

**INFORMATION TO OFFERORS OR QUOTERS  
SECTION A - COVER SHEET**

*Form Approved  
OMB No. 9000-0002  
Expires Oct 31, 2004*

The public reporting burden for this collection of information is estimated to average 35 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to Department of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports (9000-0002), 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302. Respondents should be aware that notwithstanding any other provision of law, no person will be subject to any penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

**PLEASE DO NOT RETURN YOUR FORM TO THE ABOVE ADDRESS. RETURN COMPLETED FORM TO THE ADDRESS IN BLOCK 4 BELOW.**

1. SOLICITATION NUMBER  <b>SP0412-04-R-4637</b>	2. (X one)	3. DATE/TIME RESPONSE DUE
	<input type="checkbox"/> a. INVITATION FOR BID (IFB)	
	<input type="checkbox"/> b. REQUEST FOR PROPOSAL (RFP)	
	<input type="checkbox"/> c. REQUEST FOR QUOTATION (RFQ)	

**INSTRUCTIONS**

**Note:** The provision entitled "Required Central Contractor Registration" applies to most solicitations.

- If you are not submitting a response, complete the information in Blocks 9 through 11 and return to the issuing office in Block 4 unless a different return address is indicated in Block 7
- Offerors or quoters must include full, accurate, and complete information in their responses as required by this solicitation (including attachments). "Fill-ins" are provided on Standard Form 18, Standard Form 33, and other solicitation documents. Examine the entire solicitation carefully. The penalty for making false statements is prescribed in 18 U.S.C. 1001.
- Offerors or quoters must plainly mark their responses with the Solicitation Number and the date and local time for bid opening or receipt of proposals that is in the solicitation document.
- Information regarding the timeliness of response is addressed in the provision of this solicitation entitled either "Late Submissions, Modifications, and Withdrawals of Bids" or Instructions to Offerors - Competitive Acquisition".

42 NSNs - Fitting Assy

NOTE: Clause 52.219-27 Notice of Total Service-Disabled Veteran-Owned Small Business Set-Aside applies to this solicitation.

The purpose of this solicitation is to provide worldwide support for the National Stock Numbers (NSNs) listed in Attachment 1. The NSNs on this solicitation were chosen based on the fact that they fall into the same World Wide Web Industrial Capabilities (WICAP) grouping. WICAP uses the Department of Commerce's North American Industrial Classification System (NAICS) to group items based on similar manufacturing processes. The NSNs are from the 1560, 1615, 1620, 1650 and 1680 Federal Supply Class (FSC) and NAICS 336413.

The Government anticipates split awards under this solicitation.

For clarification purposes: When the term 'base year' is cited throughout this solicitation it is to be interpreted as 'base period' which consists of two years. The resultant contract(s) will have a two-year base period with three one-year option periods.

I. CONTRACT PERFORMANCE REQUIREMENTS:

A. Contract Type:

The contract(s) awarded will be Indefinite Delivery Indefinite Quantity type contract(s).

FAR Clause 52.216-22 (I71), Indefinite Quantity: The guaranteed minimum contract value is defined as 10% of the estimated value of the base period. The minimum contract value does not guarantee delivery orders for any particular item or group of items. The Government does not guarantee a minimum contract value for any subsequent option period.

For each award, the Government will compute a different guaranteed minimum contract value and maximum contract value for each contract awarded under this solicitation.

The guaranteed minimum contract values will be determined in accordance with the following formula:

10% of the estimated demand quantity (EDQ) for the NSNs on contract (base period only), computed as follows:

$$0.1 \times ( [ \text{NSN1 price} \times \text{EDQ} ] + [ \text{NSN2 price} \times \text{EDQ} ] + [ \text{NSN3 etc.} ] )$$

The maximum contract values will be determined in accordance with the following formula:

150% of the aggregated extended dollar value of the estimated demand quantity (EDQ) for the NSNs on contract. This calculation will apply to

the base period as well as each option period, computed as follows:

$1.5 \times ( [ \text{NSN1 price} \times \text{EDQ} ] + [ \text{NSN2 price} \times \text{EDQ} ] + [ \text{NSN3 etc.} ] )$

B. Delivery Order Transmission:

Delivery Orders (DO) will be issued to the contractor either through the Paperless Ordering Placement System (POPS), Automated Delivery Order (ADO) System or by the issuance of Manual Delivery Orders.

1. POPS

If the Paperless Order Placement System is selected as the automation method to be utilized, in accordance with DSCAP Clause 52.211-9G33-POPS-Computer Compatibility, the contractor shall establish interface capability with DLA's Standard Automated Material Management System (SAMMS) and Defense Automated Addressing System (DAAS). These interfaces will be for purposes of sending and receiving EC/EDI transmissions, electronic invoices and/or receipt transactions processing, and establishing two-way communication for logistics and management information. The Contractor shall ensure adequate systems interfaces are used to integrate commercial systems with Government systems for the entire logistics trail.

The following three EDI transactions are required for the purposes of transmitting the DOs and Tracking Performance:

850 Purchase/Delivery Order  
856 Shipment Notice Manifest  
997 Functional Acknowledgement

The Purchase/ Delivery Order (850) will be processed through Defense Supply Center Richmond. The Functional Acknowledgement (997) will show that the contractor has received the delivery order and will establish the order issue date. The Shipment Notice (856) will identify the order shipment date of the total quantity. The Functional Acknowledgement and Shipment Notice will be used to track contractor performance.

2. ADO System

The utilization of the ADO System would require Internet capability to receive email notification that the delivery order was available on the Procurement Gateway.

3. Manual Delivery Orders

Manual delivery orders would be issued for contractors unable to utilize POPS or ADO. Manual orders will also be issued for any delivery order containing a first article testing requirement, government furnished tooling, or for other special or unique requirements.

C. Technical Requirements for Items Delivered:

Items shall be manufactured in accordance with Government technical data packages, drawings and specifications. The contractor may obtain technical data using a combination of the following websites:

<http://www.dscr.dla.mil/tdmd>. Contractors must have a membership number to access technical data packages. Contractors must follow the instructions provided on this website to obtain a membership number and technical data.

Military Specifications (MIL-SPEC) and Federal Specifications (FED-SPEC) can be downloaded from the following websites:

<http://assist.daps.dla.mil/online/start/> <http://assist.daps.mil> and/or <http://dodssp.daps.mil>.

The Contractor is responsible for notifying the Government immediately if the drawings or technical data is different from the information cited in the PID.

D. Quality Requirements:

The contractor shall establish, implement, document and maintain a quality system that ensures conformance to all contractual requirements and meets the requirements of ISO 9001:2000. However, the contractor may propose an equivalent quality system model. If the contractor chooses to propose an equivalent quality system, FAR Clause 52.246-11 (E5), Higher Level Quality Requirements must be completed.

A Quality Matrix is included at attachment 3. The quality matrix provides information to supplement the requirements stated in the PID, and in the event that a conflict exists between these documents, the PID data shall be the prevailing requirement. An appendix to the quality matrix is included at attachment 4. The appendix designates which contract clauses apply to each quality requirement and provides references to handbooks that decode various quality codes.

E. Packaging Requirements:

Attachment 5 includes procurement identification descriptions (PID) obtained from the Contract Technical Data File (CTDF). Refer to individual PIDs for specific packaging requirements.

F. Inspection Requirements:

The PID data in Attachment 5 contains the inspection requirements for each individual NSN. Full texts of Quality Assurance Provisions (QAPs) are available on the DSCR Master Solicitation, Section 2, at <http://www.dscr.dla.mil/qap/qaps.htm>.

G. Delivery:

The contractor shall deliver to the DLA Distribution depot as designated in each individual delivery order. The contractor shall ship ordered items on or before the contract delivery date which will also be specified in each individual delivery order. Delivery shall be FOB Destination. The Contractor shall consolidate shipments from the same source to the same destination whenever possible.

