Contract Type: Firm Fixed Price, Indefinite Delivery/Indefinite Quantity Contract. The Guaranteed minimum for the base period and the option period will be determined at the time of award. The estimated contract dollar value for the 66 NSNs listed in Attachment 1, covering the five (5 year) period of performance is \$3,857,863.21.

The Offeror has 20 days from the issue date stated in block 5, SF 33, to seek clarification of any terms and conditions contained herein or to notify the Contracting Officer of any technical issues related to any NSN listed on Attachment 1. Questions or issues must be forwarded by emailed to the Buyer at Janice.Richardson@dla.mil.

If the quantity is zero (0) for the demand, please assume that the demand is a quantity of one (1). Please provide pricing for one (1) unit.

Please see Attachment 4 to see if Export Control applies. If Export Control applies, please read Clause L8A.

#### SECTION B, SCHEDULE

##### 1. AUTHORIZED USER:

The Defense Supply Center Richmond (DSCR), a Division of the Logistics Agency (DLA), may issue delivery orders to the awardee for the supplies cited in Attachment 1 for shipment to DSCR stock location in Richmond, Virginia.

##### 2. ADDITIVE CLINS:

CLIN 6000 -- Surge and Sustainment Requirement. NOTICE TO OFFERORS: CLIN 6000 is the surge quantity that may be ordered by the Government in a military contingency. The Government is not obligated to order any of the surge quantities and the Contractor should not ship such quantities without the receipt of an order clearly designated for surge quantities. The surge quantity requirements are identified at Attachment 2. The Offeror must specify the percentage of price increase for surge quantities

or state 'none'. If the Offeror fails to do so, the Offeror will be evaluated with no additional charge for surge quantities. See Surge clauses and Section L for additional information. Unit pricing for the Surge NSNs should be placed in Attachment 2. The surge price will apply to the base period and the option period.

SURGE SUPPORT -- PLUS \_\_\_\_\_ %

CLIN 6001 -- Capability Assessment: Cost, if any, that the Contractor would incur in complying with the requirement to conduct a surge validation plan. If none, state 'none'. Reference clause 52.217-9G25, 252.217-9006 and 52.217-9G26.  
\$ \_\_\_\_\_.

CLIN 6002 -- Investment Cost: Investment costs, if any, to execute the surge plan otherwise state 'none'. Reference Clause 52.217-9G25, 252.217-9006 and 52.217-9G26. \$ \_\_\_\_\_.

CLIN 9925 -- Special Tooling. The Offeror shall identify any required special tooling and provide prices, if applicable. The Offeror must review the Quality Matrix, Attachment 4, to determine if Government Tooling applies.

CLIN 9999 -- Option Period 1 \$ \_\_\_\_\_. The Offeror shall provide pricing in Attachment 2.

## NOTES CONCERNING SPECIFIC CLAUSES:

## Section E:

(E6) 52.246-15, Certificate of Conformance. This clause is not applicable to Federal Supply Class 1560, 1670, 1680, 3110, 3120, and 3130 or FSGs 28, 29 and 34; surplus items, hazardous material, first article testing, Navy Critical Safety Items (CSI).

(E14) 52.246-9G16, Inspection and Acceptance Point (I&A). I&A, first shipment only may apply to any non-critical item. DCMA and the Contractor may establish which non-critical NSNs may be subject to I&A first shipment only.

## Section F:

(F17) 52.211-9G51, Indefinite Quantity DSCR, (FEB 1996).

## Note:

Paragraph (b). The minimum order quantity is established in Attachment 1 for each line item. The guaranteed minimum is established in clause 52.216-22, Indefinite Quantity as set forth below.

## Section I

( I67 ) 52.216-19, Order Limitation (Oct 1995)

Paragraph (a) minimum order quantity revised as follows:

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than the amount specified in Attachment 1, minimum order quantity, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(I71) 52.216-22, Indefinite Quantity

Last sentence paragraph (d):

(d) Date when the Contractor will no longer be responsible for deliveries will be determined in accordance with Paragraph 8.0, Contract Closeout, specified in the Statement of Work.

