaluation factor during the source selection process. The evaluation will assess the offeror's willingness to assist such entities in receiving better market shares, improving their processes, and general contributing to their viability under long-term contracting arrangements.

(c) The proposal submitted by the successful offeror will be incorporated into its contract with DLA. The successful offeror will be expected to incorporate the salient points of the evaluated proposal into a written agreement (the MBA) with a protege selected by the offeror. The offeror's performance under the proposal will be monitored by the contracting officer and cognizant small business specialists (from the buying activity and/or the Defense Contract Management Command) during the contract period. This performance will be one factor used to determine placement of orders against multiple-award contracts and/or exercise of options in the contract's follow-on year (as applicable). It will also be used as an independent evaluation factor, and as an element of past performance evaluation, in subsequent source selection decisions.