#### H. Surge and Sustainment:

Surge and Sustainment NSNs and quantities are identified in Attachment 2. Surge and Sustainment requirements are outlined in clauses 52.217-9G25 and 252.217-9006 in Section I, and in 52.217-9G27 in Section M. In the attachment, the individual quantity requirements for each month are identified as well as the total six-month requirement per NSN. 'Surge Support' is one of the evaluation factors, therefore, offerors are required to comply with the specific clauses/provisions.

The 6000 Series CLINs identify the surge quantity that may be ordered by the Government in a military contingency. The Government is not obligated to order any of the surge quantities and the contractor should not ship such quantities without receipt of an order clearly designated for surge quantities

#### II. SUBMISSION OF OFFERS

##### A. Pricing:

For each NSN offered, the Contractor is to provide pricing for the base period and option periods. Attachment 1 identifies the NSNs, maximum order quantities, minimum order quantities and estimated demand quantities for the base period and option periods. The Contractor is required to utilize the electronic (Excel Spreadsheet) version of Attachment 1, for use in the electronic submittal of pricing and for Government ease in the evaluation process.

Contractors are encouraged to consider minimum order quantities (MOQ) when setting prices. Contractors are not required to honor delivery orders for quantities less than the MOQ [see Clause I67, 52.216-19]. However, it is important to note that offers will be evaluated based on estimated demand quantity (EDQ) [see DSCAP Clause M12, 52.216-9G09]. The quantity estimates provided are based on the best projections available at the time of this solicitation and are subject to change. Some of the NSNs may have an EDQ of zero; however, these NSNs may not necessarily have zero demands.

They may, in fact, be items recently assigned to DSCR, or items for which historical data is otherwise incomplete or unavailable, or items for which the Government has no recurring demands and therefore, cannot forecast any realistic estimates.

##### B. Delivery

Attachment 1 provides the recommended delivery, represented in days, for each NSN. Offerors may propose delivery times that differ from the

recommended delivery. Proposed delivery times will not be used in evaluating offers. The Contracting Officer may reject as unacceptable, without engaging in discussions, any offer whose proposed delivery time differs significantly from the recommended delivery time. In considering the difference, the contracting officer will consider, at a minimum, previous leadtimes from prior history of that particular NSN.

C. Surge and Sustainment:

Surge and Sustainment will be evaluated in accordance with DSCR 52.217-9G27 in Section M.

Offerors must identify investment costs, if any, to execute the surge plan. Reference DSCAP Clause 52.217-9G25 (I92K) and DLAD Clause 252.217-9006 (I89F). If no investment costs are necessary, state 'none.'

Investment Costs \$\_\_\_\_\_

D. Surplus Offers:

Surplus offers will not be considered for award as it is unlikely that offerors will be capable of providing surplus material for the life of the contract.

III. EVALUATION OF OFFERS:

Offers will be evaluated on an NSN-by-NSN basis, with each NSN awarded to the offeror who represents the best value. The Government will base the determination of best value on a comparative assessment of the offerors' prices and past performance. Contractors may quote on as many NSNs as they have the capability to perform. No preference will be given to the number of NSNs a contractor quotes. As indicated in DSCR Clause 52.215-9G06, the award(s) will be made to the offeror whose proposal conforms to the terms and conditions of the solicitation and represents the best value to the Government.

A. Price Evaluation:

Each individual NSN will be evaluated by multiplying the contractor proposed unit price by the estimated demand quantity to arrive at the total estimated price for each NSN. In those cases where the EDQ is zero or less than the MOQ, the Government will use the MOQ to represent the evaluated quantity.

The total evaluated price for each NSN will be the sum of the total evaluated price for base period and option periods, plus any additional proposed costs to include First Article testing, Surge and Sustainment and other applicable non-recurring costs.

B. Past Performance Evaluation:

Past Performance will be evaluated in accordance with DSCR Clause

52.215-9G05.

NOTE: This solicitation includes the attachments listed below which should be downloaded from the following DSCR website:

<http://www2.dscr.dla.mil/externalweb/userweb/kd> .

- Attachment 1: Pricing Workbook (Excel Spreadsheet)
- Attachment 2: Surge and Sustainment Price Sheet (Excel Spreadsheet)
- Attachment 3: Quality Matrix (Excel Spreadsheet)
- Attachment 4: Appendix to Quality Matrix
- Attachment 5: PID Data (html format)

FOR D001450000 PALLETIZATION REQUIREMENTS.

SPECIAL INSTRUCTIONS FOR FSCAP.

IN ADDITION TO ALL OTHER MIL-STD-129 MARKING REQUIREMENTS, THE LOT NUMBER, CONTRACTOR'S CAGE CODE, AND MANUFACTURER'S CAGE CODE WILL BE MARKED ON EACH UNIT, INTERMEDIATE, AND SHIPPING CONTAINER USING THE SAME METHOD USED FOR OTHER MIL-STD-129 MARKINGS. LOT NUMBERS SHALL BE PRECEDED BY THE PROPER DESIGNATION, E.G. LOT NO, AND SHALL BE ADJACENT TO THE CONTRACT NUMBER. THE LETTERS 'CAGE' AND EITHER 'PN' OR 'P/N' SHALL BE USED TO IDENTIFY THIS INFORMATION. THE CAGE CODE SHALL BE PLACED ADJACENT TO THE PART NUMBER.

...END SPECIAL INSTRUCTIONS...

For all shipments of packaged materiel to the government, which includes either depot (DLA-direct) or DVD (customer-direct) shipments, both DoD linear and 2-D bar code markings are required on military shipping labels in accordance with MIL-STD-129, revision P, dated December 15, 2002. 2-D bar coding shall be in accordance with ISO/IEC 15438, ISO/IEC 15434 (ANSI MH10.8.3) and DoD 4500.9-R. MSL linear (code 3 of 9 or code 39) bar coding shall be in accordance with ISO/IEC 16388. MSL label stock quality shall meet MIL-PRF-61002. MSL bar code print quality shall meet ANSI MH10.8-2000 or ANSI X3.182-1990 (R2000) for applicable 2-D and/or linear bar codes. All DVD shipments shall meet additional linear bar coding requirements in DLAD 52.211-9008. When the contract/order omits any data element required to be bar-coded, the field shall be zero-filled. These requirements do not apply to delivery orders when the basic contract has not been modified to require MIL-STD-129P. If

NOTICE TO CONTRACTORS: Per FAR 52.102, the majority of clauses, provisions, notices are included by reference (number, title, and date). For fill-ins providing or collecting data, this document will include only the paragraph(s) relating to the fill-in data. DSCR notes appended to FAR/DFARS clauses/provisions are full text.

Quality Assurance Provisions (QAPs), Contract Data Requirements Lists (CDRLs), drawings relating to Special Packaging Instructions (SPIs), and Individual Repair Parts Ordering Data (IRPODs) are included by reference.

FAR Clause 52.252-2 (Sec I) and FAR Provision 52.252-1 (Sec L) provide on-line sites for accessing the full text of these documents and DSCR Form P41 shipping instructions.

References in this document to MIL-STD-129 or MIL-STD-129 (Latest Revision) are intended to mean MIL-STD-129P, December 15, 2002.

**SECTION B**

**B24A 14-1 FACSIMILE BIDS/PROPOSALS  
DSCR (MAR 1999)**

(a) Facsimile bids/proposals, amendments (including final proposal revisions (FPRs)), and withdrawals will not be considered unless authorized in the solicitation by either Provision 52.214-31, Facsimile Bids, or 52.215-5, Facsimile Proposals (Sec L). IF NEITHER PROVISION IS IN THE SOLICITATION, FACSIMILE TRANSMITTED DATA AS DESCRIBED ABOVE SHALL BE REJECTED.

(b) In solicitations that do contain either Provision 52.214-31 or 52.215-5, bidders/offerors are notified that for bid/proposal security reasons the FACSIMILE EQUIPMENT AS IDENTIFIED IN THE PROVISION IS NOT LOCATED AT THE PLACE DESIGNATED FOR RECEIPT OF BIDS/OFFERS. REGULAR INTEROFFICE MAIL PICK-UP OF FACSIMILE TRANSMISSIONS OCCURS AT 10:30 A.M. AND 1:30 P.M. DAILY.