Note for clause 52.216-22:

1. Under clause 52.216-22 (b), the 'minimum' contract value is defined as the guaranteed monetary value of the aggregate orders issued during the base period only as computed below. The minimum will not guarantee orders for any particular item or group of items. The Government will not guarantee a minimum for the option periods. The Government will compute a different minimum if more than one contract is awarded under this solicitation in accordance with the following formula:

10% of the aggregate of the extended dollar value of the minimum order quantity (MOQ) for the NSNs, computed by:

$10\% \times [\text{NSN1 price} \times \text{MOQ}] + [\text{NSN2 price} \times \text{MOQ}] + [\text{NSN3 price} \times \text{MOQ}] + \text{etc}$

The maximum contract value is defined as:

200% of the aggregate of the extended dollar value of the estimated contract value for the base period or each option period. The estimated contract value is shown at the top of this page.

(I92BB) 52.217-9G15, Flexible Options DSCR (JAN 2000) ALT I  
Paragraph (a) is revised as follows:

(a) This solicitation is for an indefinite quantity with a guaranteed minimum for the three (3) year base period base year. It also includes one (1) option for two (2) years. Each option year is also for an indefinite quantity, but there is no guaranteed minimum.

Each year also has a stated maximum, which applies to that year. In the event the Government orders up to the stated maximum prior to the end of any current contract year, the Government reserves the right, with the notice prescribed below, to exercise the next option year before the expiration of the current contract year. In the event the Government exercises this right, the remaining option years will be moved forward to coincide with the exercise of the option year.

(I30) 52.209-4, First Article Approval - Government Testing. To determine

if one of the NSNs requires a FAT, Offerors should review the NSN information in the Quality Matrix, Attachment 4, and the PID information for NSNs that require FAT, Attachment 7. To obtain dollar value, number of units required, test and evaluation days, report information, etc., review Attachment 7 and Clause I30 within the solicitation. If First Article Testing applies, please provide pricing in Attachment 1. The following paragraphs apply:

(a) The Contractor shall deliver the correct number of FAT unit (s) of that NSN (Lot/Item) within 90 calendar days from the date of this contract to the Government see Attachment 7 to obtain the address of the testing facility for first article tests. The shipping documentation shall contain this contract number and the NSN (Lot/NSN) identification. The characteristics that the first article must meet and the testing requirements are specified elsewhere in this contract.

(b) Within 30 calendar days after the Government receives the first article, the Contracting Officer shall notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval shall state any further action required for the disapproval.

(I142) 252.225-7007, BUY AMERICAN ACT--TRADE AGREEMENTS--BALANCE OF PAYMENT PROGRAM, Foreign end products subject to the Trade Agreements Act and NAFTA are those in the Federal Supply Groups (FSG) listed in the DFARS 225.401-70. If a product is not in one of the listed groups, the Trade Agreements Act and NAFTA do not apply. For more information, Offerors should review DFARS 225.401-70.

#### Section K

Representations and Certifications. Contractors are reminded to fill in all clauses in Section K of the solicitation.

#### Business System Modernization (BSM)

As the Government transitions into BSM, the following clauses may be added for any contract line item impacted by the BSM transition:

52.211-9G45, Electronic Contracting - Special Marking Instructions-ALT II  
252.246-7000, Material Inspection and Receiving Report

BSM NSNs may be identified during negotiations, if applicable. Separate contract awards may be established for NSNs identified as BSM NSNs. If no BSM NSNs are determined to be in Attachment 1, then all BSM clauses cited above are self-deleting.