(1) Bids, bid amendments, and bid withdrawals received by the facsimile equipment prior to 10:30 a.m. on the day of bid opening will be presumed to have been received on time.

(2) Proposals, amendments to proposals, withdrawals of proposals, and FPRs received by facsimile equipment prior to 1:30 p.m. on the day of closing will be presumed to have been received on time.

**B33 17-5 MANDATORY OPTION REQUIREMENT  
DSCR (MAR 1999)**

The option clause in Section I of this solicitation is MANDATORY. FAILURE TO PROVIDE this pricing information may result in rejection of your offer. If Schedule prices are requested on both an origin and destination basis and/or on incremental quantities, option prices must be offered in the same manner.

**B47 27-1 RIGHTS GUARD  
DSCR (FEB 1998)**

Rights Guard data restrictions apply; see Clause 52.227-9G05 (Section I). Prior to requesting technical data an Annual Certification for the Use of Rights Guard Technical Data, DSCR Form P42, and an Annual Rights Guard Destruction Certification, DSCR Form 4178, must be on file at DSCR-VA, ATTN: Rights Guard Program, Richmond, VA 23297-5604. Contact 804-279-5912 for forms.

**B68 47-3A DSCR FORM P-41 FREIGHT SHIPPING  
INFORMATION (OCT 1999)**

Freight shipping addresses and scheduling instructions, if applicable, are available in Section 3 of the DSCR Master Solicitation <http://www.dscr.dla.mil/procurement/mastersol.htm>.

**SECTION D**

**D4K 52.211-9G73 PACKAGING AND MARKING  
REQUIREMENTS (MAR 2004) DSCR**

(a) Unless stated otherwise, commercial packaging in accordance with ASTM-D-3951 is required for CONUS shipments from the contractor directly to the customer. Commercial

packaging and marking is not sufficient for vendor shipments requiring movement through the Defense Transportation System (also referred to as the Military Distribution System or DLA Depot) as the shipment could ultimately be moved via Military Air.

(b) Higher level packaging in accordance with MIL-STD-2073 is mandatory for all shipments that meet the below criteria:

Movement through the Defense Transportation System including shipments to a Military Distribution facility or depot.

OCONUS shipments  
FMS shipments  
Hazardous material, as cited in the AID or in the Quality Requirements Matrix.

(c) Materials not considered as HAZMAT for CONUS or OCONUS commercial air shipments may be considered HAZMAT for MILAIR shipments OCONUS. As such, contractors/shippers shall ensure that material meeting HAZMAT definitions in DLAI 4145.3, Preparing Hazardous Materials for Military Air Shipment, is packaged in accordance with that instruction when the consignee is OCONUS and the shipment will be moved through the Defense Transportation System. DLAI 4145.3 is available on the internet at: [www.dsccl.dla.mil/downloads/packaging/dlai4145\\_3.pdf](http://www.dsccl.dla.mil/downloads/packaging/dlai4145_3.pdf).

(d) All items shall be marked in accordance with MIL-STD-129P. Hazardous items and shelf life items, as cited in the AID or in the Quality Requirements Matrix, shall be marked in accordance with MIL-STD-129P and the appropriate clauses cited in the appendix to the matrix and the contract. The contractor is required to package material in accordance with Quantity Unit Pack (QUP), specified in MIL-STD-2073 and the Unit of Issue (UI), specified in each delivery order. A packing slip shall be located in a plastic pouch on the outside of the package. For HAZMAT destined OCONUS, a hard copy of the Material Safety Data Sheet (MSDS) must also be included.

(e) In the event of deployments, this clause may be invoked when shipments originally destined for a CONUS location are diverted to OCONUS destinations thereby necessitating movement of the material through the Defense Transportation System. In such an event, contractors will be notified by the Contracting Officer and an equitable adjustment will be made in the contract price as deemed appropriate.

NOTE: Applicable to negotiated solicitations. Offers that do not comply with the packaging and marking requirements as specified in Section D of this solicitation may be subject to rejection as being technically unacceptable.

**D04 52.211-9010 MILITARY SHIPPING LABEL (MSL)  
REQUIREMENT - MIL-STD-129P  
(FEB 2004)**

(a) MIL-STD-129, Revision P, dated December 15, 2002, establishes the requirement for Contractors that ship packaged materiel to the Government to provide both linear and two-dimensional (2-D) bar coding on military shipping labels (MSLs) (but see exceptions in paragraph (d)). The new requirements apply to all shipments, which includes either depot (DLA-Direct) or DVD (Customer-Direct) shipments. Linear (Code 3 of 9 or Code 39) bar codes continue to be required on interior packages (unit and intermediate packages) for the National Stock Number (NSN) and, when applicable, the serial number; and on shipping containers and palletized unit loads for the NSN, Contractor and Government Entity (CAGE) Code, contract number and, when applicable, the serial number. The new requirements do not apply to delivery orders when the basic contract has not been modified to require MIL-STD-129P.

(b) The new MSL replaces former DD Form 1387 and is illustrated in Figures 2a and 2b of MIL-STD-129P. The MSL requires Code 3 of 9 or Code 39 linear bar codes for the Transportation Control Number (TCN), piece number and DoDAAC for the ultimate consignee or mark-for address. The 2-D bar code on the MSL must contain the document (requisition) number, NSN, Routing Identifier Code (RIC), Unit of Issue, Quantity, Condition Code, and Unit Price, which are ordinarily included on the DD Form 250 or the DD Form 1348-1A. MIL-STD-129P provides numerous illustrations of what must be bar-coded and the recommended placement of the bar code. When the contract omits any data element required to be bar-coded, the field should be

PAGE OF PAGES

14

28

zero-filled.

(c) MIL-STD-129P, sources for conforming labels, and related information are available on the DLA Packaging Web Site at URL: <http://www.dscc.dla.mil/offices/packaging/specstdslist.html#STDs>.

(d) This clause does not apply to -

(1) Subsistence items procured through full-line food distributors (prime vendors), 'market ready' type items such as fresh milk, ice cream, and other fresh dairy products, fresh bread and other fresh bakery products, and all fresh fruits and vegetables, shipped within the Continental United States (CONUS) to customers within CONUS;

(2) Any item for which ownership remains with the vendor until the item is placed in designated locations at the customer location prior to issuance to the customer. Government control begins upon placement of the item by the vendor into the designated location or issuance from the designated location by vendor personnel (i.e., the vendor is required to stock bins at the customer location and/or issue parts from a vendor controlled parts room); or

(3) Bulk purchases of petroleum, oil and lubricant products delivered by (1) pipeline; or (2) tank car, tanker and tank trailer for which the container has (i) a capacity greater than 450 L (119 gallons) as a receptacle for a liquid; (ii) a maximum net mass greater than 400 kg (882 pounds) and a capacity greater than 450 L (119 gallons) as a receptacle for a solid; or (iii) a water capacity greater than 454 kg (1000 pounds) as a receptacle for a gas.

NOTES: In bar code element 1 above, the Document Number consists of a 14-character (15 characters when a suffix is included) alphanumeric code. It may be listed on a contract/award as the Requisition Number, Transportation Control Number (TCN), etc.

In bar code element 2 above, the NSN will appear as a 13-digit code without the dashes.

In bar code element 3 above:

The RIC for each procuring activity is as follows:

- S9C - Defense Supply Center Columbus - Construction
- S9E - Defense Supply Center Columbus - Electronics
- S9G - Defense Supply Center Richmond
- S9I - Defense Supply Center Philadelphia - General and Industrial
- S9T - Defense Supply Center Philadelphia - Clothing and Textiles
- S9M - Defense Supply Center Philadelphia - Medical Materiel
- S9P - Defense Supply Center Philadelphia - Perishable Subsistence
- S9S - Defense Supply Center Philadelphia - Semi-perishable Subsistence

The appropriate unit of issue (U/I) will appear as a two digit alpha character.

The quantity will appear as a five-position number, including zero fillers on the left.