**B12 9-5 FIRST ARTICLE DELIVERY UNDER INDEFINITE DELIVERY CONTRACTS DSCR (MAR 1999)**

**B24A 14-1 FACSIMILE BIDS/PROPOSALS DSCR (MAR 1999)**

(a) Facsimile bids/proposals, amendments (including final proposal revisions (FPRs)), and withdrawals will not be considered unless authorized in the solicitation by either Provision 52.214-31, Facsimile Bids, or 52.215-5, Facsimile Proposals (Sec L). IF NEITHER PROVISION IS IN THE SOLICITATION, FACSIMILE TRANSMITTED DATA AS DESCRIBED ABOVE SHALL BE REJECTED.

(b) In solicitations that do contain either Provision 52.214-31 or 52.215-5, bidders/offerors are notified that for bid/proposal security reasons the FACSIMILE EQUIPMENT AS IDENTIFIED IN THE PROVISION IS NOT LOCATED AT THE PLACE DESIGNATED FOR RECEIPT OF BIDS/OFFERS. REGULAR INTEROFFICE MAIL PICK-UP OF FACSIMILE TRANSMISSIONS OCCURS AT 10:30 A.M. AND 1:30 P.M. DAILY.

(1) Bids, bid amendments, and bid withdrawals received by the facsimile equipment prior to 10:30 a.m. on the day of bid opening will be presumed to have been received on time.

(2) Proposals, amendments to proposals, withdrawals of proposals, and FPRs received by facsimile equipment prior to 1:30 p.m. on the day of closing will be presumed to have been received on time.

**B33C 17-13 POPS-GENERAL SOLICITATION NOTICE DSCR (OCT 2001)**

Delivery orders may be placed during the ordering period identified in FAR Clause 52.216-18 (Section I). The acquisition contains provisions for 1 option years. See DSCR Clause 52.217-9G1 (Section I).

**SECTION C**

**C3A 52.211-9G33 POPS - COMPUTER COMPATIBILITY DSCR (MAR 2001)**

(a) In support of the Paperless Ordering Placement System (POPS), the awardee will be required to have a compatible computer system capable of accepting our offers and processing Electronic Data Interchange (EDI) transactions. The American National Standards Institute's (ANSI) X12 Standard will be utilized for formatting the EDI transactions. The EDI system must be available for on line processing not later than 30 days after date of award.

(b) The computer system must also be Year 2000 (Y2K) Compliant. Year 2000 compliant, used with respect to technology, means that the information technology accurately processes date/time data (including, but not limited to, calculating, comparing, and sequencing) from, into, and between the twentieth and twenty-first centuries, and the years 1999 and 2000 and leap year calculations, to the extent that other information technology, used in combination with the information technology being acquired, properly exchanges date/time data with it.

(c) The following ANSI X12 transaction sets are currently sent, received, and processed by the Defense Supply Center Richmond:

850 Purchase/Delivery Order Transaction Set  
 856 Ship Notice/Manifest Transaction Set

(d) Awardee must be capable of sending, receiving, and processing the above ANSI X12 transaction sets and have an electronic mailbox on a DAASC certified Value Added Network (VAN). For 856 Ship Notice/Manifest Transaction Sets, the awardee will have the option of using the Web-856 application, if it becomes available.

(e) Information regarding EDI, ANSI X12 transactions, and DAASC approved VANs can be obtained from the DAAS web site by going to [www.daas.dla.mil](http://www.daas.dla.mil), then select SYSTEMS & SERVICES, next select EC/EDI, and lastly select DAASC's VAN LIST.

**SECTION D**

**D4I 52.211-9G45 POPS-SPECIAL MARKING INSTRUCTIONS DSCR (OCT 2001)**

NOTICE FOR DIRECT VENDOR DELIVERIES: In addition to the requirements of paragraph 5.1.6.2., Markings of ASTM D3951, markings on exterior shipping containers will contain as a minimum the NSN, requisition number, and the contract delivery order number. These markings are to be applied through stenciling or other means, directly to the exterior shipping container or included in the body of the invoice/shipping document which will be permanently affixed to the exterior shipping container. Regardless of method used, all markings must be visible to receiving personnel. When the total number of containers going to the same destination exceeds either 250 pounds (excluding pallet) or a volume of 20 cubic feet, then palletization is required except for 55 gallon drums.

NOTICE FOR SHIPMENT TO DLA STOCK LOCATIONS: Shipments to DLA stock locations must be marked in accordance with MIL-STD-129N dated 15 May 97 and AIM BC 1 with the following exception: Marking, including barcoding, and fragile marking (if required), must be on the outside container and all intermediary containers down to the specified QUP. DSCR Clause 52.211-9G22 (Sec F) applies.

**D4K 52.211-9G73 PACKAGING AND MARKING REQUIREMENTS (JUL 2002) DSCR**

(a) Unless stated otherwise, commercial packaging in accordance with ASTM-D-3951 is required for CONUS shipments from the contractor directly to the customer. Commercial packaging and marking is not sufficient for vendor shipments requiring movement through the Defense Transportation System (also referred to as the Military Distribution System or DLA Depot) as the shipment could ultimately be moved via Military Air.

(b) Higher level packaging in accordance with MIL-STD-2073 is mandatory for all shipments that meet the below criteria:

**10**

**27**

Movement through the Defense Transportation System including shipments to a Military Distribution facility or depot.

OCONUS shipments  
FMS shipments  
Hazardous material, as cited in the AID or in the Quality Requirements Matrix.

(c) Materials not considered as HAZMAT for CONUS or OCONUS commercial air shipments may be considered HAZMAT for MILAIR shipments OCONUS. As such, contractors/shippers shall ensure that material meeting HAZMAT definitions in DLAI 4145.3, Preparing Hazardous Materials for Military Air Shipment, is packaged in accordance with that instruction when the consignee is OCONUS and the shipment will be moved through the Defense Transportation System. DLAI 4145.3 is available on the internet at:  
www.dscc.dla.mil/downloads/packaging/dlai4145\_3.pdf.

(d) All items shall be marked in accordance with MIL-STD-129. Hazardous items and shelf life items, as cited in the AID or in the Quality Requirements Matrix, shall be marked in accordance with MIL-STD-129 and the appropriate clauses cited in the appendix to the matrix and the contract. The contractor is required to package material in accordance with Quantity Unit Pack (QUP), specified in MIL-STD-2073 and the Unit of Issue (UI), specified in each delivery order. A packing slip shall be located in a plastic pouch on the outside of the package. For HAZMAT destined OCONUS, a hard copy of the Material Safety Data Sheet (MSDS) must also be included.

(e) In the event of deployments, this clause may be invoked when shipments originally destined for a CONUS location are diverted to OCONUS destinations thereby necessitating movement of the material through the Defense Transportation System. In such an event, contractors will be notified by the Contracting Officer and an equitable adjustment will be made in the contract price as deemed appropriate.

NOTE: Applicable to negotiated solicitations. Offers that do not comply with the packaging and marking requirements as specified in Section D of this solicitation may be subject to rejection as being technically unacceptable.

**SECTION E**

**E3 52.246-2 INSPECTION OF SUPPLIES - FIXED PRICE (AUG 1996)**

**E5 52.246-11 HIGHER-LEVEL CONTRACT QUALITY REQUIREMENT (FEB 1999)**

The Contractor shall comply with the applicable higher-level contract quality requirement cited below, which is hereby incorporated into this contract:

ISO 9001 or ANSI/ASQC Q9001 when Quality Assurance Provision (QAP) 005, 006, 159, 189, 216, 222, V02, or V03 is included.

ISO 9002 or ANSI/ASQC Q9002 for any other QAPs.