The above will be followed by an 'A' and eight zeros, (i.e. 'A00000000')

NO SPACES SHALL SEPARATE THE INDIVIDUAL DATA ELEMENTS WITHIN EACH LINE.

SECTION F

F1BA 52.211-16 VARIATION IN QUANTITY (APR 1984)

(b) The permissible variation shall be limited to:

0 % (Percent) Increase 0 % (Percent) Decrease

This increase or decrease shall apply to the quantity at the line item level, or for phased delivery at the sub-clin level, as designated by item number followed by two alphas, i.e. 0001AA. The variation (if any) shall be shipped with the quantity for the line item, or for phased delivery the quantity specified for each sub-clin. Under no circumstances will the contractor ship a variation in quantity against any line item/sub-clin other than as specified in the delivery schedule.

DSCR NOTE: Any quantity shipped against the line/sub-clin that exceeds the stated line item/sub-clin quantity plus variation (if any) will be returned and the contractor will be responsible for return shipment costs.

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued --

FROM: DATE OF AWARD

THROUGH: 2 YEARS AFTER DATE OF AWARD

DSCR NOTE: Ordering period above is based upon the assumption that an award will be made by 11/26/2004. The ordering period specified in paragraph (a) above will be extended by the number of calendar days after the assumption date that the contract is, in fact, awarded.

for first article tests.

(b) Within calendar days after the Government receives the first article, the Contracting Officer shall notify the contractor, in writing of the conditional approval, approval, or disapproval of the first article.

I67 52.216-19 ORDER LIMITATIONS (OCT 1995)

(a) Minimum Order. When the Government requires supplies or services covered by this contract in an amount of less than N/A DVD or ATTACHMENT Stock, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum Order. The Contractor is not obligated to honor -

- (1) Any order for a single item in excess of N/A DVD or ATTACHMENT Stock
- (2) Any order for a combination of items in excess of , or
- (3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in subparagraph (1) or (2) above.

(d) Notwithstanding paragraphs (b) and (c) above, the contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 7 days after issuance, with written notice stating the contractor's intent not to ship the item (or items) called for and the reasons.

CONTINUATION SHEET

Solicitation Number:  
SP0412-04-R-4637

PAGE OF PAGES  
17 28

the exercise of any options under this clause, shall not exceed 60 months.

**I92BA 52.217-9G15 FLEXIBLE OPTIONS  
DSCR (NOV 1996)**

(a) This solicitation is for an indefinite quantity with a guaranteed minimum for one year, the base year. It also includes 3 options for one year each.

(c) To exercise this right, the Government will provide written notice of its intent to exercise the option any time after having ordered 99% of the stated maximum or within thirty days of the effective date of any delivery order that reaches the stated maximum quantity.

**I92F 52.217-9G20 ADDITION/DELETION OF ITEMS ON  
CONTRACT DSCR (DEC 2000)**

(a) The Government retains the right to unilaterally delete from the contract, at each option renewal period, any items which were awarded on a sole source basis, in the event that an alternate product is available from another source.

(b) The Government reserves the right to bilaterally add to the contract new or replacement items, by modification, at prices to be negotiated. All new requirements are subject to full and open competition for the period of time remaining on the contract prior to addition to the contract.

(c) If any item in this contract becomes obsolete or is discontinued as a commercial catalog item, the contractor will provide the Government thirty (30) days advance written notice of such obsolescence, or cancellation and agrees to honor delivery orders for the item issued under this contract during such thirty (30) day period. The Government will delete any such item from this contract after receiving the required notice. If the contractor considers another commercial catalog item as a suitable substitute or replacement for the discontinued item, it will so advise the Government at the time it advises of the discontinued item. If the Government elects to include the replacement item in the contract, the contract will be modified accordingly.

(d) If the contractor discontinues an item without replacement, the contractor will advise the Government of alternate sources of supply for a comparable item.

**I92K 52.217-9G25 SURGE & SUSTAINMENT REQUIREMENT  
DSCR (JUN 2001)**

(a) Definitions. As used in this clause-

(1) 'Surge and Sustainment (S&S) Capability' means the ability of the contractor and base suppliers to meet increased quantity/accelerated delivery requirements, using production and supplier base capabilities, in support of a broad spectrum of possible Department of Defense contingencies. This capability includes both the ability to ramp-up to meet early requirements (i.e., surge), as well as to sustain an increased production and delivery pace throughout the contingency(ies) (i.e., sustainment). The spectrum of possible contingencies includes major theatre warfare and smaller-scale contingency operations.

(2) 'Surge and Sustainment (S&S) Quantity' means the quantity beyond peacetime level requirements necessary to support contingency operations. The quantity and required delivery are identified on an NSN basis, representing that needed to support two separate contingency operations for a specified time period, generally a year unless otherwise specified in the schedule.

(b) Scope of Requirement. The Contractor agrees to maintain the capability to produce and deliver the quantity

of supplies or services identified in the schedule as the S&S requirement throughout the life of the contract. This capability shall be maintained in addition to peacetime level requirements and other existing Government contracts.

(1) Notification of S&S Capability Changes. Changes that negatively impact S&S capability shall be reported in writing to the Contracting Officer within ten working days after the contractor becomes aware of such impact. Such notification shall include the Contractor's proposed corrective action plan.

(2) Changes and Additions. The Government reserves the right to revise, reassess, or update S&S requirements during the life of the contract.

(3) Agreement to Participate in S&S Validation/Testing. By submission of an offer for the S&S requirement, the contractor agrees to participate in S&S testing as required by the Government to validate the S&S capability. Testing/validation may include, but not be limited to, participation in live exercises, participation in Commander-in-Chiefs or Joint Chiefs of Staff exercises approved in the DLA Joint Training Plan, paper exercises, simulations, or command post exercises. The Government reserves the right to require tests using other methodologies when deemed appropriate.

(c) Ordering. Any S&S designated supplies or services to be furnished under this contract will be ordered in accordance with the ordering clause by issuance of delivery orders or task orders specifically identified as 'S&S Orders.'

(1) Effective Date for S&S Capability. Orders for the S&S quantity may be issued immediately after award unless the contractor has identified during negotiations, and the Government has approved, an alternate date for the contractor to attain the required S&S capability. The contractor's capability assessment shall clearly support the alternate date for attaining full S&S capability.

(2) Limitations. The order limitations clause applicable to the peacetime level requirements shall not apply to the S&S quantity to the extent that it conflicts with the quantity necessary to support a contingency. The Government reserves the right to order less than the total phased quantity specified for each S&S delivery. The Government may order in excess of each phased delivery quantity provided the contractor shall accept the excess quantity. Multiple orders for the same NSN may be issued to support multiple contingencies provided the total quantity ordered does not exceed the total S&S quantity for all phases of delivery.

(3) Contract Ceiling. The Government reserves the right to increase the contract ceiling as necessary to accommodate the S&S quantity to the extent such quantity was not considered when establishing the initial contract ceiling.

(d) Options to Extend the Contract Term: The Government may consider the contractor's performance of the S&S requirements in determining whether exercise of the option is the most advantageous method of meeting the Government's needs. Factors that may be considered include maintenance of the S&S capability; results of validation/testing; performance during an actual contingency; and other pertinent information related to the S&S requirement.

NOTE: The DSCR ANNUAL Certificate of Destruction, DOES NOT IN ANY WAY IMPLY OR PROVIDE AUTHORITY FOR YOUR COMPANY TO RETAIN THE DATA BEYOND THE TIMEFRAMES ESTABLISHED ABOVE. Suspected and actual instances of data retention provided by DSCR beyond these timeframes will be reported to The Boeing Company for remedy. Furthermore, failure to comply with this obligation shall be grounds for your removal from the list of qualified bidders for any other solicitation involving Boeing technical data.

(d) The Government shall have the right to audit supplier's/bidder's/offoror's records to ensure the destruction of Boeing proprietary data.

(e) All suppliers shall comply with MIL-STD-130 for the purpose of distinguishing any spare parts made using Boeing Rights Guard technical data.

I196W	252.232-7003	ELECTRONIC SUBMISSION OF PAYMENT REQUESTS DFARS (JAN 2004)
-------	--------------	--

(a) Definitions. As used in this clause-

(1) 'Contract financing payment' and 'invoice payment' have the meanings given in section 32.001 of the Federal Acquisition Regulation.

(2) 'Electronic form' means any automated system that transmits information electronically from the initiating system to all affected systems. Facsimile, e-mail, and scanned documents are not acceptable electronic forms for submission of payment requests. However, scanned documents are acceptable when they are part of a submission of a payment request made using one of the electronic forms provided for in paragraph (b) of this clause.

(3) 'Payment request' means any request for contract financing payment or invoice payment submitted by the Contractor under this contract.

(b) Except as provided in paragraph (c) of this clause, the Contractor shall submit payment requests using one of the following electronic forms:

(1)Wide Area WorkFlow-Receipt and Acceptance (WAWF-RA). Information regarding WAWF-RA is available on the Internet at <https://wawf.eb.mil>.

(2) Web Invoicing System (WInS). Information regarding WInS is available on the Internet at <https://ecweb.dfas.mil>.

(3) American National Standards Institute (ANSI) X.12 electronic data interchange (EDI) formats.

(i) Information regarding EDI formats is available on the internet at <http://www.X12.org>.

(ii) EDI implementation guides are available on the Internet at <http://www.dfas.mil/ecedi>.

(4) Another electronic form authorized by the Contracting Officer.

(c) If the Contractor is unable to submit a payment request in electronic form, or DoD is unable to receive a payment request in electronic form, the Contractor shall submit the payment request using a method mutually agreed to by the Contractor, the Contracting Officer, the contract administration office, and the payment office.

(d) In addition to the requirements of this clause, the Contractor shall meet the requirements of the appropriate payment clauses in this contract when submitting payment requests.

DSCR NOTE:

In regard to electronic invoicing requirements of DFARS Clause 252.232-7003 (Section I), DFAS is currently unable to accept electronic invoices for additive CLINs in the 9900 series, such as First Article, Progress Payments, etc. In instances where additive CLINs are involved, the contractor may invoice for the line items for the supplies through Wide Area WorkFlow-Receipt and Acceptance (WAWF-RA) for faster payment. However, invoices for additive CLINs must be a paper document submitted via mail.

Contractors have the option of preparing and submitting a paper invoice for all contract line items, including additive CLINs. Invoices are to be submitted via mail. DSCR (APR 2004)

I199	52.233-1	DISPUTES (JUL 2002)
------	----------	---------------------

DSCR NOTE:

DSCR has in place a process to mediate two types of contract disputes: (1) contract claims filed pursuant to the Contract Disputes Act of 1978, as amended, 41 U.S.C. 601-613, (CDA), prior to issuance of a final decision by the contracting officer, that arise as a result of either a contractor or government claim, except for proposed Terminations for Default, and (2) other contract disputes, resulting from an issue in controversy, that the contracting officer determines suitable for mediation. Mediation involves a neutral, called a mediator, who assists both parties as they try to resolve their dispute voluntarily and produce a solution that is acceptable and beneficial to both. After unassisted negotiations over an issue in controversy have proven ineffective in either situation, the contracting officer will contact the contractor seeking to resolve the dispute through mediation. In either situation, a contractor's decision not to engage in mediation shall be conveyed in writing to the contracting officer.

Mediation undertaken pursuant to this process does not waive the statutory time limitations of the CDA, within which a contracting officer must issue a final decision on a claim filed pursuant to the CDA, as expressed in FAR Clause 52.233-1, Disputes, paragraph (e). If mediation is unsuccessful, the parties retain their existing rights under the CDA. (99140)

**K6 52.207-4 ECONOMIC PURCHASE QUANTITY - SUPPLIES (AUG 1987)**

[ ] OTHER:

(a) Offerors are invited to state an opinion on whether the quantity(ies) of supplies on which bids, proposals, or quotes are requested in this solicitation is (are) economically advantageous to the Government.

SECTION K

**K2 52.203-2 CERTIFICATE OF INDEPENDENT PRICE DETERMINATION (APR 1985)**

(b) Each offeror who believes that acquisition in different quantities would be more advantageous is invited to recommend an economic purchase quantity. If different quantities are recommended, a total and a unit price must be quoted for applicable items. An economic purchase quantity is that quantity at which a significant price break occurs. If there are significant price breaks at different quantity points, this information is desired as well.

(a) The offeror certifies that:

(1) The prices in this offer have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other offeror or competitor relating to (i) those prices, (ii) the intention to submit an offer, or (iii) the methods or factors used to calculate prices offered.

(2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and

(3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by signatory that the signatory --

(1) Is the person in the offeror's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to Subparagraphs (a) (1) through (a) (3) above; or

(2) (i) has been authorized, in writing, to act as agent for the following principals in certifying that those principals have not participated, and will not participate in any action contrary to Subparagraphs (a) (1) through (a) (3) above . . .

(Insert below the full name of person(s) in the offeror's organization responsible for determining the prices offered in this bid or proposal, and the title of his or her position in the offeror's organization);

K16A 52.219-1 SMALL BUSINESS PROGRAM REPRESENTATIONS (MAY 2004) ALT I (APR 2002)

- (a) (1) The North American Industry Classification System (NAICS) code for this acquisition is 336413. (2) The small business size standard is 1000 employees. (3) The size standard for non-manufacturers is 500 employees. (b) Representations.

- (1) The offeror represents as part of its offer that it [ ] is, [ ] is not a small business concern. (2) (Complete only if the offeror represented itself as a small business concern in paragraph (b) (1) of this provision.) The offeror represents, for general statistical purposes, that it [ ] is, [ ] is not a small disadvantaged business concern as defined in 13 CFR 124.1002. (3) (Complete only if the offeror represented itself as a small business concern in paragraph (b) (1) of this provision.) The offeror represents as part of its offer that it [ ] is, [ ] is not a women-owned small business concern. (4) (Complete only if the offeror represented itself as a small business concern in paragraph (b) (1) of this provision.) The offeror represents as part of its offer that it [ ] is, [ ] is not a veteran-owned small business concern. (5) (Complete only if the offeror represented itself as a veteran-owned small business concern in paragraph (b) (4) of this provision.) The offeror represents as part of its offer that it [ ] is, [ ] is not a service-disabled veteran-owned small business concern. (6) (Complete only if offeror represented itself as a small business concern in paragraph (b) (1) of this provision.) The offeror represents, as part of its offer, that--

(i) It [ ] is, [ ] is not a HUBZone small business concern listed, on the date of this representation, on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration, and no material change in ownership and control, principal place of ownership, or HUBZone employee percentage has occurred since it was certified by the Small Business Administration in accordance with 13 CFR part 126; and

(ii) It [ ] is, [ ] is not a joint venture that complies with the requirements of 13 CFR part 126, and the representation in paragraph (b) (6) (i) of this provision is accurate for the HUBZone small business concern or concerns that are participating in the joint venture. [The offeror shall enter the name or names of the HUBZone small business concern or concerns that are participating in the joint venture: \_\_\_\_\_.] Each HUBZone small business concern participating in the joint venture shall submit a separate signed copy of the HUBZone representation.

(7) (Complete when acquisition value is estimated at greater than \$25,000 and offeror represented itself as disadvantaged in paragraph (b) (2) of this provision). The offeror shall check the category in which its ownership falls:

- [ ] Black American. [ ] Hispanic American. [ ] Native American (American Indians, Eskimos, Aleuts, or Native Hawaiians). [ ] Asian-Pacific American. [ ] Subcontinent Asian (Asian-Indian),

CONTINUED ON NEXT PAGE

(c) The information requested in this provision is being solicited to avoid acquisitions in disadvantageous quantities and to assist the Government in developing a data base for future acquisitions of these items. However, the Government reserves the right to amend or cancel the solicitation and resolicit with respect to any individual item in the event quotations received and the Government's requirements indicate that different quantities should be acquired.