DSCR NOTE to 52.246-11:

The higher-level standards referenced above shall apply unless the contractor indicates the proposal is based on a contractor's preferred quality system as identified below:

[ ] Other recognized industry standard(s) (but non-ISO/ANSI/ASQC) that is equivalent to or better than applicable ISO/ANSI/ASQC standard indicated above.  
Specify \_\_\_\_\_

[ ] Other process control system that is equivalent to or better than the applicable ISO/ANSI/ASQC standard indicated above which has not previously been determined to be insufficient for the Government's purpose. This may include previously recognized MIL-I-45208 or MIL-Q-9858 systems which have been augmented to be equivalent to ISO 9002 or ISO 9001 respectively.

[ ] An existing system modeled after  
[ ] MIL-I-45208 or  
[ ] MIL-Q-9858  
and not previously determined insufficient for the Government's purpose.

THIS OPTION IS PERMITTED ONLY AS AN INTERIM MEASURE TO ALLOW CONTRACTORS TO TRANSITION TO ISO/ANSI/ASQC STANDARDS.

Third party certification/registration is not required nor will it be considered a substitute for the Government's right to audit/validate a contractor's quality system. ISO 9001 can be accepted for ISO 9002 requirements, however, the reverse does not apply.

MIL-STD-105 has been replaced by ANSI/ASQC Z1.4-1993, Sampling Procedure and Tables for Inspection by Attributes.

MIL-STD-45662A has been replaced by either ISO 10012-1, Quality Assurance Requirements for Measuring Equipment or ANSI/NCCL Z540-1, General Requirements for Calibration Laboratories and Measuring Equipment and Test Equipment.

(a) This is an indefinite quantity contract for the supplies or services specified in the schedule and for the period set forth therein. Delivery or performance shall be made only as authorized by orders issued in accordance with the 'Ordering' Clause of this contract. The quantities of supplies or services specified herein are estimates only and

(b) The contractor shall furnish to the Government, when and if ordered, the supplies or services set forth in the schedule up to and including the quantity designated in the schedule. However, the contractor may (at his option) accept an order for an additional 30 percent of the award quantity of any one item number. The Government shall order the quantity of supplies or services designated as the 'minimum.' The minimum is defined as supplies or services having an aggregate value, at the prices payable under this contract, of \$100.00. If no delivery orders are placed against a contract, the contractor will submit an invoice for the established minimum (\$100.00). The invoice will not be submitted until the contract has expired. All invoices for the minimum must be submitted to:

DFAS Columbus Center  
 ATTN: DFAS-CO-SEG  
 P. O. Box 182317  
 Columbus, OH 43218-6231

Invoices for the minimum must be submitted to DFAS before 60 days after expiration of the contract.

(c) Orders issued during the effective period of this contract and not completed within that time shall be completed by the contractor within the time specified in the order, and the rights and obligations of the contractor and the Government respecting those orders shall be governed by the terms of the contract to the same extent as if completed during the effective period of this contract, provided that the contractor shall not be required to make any deliveries under this contract after 365 days after the expiration of the ordering period.

(d) The Government may issue orders which provide for delivery to or performance at multiple destinations.

Orders may be issued under this contract from through

(b) All delivery orders issued hereunder are subject to the terms and conditions of this contract. This contract shall control in the event of conflict with any delivery order.

(c) When mailed, a delivery order shall be 'issued' for purposes of this contract at the time the Government deposits the order in the mail.

\*\*\*\*DELIVERY ORDER LIMITATIONS\*\*\*\*

(a) Minimum order: When the Government requires supplies or services covered by this contract in an amount less than the minimum quantity applicable to the method of delivery called for by the item(s) as specified elsewhere in this contract, the Government shall not be obligated to purchase, nor the contractor obligated to furnish, any supplies or services under this contract.

(b) Maximum order: The contractor shall not be obligated to honor (except at his option) any order which exceeds the total quantity of any one item number designated in the schedule; however, the maximum quantity which may be ordered and which the contractor may honor is the award quantity of any one item number plus thirty (30) percent.