K7A 52.209-5 CERTIFICATION REGARDING DEBARMENT, SUSPENSION, PROPOSED DEBARMENT, AND OTHER RESPONSIBILITY MATTERS (DEC 2001)

- (a) (1) The offeror certifies, to the best of its knowledge and belief, that - (i) The offeror and/or any of its principals - (A) are [ ] are not [ ] presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency; (B) have [ ] have not [ ], within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and (C) are [ ] are not [ ] presently indicted for, or otherwise criminally or civilly charged by a Governmental entity with, commission of any of the offenses enumerated in Subdivision (a) (1) (i) (D) of this provision. (ii) The offeror, has [ ] has not [ ], within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

K8 252.209-7001 DISCLOSURE OF OWNERSHIP OR CONTROL BY THE GOVERNMENT OF A TERRORIST COUNTRY DFARS (MAR 1998)

K13A 52.215-6 PLACE OF PERFORMANCE (OCT 1997)

(a) The offeror or respondent, in the performance of any contract resulting from this solicitation, [ ] intends, [ ] does not intend

(check applicable block) to use one or more plants or facilities located at a different address from the address of the offeror or respondent as indicated in this proposal or response to request for information.

(b) If the offeror or respondent checks 'intends' in paragraph (a) of this provision, it shall insert in the following spaces the required information:

PLACE OF PERFORMANCE: (STREET ADDRESS, CITY, COUNTY, STATE ZIP CODE)

NAME AND ADDRESS OF OWNER AND OPERATOR OF THE PLANT OR FACILITY IF OTHER THAN OFFEROR OR QUOTER.

**L48B 52.215-16 FACILITIES CAPITAL COST OF MONEY (JUN 2003)**

**L50C 52.215-20 REQUIREMENTS FOR COST OR PRICING DATA OR INFORMATION OTHER THAN COST OR PRICING DATA (OCT 1997)**

DSCR NOTE: The Standard Forms (SF) 1411 and 1448 have been eliminated and are no longer available for use.

Offerors must prepare and submit cost or pricing data and supporting attachments as specified in Table 15-2 of FAR 15.408, unless an exception applies or cost or pricing data is required to be submitted on one of the termination forms as specified in FAR Subpart 49.6. When an exception applies, offerors must submit information other than cost or pricing as prescribed in paragraph (a) of provision 52.215-20 above. Submission of information other than cost or pricing data does not preclude the Contracting Officer from requiring cost or pricing data under paragraph (b) of provision 52.215-20 above. DSCR (MAR 1999)

**L51 52.215-9G01 CLAIMS FOR FACILITIES CAPITAL COST OF MONEY DSCR (JAN 1998)**

**CLAIM FOR FACILITIES CAPITAL COST OF MONEY:**

(a) Offerors claiming Facilities Capital Cost of Money in accordance with FAR Clause 52.215-16 in Section I of this solicitation are required to complete and submit with the proposal Form CASB-CMF. Forms are available from the offeror's cognizant ACO. Instructions for completion of the CASB form are provided at FAR Appendix Cost Accounting Standards, Preambles and Regulations, Subpart 9904.414, Appendix A. In addition, offerors must provide the distribution of facilities capital employed as follows:

**LAND** \_\_\_\_\_ **%**, **BUILDING** \_\_\_\_\_ **%**, **EQUIPMENT** \_\_\_\_\_ **%**.

(b) If the offeror does not include Facilities Capital Cost of Money with the proposal, this provision does not apply.

**L53 52.216-1 TYPE OF CONTRACT (APR 1984)**

The Government contemplates award of a

[X] FIRM FIXED PRICE

[ ] FIXED PRICE/ECONOMIC PRICE ADJUSTMENT

[ ] FIXED PRICE/PRICE REDETERMINATION

contract resulting from this solicitation.

**L59DA 52.217-9G26 SURGE & SUSTAINMENT CAPABILITY ASSESSMENT DSCR (JUNE 2001)**

(a) Proposals submitted in response to this solicitation shall include a proposed approach to meeting the Surge & Sustainment (S&S) requirement identified in the schedule. The proposed approach shall include the initial ramp up (surge) and subsequent production and delivery (sustainment) of supplies to support simultaneous contingencies. The contractor's proposed approach shall be supported by a production capability assessment, as an attachment to the proposal, containing, but not limited to, the following areas:

(1) The contractor's methodology enabling visibility of supplier base resources on a continuing basis.

(2) Identify supplier base inventories, production capability, on-demand manufacturing and advanced technology capabilities, or any other means of support available to meet S&S requirements and, based on this identification, a description of S&S strategies for all items.

(3) Identify 'problem' items for which S&S cannot be easily met, proposed solutions for these items, and any significant investments (dollars or otherwise) needed to implement these solutions, including investments by the Government.

(4) Describe access to, and plans for, coordinating distribution and transportation services for meeting S&S requirements.

(5) The contractor's agreements with suppliers and service providers that reflect access to S&S resources.

(6) Clearly identify any significant investments (dollars or otherwise) required to resolve the problem areas identified under subparagraph (3), or other subparagraphs above, needed to develop S&S capability, including, but not limited to, the following information:

(i) Why the investment is needed;

CONTINUED ON NEXT PAGE

**CONTINUATION SHEET**

**Solicitation Number:**  
**SP0412-04-R-4637**

**PAGE OF PAGES**  
**25 28**

- (ii) what will be purchased with the investment;
- (iii) basis for the investment cost;
- (iv) the S&S capability to be gained from the investment; and,
- (v) for investments needed to affect strategies, an analysis of what strategies were considered and why the proposed strategies are the most cost effective.

If an offeror wishes to file an Agency-level protest, but does not wish to engage in a mediation, the Agency-level protest should state that the protesting party does not wish to participate in a mediation and would like a decision on the written record.

(7) If the S&S requirements can be easily met with current levels of production, the following information may be provided in lieu of the detailed assessment requested above:

- (i) The contractor's rationale for concluding the required S&S resources are readily available; and,
- (ii) the contractor's ability to meet the S&S requirements through access to these resources.

(Note: The commercial nature of an item, in and of itself, is not an adequate rationale for concluding the item is readily available. The information submitted shall include a description of access to, and plans for, coordinating distribution and transportation services for meeting S&S requirements.)

**L75BC 52.233-9001 DISPUTES: AGREEMENT TO USE ALTERNATIVE DISPUTE RESOLUTION DLAD (JUN 2001)**

(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor (see FAR 52.233-1), or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and with legal counsel (see DLA Directive 5145.1). Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.

(c) If you wish to opt out of this clause, check here ( ). Alternate wording may be negotiated with the contracting officer.

**L75 52.233-2 SERVICE OF PROTEST (AUG 1996)**

(a) Protests, as defined in Section 33.101 of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the General Accounting Office (GAO), shall be served on the --

Contracting Officer

Richmond, VA 23297-5000

**L82 52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)**

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):

Federal Acquisition Regulation (FAR) <http://www.arnet.gov/far>

DoD FAR Supplement (DFARS) <http://www.acq.osd.mil/dp/dars/dfars.html>

DSCR Master Solicitation organized as follows: <http://www.dscr.dla.mil/procurement/mastersol.htm>

- Section 1: Full text of DLA clauses and provisions and DSCR clauses, provisions, and notices.
- Section 2: Full text Quality Assurance Provisions (QAPs)
- Section 3: Shipping/scheduling information for freight shipments destined for stock locations (DSCR Form P41 reference for freight shipments).
- Section 4: Procurement Automated Contract Evaluation (PACE) Instructions
- Section 5: Full text of Contract Data Requirements List (CDRLs)
- Section 6: Special Packaging Instruction (SPIs) Drawings
- Section 7: Full text of Individual Repair Parts Ordering Data (IRPODs)

DLA site with links to all of the above <http://www.procregs.hq.dla.mil/icps.htm>

DSCR NOTE: Where only a portion of text is included in the solicitation document in order to provide or collect fill-in data or to append a DSCR note to a FAR/DFARS provision, the text as included in the solicitation is not intended to be represented as the full text of the provision.

by obtaining written and dated acknowledgment of receipt from the issuing office referenced on the solicitation/award.