(c) Notwithstanding the foregoing, the contractor shall not honor any order which exceeds the maximum order limitation set forth above or any order, which in the aggregate with previous orders, exceeds the maximum order limitation set forth above. If the maximum order limitations are exceeded, the order(s) which exceed the maximum limitations shall be returned to the issuing office within ten (10) days from the date of issue thereof, together with written notice of intent not to make shipment of the items called for and the reasons thereof.

\*\*\*\*DELIVERY TIME\*\*\*\*

(a) Commencing from the date the order is mailed or otherwise furnished the contractor, the contractor shall have the number of days indicated below within which to complete delivery. The contractor shall not, however, except at its

option, be required to deliver in any 30 day period a quantity in excess of 15 percent of each contract line item or a quantity in excess of the minimum order quantity, whichever is greater. For contracts of six months duration, 20 percent in lieu of 15 percent above shall apply.

(b) Notwithstanding the above. In no event shall the contractor, except at its option, be required to deliver in any 30 day period a quantity in excess of 15 percent or 20 percent, as applicable, of the aggregate quantity of one grade, type or symbol of product awarded under the contract.

calculated on a semiannual basis. For this clause only, dates will be calculated starting with the first complete day after receipt of the order, for example if the order is received at 4:00 p.m. on Monday, shipment at any time during Tuesday will be counted as shipping on the first day. For the purpose of this clause only, months will be calculated starting with the first complete calendar month after the beginning of the contract, for example, if issue of the contract is Aug 12, 1994, the first month is September, 1994. Complete records of the fill rate will be maintained and made available for Government inspection.

(e) The Government will prepare a modification to the contract adjusting the authorized markup as needed effective the beginning of the thirteenth month. The subsequent periods for fill rate calculation and authorized markup adjustment will be six months from each previous calculation/adjustment. The authorized markup for the initial twelve month contract period is 17%.

SECTION H

H6B	52.216-9G18	FILL RATE	DSCR (FEB 1996)
-----	-------------	-----------	-----------------

H6H	52.216-9G24	ON TIME FILL OF BACKORDERS	DSCR (FEB 1996)
-----	-------------	----------------------------	-----------------

(a) Definitions. As used in this Clause:

(1) 'Fill rate' means the percentage of the total quantity of the items ordered which are shipped within 100 days of receipt of order. For example, if ten orders of ten each are received and eight shipments of 10 each and one shipment of five each are made in response to nine of the orders, a fill rate of 85% has been obtained. The fill rate achieved during each semiannual period will be used to set the authorized markup for the following period.

(2) 'Receipt of the order' means the date on which the electronic transmission of the requisition/delivery order is made from the Inventory Control Point (ICP) to the contractor. Requisitions will be issued for DLA owned stock. Delivery orders will be issued for new material.

(3) 'Shipment' means the date on which the item is delivered by the contractor to the designated carrier.

(b) The contractor agrees to provide a fill rate of 95% for the items included on this contract. If the agreed upon fill rate of 95% is achieved the markup to the contract price which the contractor is authorized to charge is 23%. If a fill rate lower than 95% but greater than or equal to 90 is realized, the authorized markup is reduced to 20%. If a fill rate less than 90 but greater than or equal to 85 is realized, the authorized markup is reduced to 17%. A fill rate of less than 85% is determined to be an unacceptable level of performance. If the calculated fill rate is less than 85% for two successive contract periods, the Government may terminate the contract for default; however, if the contract is not terminated, the authorized markup for a fill rate less than 85% is reduced to 14%.

(c) Items for which orders are received in the first 6 month period that cannot be filled for any of the following reasons will not be used in the Fill Rate calculation:

- No Government stock transferred and lead time to obtain stock is greater than the time between inclusion of the item on the contract (i.e. contract award or contract modification) and the time in which the item would normally be included in the fill rate calculation for the next contract period.
- Government Due In not received by the contractor.
- Contractor receives order(s) for quantities greater than the Government provided annual demand estimate.