**L75B 52.233-9000 AGENCY PROTESTS DLAD (SEP 1999)**

Companies protesting this procurement may file a protest

1. with the contracting officer,
2. with the General Accounting Office, or
3. pursuant to Executive Order No. 12979, with the Agency for a decision by the Activity's Chief of the Contracting Office.

Protests filed with the agency should clearly state that they are an 'Agency Level Protests filed under Executive Order No. 12979.' (Note: DLA procedures for Agency Level Protests filed under Executive Order No. 12979 allow for a higher level decision on the initial protest than would occur with a protest to the contracting officer; this process is not an appellate review of a contracting officer's decision on a protest previously filed with the contracting officer). Absent a clear indication of the intent to file an agency level protest, protests will be presumed to be protests to the contracting officer.

**DSCR NOTE:**

Executive Order 12979 encourages the use of Alternative Dispute Resolution in resolving Agency-level protests. Therefore, DSCR has in place a process to mediate Agency-level protests filed pursuant to Executive Order 12979. Mediation is a voluntary process where the parties meet with a third party neutral (the mediator) to discuss their positions and open a dialogue. The mediator does not make any decisions on the dispute, but rather helps the parties explore their concerns and possible avenues for solutions. Any mediation will occur at DSCR. A trained DSCR mediator who has not had previous personal involvement in the procurement will conduct the mediation. If resolution of the protest is not reached through the mediation process, the protest will be forwarded to the Chief of the Contracting Office for a written decision on the record.

L83 52.252-5 AUTHORIZED DEVIATIONS IN PROVISIONS (APR 1984)

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provision with an Authorized deviation is indicated by the addition of '(Deviation)' after the date of the provision.

(b) The use in this solicitation of any Defense FAR Supplement (48 CFR chapter 2) provision with an authorized deviation is indicated by the addition of '(Deviation)' after the name of the regulation.

**SECTION M**

M5 52.213-9001 EVALUATION FACTOR FOR SOURCE INSPECTION DLAD (MAR 2004)

M8 52.214-9002 TRADE DISCOUNTS DLAD (JUN 1983)

M10AA 52.215-9003 SOCIOECONOMIC EVALUATIONS DLAD (OCT 1996)

M10F 52.215-9G05 AUTOMATED BEST VALUE SYSTEM DSCR (JUL 2002)

(a) The Automated Best Value System (ABVS) Score as an Element of Past Performance Evaluation.

(1) ABVS scores do not determine eligibility for award or technical acceptability. The Government shall use ABVS scores to compare past performance among offerors, not to make determinations of responsibility.

(2) To evaluate each offeror's past performance, DLA will assign an ABVS score to each offeror based on the offeror's past performance. ABVS scores for performance in each Federal Supply Class (FSC score) will be based on DLA consolidated performance history. An offeror may have multiple FSC scores but will have only one DLA score, which is a compilation of the offeror's FSC scores for all business conducted with DLA. These scores will be calculated monthly and remain in effect for a month. The ABVS score is a combination of an offeror's delivery and quality scores. The quality score reflects validated contractor caused product and packaging nonconformances during the rating period. For administrative purposes, the rating period excludes the most recent 30 days. The delivery score reflects all lines shown as delinquent during the rating period. For administrative purposes, the rating period excludes the most recent 60 days. For ABVS purposes, delinquent lines represent shipments not shipped and/or received in their entirety by the contract delivery date. The 30 and 60 day offset periods are NOT grace periods.

(3) Business Systems Modernization.

(i) The Defense Logistics Agency is developing and installing a new suite of commercial business software we call Business Systems Modernization (BSM). BSM will replace the old material management systems with the best of today's business applications. The first phase of BSM that will affect both DLA and our business partners is called the Concept Demonstration. This Concept Demonstration will use actual BSM software, real time data and actual transactions such as solicitations and awards. But because of the new software being tested, certain processes will change during the test and one of the most important is the change in ABVS. The collection of past performance information for certain NSNs in ABVS has been changed by the new software and will be affected by this Concept Demonstration beginning in August 2002.

(ii) Beginning in August 2002, ABVS will not collect performance information on NSNs that are included in this BSM test. The performance data for quality and delivery performance from new contract awards for these NSNs will not be used in the calculation of FSC scores. The contract line items will also not be included in the total number of contract line items on which the FSC score is based. Subsequently, the DLA score, which is a compilation of the FSC scores, will not include performance data from new awards on these NSNs. For NSNs, which are not in the BSM test, ABVS will continue to work as it does today.

(iii) In order to determine if a NSN or FSC is included in this BSM test, go to the BSM Supplier Information

Resource Center, <http://www.dla.mil/j-6/bsm/SIRC/SIRC.htm>. Awards not included in the ABVS performance data will be identified by contract numbers beginning with SPMXXX or SPEXXX in lieu of SPOXXX (this does not apply to orders issued against non-DLA Basic Ordering Agreements or contracts).

(iv) This change also means that your ABVS score in BSM will be your DLA score only; the FSC score will not be visible. This initial release will provide an opportunity for DLA, our customers, and our suppliers to use the new technology and processes to improve our supply chain effectiveness. Further information is found at the BSM Vendor Information Center at <http://131.70.202.70/j%2D6/bsm/test/vic.htm>.

(4) DSCR will make negative quality and delivery data reflected in the ABVS score available to offerors by the 15th day of the month via the ABVS Website. The offeror's negative performance data will be posted before it is reflected in the ABVS score (Preview Period), to give offerors an opportunity to review and verify data. An offeror must challenge any negative data within the Preview Period to assure corrections are posted before calculation of the score. Offerors must submit challenges and substantiating evidence (e.g. invoices, DD Form 250s, modifications) to the ABVS Administrator. The 'Center' field will identify the appropriate focal point. For those identified as 'DSCR,' send challenges to:

Defense Supply Center Richmond  
Attn: DSCR-OZP (ABVS)  
8000 Jefferson-Davis Highway  
Richmond, VA 23297-5516

Telephone (804) 279-6881  
FAX (804) 279-5042

(5) Though offerors may challenge negative data at any time, it is to the offeror's advantage to challenge negative data during the Preview Period before it has an opportunity to be reflected in the ABVS score. Accordingly, an offeror should review performance data on a monthly basis at a minimum. When a challenge is received, the ABVS score will be flagged. The flag will remain until the challenge is resolved. If an offer under evaluation involves a challenged score, then the Contracting Officer will consider the nature of the challenged data and its relevance to the acquisition as part of the award decision. The ABVS Administrator will adjust the ABVS score if the Administrator upholds an offeror's challenge. Scores created in the update cycle immediately following the determination will reflect the adjustment.

(6) When there is a discrepancy between the offeror's challenged data and the Government's data, it becomes disputed data. The Government will make every effort to resolve the discrepancy expeditiously. However, the Government is the final authority for resolution of disputed data and its use in the source selection process, and may make an award decision despite the existence of an unresolved challenge.

(b) Using the ABVS score for evaluation.

(1) The contracting officer will first evaluate offers using the FSC score for the solicited FSC in effect at the time offers are evaluated. The contracting officer will use an offeror's DLA score to evaluate an offeror without an FSC score for that particular FSC. The contracting officer may consider the volume of business on which the FSC score is based as a measure of confidence in the score's indication of performance risk. The contracting officer may choose to use the DLA score if he or she lacks confidence in the FSC score. The contracting officer also may use the DLA score if the FSC scores among offerors are relatively equal. An offeror with no performance history will not be evaluated favorably or unfavorably and will be assigned a '999.9' in the ABVS. A '999.9' is used to designate those instances wherein the offeror has no past performance history, has no history for the particular FSC or has no history for the timeframe being rated.

(2) Contractor caused discrepancies or delinquencies will be reflected in the ABVS as an indicator of past performance. Repair, replacement or reimbursement of quality and packaging defects will not provide relief of negative ABVS data. Contractor caused delivery extensions, regardless of consideration paid, will be reflected in the delivery score.