(d) The fill rate will be calculated semiannually on a cumulative basis for all orders received in the semiannual contract period. In order to avoid administrative problems, the period of time used to calculate the fill rate and the period of time to which a particular authorized markup apply will not coincide. The contractor will calculate the fill rate for the preceding six months when the tenth month of the contract is completed. The calculated fill rate and the date on which this calculation is based will be provided to DPRO and DSCR within 30 days after completion of the tenth month and thereafter each subsequent six month period for confirmation and concurrence of fill rate.

(d) The percentage of on time shipments will be

A backorder is defined as a requirement for an item which cannot be filled within 100 days of receipt of order. The contractor agrees to ship 90% of all backordered items within 90 days of receipt of the order. Receipt of the order is defined as the date on which the electronic transmission of the requirement is made from the Inventory Control Point (ICP) to the contractor. Shipment is defined as the date on which the item is delivered by the contractor to the designated carrier. The percentage of backorders filled on time will be calculated on a semiannual basis concurrent with the fill rate calculations.

not to ship the item (or items) called for and the reasons.

I71 52.216-22 INDEFINITE QUANTITY (OCT 1995)

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after 30 days from the date of contract expiration.

I84BA 52.216-9G11 CORPORATE CONTRACTING PRICE  
ALTERNATE I REDETERMINATION-PROSPECTIVE  
DSCR (MAR 1996)

(a) General. The unit prices and the total price stated in this contract shall be periodically redetermined in accordance with this clause, except that (1) the prices for supplies and services ordered before the first effective date of price redetermination [see paragraph (b) of this clause] shall remain fixed and (2) in no event shall the total amount paid under this contract exceed any ceiling price included in the contract (paragraph g).

(b) Price redetermination periods. For the purpose of price redetermination, performance of this contract is divided into successive periods. The first period shall extend from the date of the contract award to 365 days after award, and the second and each succeeding period shall extend 365 days from the end of the last preceding period. The first day of the second and each succeeding period shall be the effective date of price redetermination for that period.

(c) Data submission.

(1) Not more than 90 days nor less than 60 days before the end of each redetermination period, except the last, the Contractor shall submit proposed prices for supplies or services that may be ordered in the next succeeding period.

(2) The Contractor shall also submit documentation to support the requested price increase/decrease (i.e., commercial price list changes; GSA price changes if items are also on a GSA contract; information other than cost or pricing data; cost or pricing data if same was provided and utilized to determine the original contract prices as fair and reasonable).

(3) If the Contractor fails to submit the data required by subparagraphs (1) and (2) above, within the time specified, the Contracting Officer may exercise the option provisions without a price redetermination.

(d) Price redetermination. Upon the Contracting Officer's receipt of the data required by paragraph (c) above, the Contracting Officer and the Contractor shall promptly negotiate to redetermine fair and reasonable prices for supplies or services that may be ordered in the period following the effective date of price redetermination.

(e) Contract modifications. Each negotiated redetermination of prices shall be evidenced by a modification to this contract, signed by the Contractor and the Contracting Officer, stating the redetermined prices that apply during the redetermination period.

(f) Disagreements. If the Contractor and the Contracting Officer fail to agree upon redetermined prices within 60 days after the date on which the data required by paragraph (c) above are to be submitted, the Contracting Officer shall promptly issue a decision in accordance with the Disputes Clause. For the purpose of paragraph (e) above, and pending final settlement of the disagreement on appeal, by failure to appeal, or by agreement, this decision shall be treated as an executed contract modification. Pending final settlement, price redetermination for subsequent periods, if any, shall continue to be negotiated as provided in this clause.

(g) Ceiling prices. Redetermined price(s) will not exceed a 10 percent increase over the preceding ordering

period price(s). There will be no limitation on price decreases.