CONTINUED ON NEXT PAGE

**CONTINUATION SHEET**

**Solicitation Number:**  
**SP0412-04-R-4637**

**PAGE OF PAGES**  
**27 28**

**M10G 52.215-9G06 EVALUATION AND AWARD  
DSCR (FEB 2000)**

(a) **AWARD.** The Government intends to evaluate proposals and, if necessary, conduct discussions with all responsible offerors within the competitive range. The award will be made to the offeror whose proposal conforms to the terms and conditions of the solicitation and represents the best value to the Government. Therefore, award may be made to other than the lowest priced or the highest technically rated offer.

(b) **RELATIVE IMPORTANCE AND TRADE-OFFS.** The Government will base the determination of best value on a comparative assessment of the offerors' prices, past performance, and the other evaluation factors identified elsewhere in this solicitation. The determination of best value also considers the relative importance of the evaluation factors. All evaluation factors, when combined, are:

- significantly more important than cost or price. As other evaluation factors become more equal, the evaluated cost or price becomes more important.
- approximately equal to cost or price; or
- significantly less important than cost or price. As the evaluated cost/price becomes more equal, relative importance of all other evaluation factors becomes more significant.

The final award decision may involve a trade-off among cost or price and the non-price factors. Factors that may be considered in the trade-off process include, but are not limited to:

- Item criticality and weapons system application
- Delivery schedule and current inventory status
- Historical delivery or quality problems
- Concerns over limited supply sources and industrial base
- Benefits from obtaining new sources

(c) **COST OR PRICE.** The Government will evaluate the offered cost or price for cost realism, as defined in FAR 15.401, and reasonableness. The Government will add any other cost or price evaluation factors identified elsewhere in this solicitation (e.g. Buy American Act or FOB Origin transportation costs) to arrive at the offeror's evaluated cost or price. The evaluated cost or price will be used in conjunction with the other non-price factors to determine the best value to the Government.

(d) **PAST PERFORMANCE EVALUATION FACTORS.** The Government will use the past performance evaluation factors marked below in addition to cost or price and other evaluation factors specified in the solicitation. Unless indicated otherwise, past performance is significantly more important than other non-price factors. Within the past performance subfactors, ABVS scores will be weighed most heavily because of their relevance to DSCR awards. Quality history and delivery schedule compliance will be weighed more heavily than the remaining past performance subfactors. All other non-price evaluation factors specified in this solicitation weigh equally, unless otherwise indicated.

- ABVS Score (52.215-9G05)
- Quality History
- Delivery Schedule Compliance
- Javits-Wagner-O'Day (JWOD) (52.215-9005)
- Mentoring Business Agreements (MBA) (52.219-9003)
- Socioeconomic Support (52.215-9003)
- Other (specify):

(e) **PAST PERFORMANCE.** Past performance includes, but is not limited to, the offeror's record of conforming to contract requirements and standards of good workmanship; adherence to contract schedules, including the administrative aspects of performance; the offeror's

reputation for reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the offeror's business-like concern for the customer's interest.

(i) Offerors may submit with their offer information on past and current Federal (non-DSCR), State and local government and private sector contracts performed by the offeror at the proposed performance location within the last three years that are similar in nature to this acquisition. Offerors electing to submit this data must furnish at least the following information: name and address of the contracting entity; the contract number; award and completion dates; the dollar value; the contract type; the items or services provided; two references, with title and phone number; and any problems encountered and the corrective action taken by the offeror.

(ii) By submitting past performance information, the offeror agrees to permit the Government's representatives to contact the listed references and inquire of the offeror's performance. If more than three contracts are identified, the Government reserves the right to randomly select and limit its review to three contracts. In addition to the information provided, the Government may consider information obtained from other sources when evaluating the offeror's past performance. Offerors will be given the opportunity to discuss negative past performance information obtained from references if the offeror has not had a previous opportunity to comment on that information.

(iii) In addition to the information above, DSCR will use the Automated Best Value System (ABVS) to evaluate quality and past performance on DLA awards (see 52.215-9G05).

(iv) Offerors with no past performance history (whether internal or external to the Federal government) will not be evaluated favorably or unfavorably.

**M12 52.216-9G09 EVALUATION - INDEFINITE QUANTITY  
CONTRACT DSCR (NOV 1996)**

Offers will be evaluated on the basis of the estimated annual quantity. If quantity breaks are offered with various prices, the highest price offered will be used for evaluation.

If line items for both stock and DVD are included in the schedule offers will be evaluated based on the total extended price for the stock and DVD line items.

**M19CA 52.217-9G27 SURGE & SUSTAINMENT EVALUATION -  
MINIMUM REQUIREMENT  
DSCR (JUNE 2001)**

(a) **Evaluation.** The surge & sustainment (S&S) requirement identified in the schedule represents a minimum requirement for award; therefore, offerors that fail to offer for the S&S requirement or submit proposals that are deficient may be rejected. The S&S capability assessment specified in 52.217-9G26 will be evaluated to determine the offeror's ability to meet the increased quantity/accelerated delivery requirements identified in the schedule for S&S.

(b) **Acceptable Standard.** Acceptable proposals must:

- (1) describe a methodology which enables visibility of supplier base resources on a continuing basis;
- (2) identify supplier base inventories, production capability, on-demand manufacturing and advanced technology capabilities, or any other means of support available to meet S&S requirements and, based on this identification, provide a description of S&S strategies for all items;
- (3) identify problem items for which S&S cannot be easily met, propose solutions for these items, and identify any significant investments (dollars or otherwise) needed to implement these solutions;
- (4) describe access to, and plans for, coordinating distribution and transportation services for meeting S&S requirements; and
- (5) provide information regarding agreements with subcontractors, suppliers and service providers, if applicable, that reflect access to S&S resources;
- (6) identify any significant investment (dollars

**CONTINUED ON NEXT PAGE**

CONTINUATION SHEET

Solicitation Number:  
SP0412-04-R-4637

PAGE OF PAGES  
28 28

or otherwise) under (3) or other subparagraphs above, needed to develop S&S capability, with the following information:

- (i) An explanation of why the investment is needed.
- (ii) A description of what items or materials will need to be purchased with the investment.
- (iii) Provide a justification/basis for the investment cost.
- (iv) Identify the S&S capability to be gained from the investment.
- (v) For investments to effect S&S strategies, an analysis of what strategies were considered and why the proposed strategies are the most cost effective.

(c) Acceptable Standard Commercial. The following standard shall apply in lieu of paragraph (b) for commercial items that are readily available and accessible in sufficient quantities to meet the S&S requirements. Adequate proposals shall:

- (1) provide information to support the rationale for concluding that the S&S items are readily available;
- (2) describe how access to these resources will provide the ability to meet S&S requirements; and
- (3) identify a plan for coordinating distribution and transportation services for meeting S&S requirements
- (d) Deficient Proposals. Proposal revisions to correct deficiencies in S&S capability may be addressed during negotiations with offerors determined within the competitive range.

(e) Price. Price(s) associated with S&S items will be evaluated for reasonableness and realism in accordance with proposal analysis techniques specified in FAR 15.404. The total evaluated price associated with a proposal will include S&S prices/costs only to the extent such prices/costs represent:

- (1) the dollar amount that must be obligated or reserved at time of award to implement and or maintain the S&S capability and
- (2) the dollar amount associated with a confirmed requirement to support an actual contingency.

(f) Materially Unbalanced Offers. The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract lines is significantly overstated or understated as indicated by application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that lack of balance poses an unacceptable risk to the Government.

M19CC 52.219-9002 DLA MENTORING BUSINESS AGREEMENTS (MBA) PROGRAM DLAD (DEC 1997)

M33 52.247-9G21 BASIS FOR SUBMISSION AND EVALUATION OF OFFERS DSCR (JAN 1996)

- (a) Offers are invited on an f.o.b. destination basis for items SEE , ATTACH, . Bids submitted on any other basis will be rejected as non-responsive.
- (b) Offers are invited on the basis of both f.o.b. origin and destination for items N/A , , .
- (c) Offers are invited on an f.o.b. origin basis for items , , . When supplies are regionally priced the applicable regions shall be specified below. If regional price(s) are offered and the region is not specified, the bid will not be considered.