(h) Price reductions. Notwithstanding the provisions of this clause, DSCR will accept contractor-offered price reductions throughout the life of the contract.

I88 52.217-9 OPTION TO EXTEND THE TERM OF  
THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 30 days prior to contract expiration; provided, that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 60 months.

I88G 252.217-7001 SURGE OPTION DFARS (AUG 1992)

The Government has the option to--

(1) Increase the quantity of supplies or services called for under this contract by no more than the amount stated in the schedule; and/or

(2) Accelerate the rate of delivery called for under this contract, at a price or cost established before contract award or to be established by negotiation as provided in this clause.

ALT I

(a) This solicitation is for an indefinite quantity with a guaranteed minimum for the base year. It also includes 1 options for one year each.

(c) To exercise this right, the Government will provide written notice of its intent to exercise the option any time after having ordered 90 % of the stated maximum or within thirty days of the effective date of any delivery order that reaches the stated maximum quantity.

I92F 52.217-9G20 ADDITION/DELETION OF ITEMS ON  
CONTRACT DSCR (DEC 2000)

(a) The Government retains the right to unilaterally delete from the contract, at each option renewal period, any items which were awarded on a sole source basis, in the event that an alternate product is available from another source.

(b) The Government reserves the right to bilaterally add to the contract new or replacement items, by modification, at prices to be negotiated. All new requirements are subject to full and open competition for the period of time remaining on the contract prior to addition to the contract.

(c) If any item in this contract becomes obsolete or is discontinued as a commercial catalog item, the contractor will provide the Government thirty (30) days advance written notice of such obsolescence, or cancellation and agrees to honor delivery orders for the item issued under this contract during such thirty (30) day period. The Government will delete any such item from this contract after receiving the required notice. If the contractor considers another commercial catalog item as a suitable substitute or replacement for the discontinued item, it will so advise the Government at the time it advises of the discontinued item. (iii) As an agent, has not personally participated, and will not participate in any action contrary to Subparagraphs (a)(1) through (a)(3) above.

(c) If the offer deletes or modifies Subparagraph (b)(2) above, the offeror must furnish with its offer a signed statement setting forth in detail the circumstances of the disclosure.

**K4A 52.203-11 CERTIFICATION AND DISCLOSURE REGARDING PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (APR 1991)**

(a) The definitions and prohibitions contained in the clause, at FAR 52.203-12, Limitation on Payments to Influence Certain Federal Transactions, included in this solicitation, are hereby incorporated by reference in paragraph (b) of this certification.

(b) The offeror, by signing its offer, hereby certifies to the best of his or her knowledge and belief that on or after December 23, 1989, --

(1) No Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with the awarding of any Federal contract, the making of any Federal Grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement;

(2) If any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with this solicitation, the offeror shall complete and submit, with its offer, OMB standard form LLL, Disclosure of Lobbying Activities, to the Contracting Officer; and

(3) He or she will include the language of this certification in all subcontract awards at any tier and require that all recipients of subcontract awards in excess of \$100,000 shall certify and disclose accordingly.

(c) Submission of this certification and disclosure is a prerequisite for making or entering into this contract imposed by section 1352, title 31, United States Code. Any person who makes an expenditure prohibited under this provision or who fails to file or amend the disclosure form to be filed or amended by this provision, shall be subject to a civil penalty of not less than \$10,000, and not more than \$100,000, for each such failure.

L58 52.217-9G04 FLIGHT SAFETY CRITICAL PART, CRITICAL APPLICATION, ITEM DOCUMENTATION REQUIREMENTS DSCR (SEP 2002)

(a) If an item other than that cited in the Procurement Identification Description (PID) is offered under provision 52.217-9002, (Sec L), of this solicitation, this provision specifies the Government's requirements for additional documentation needed to evaluate whether the offered item meets the requirements for the Critical Application Item (CAI) and/or Flight Safety Critical Application Part (FSCAP) identified in the PID. The guidance herein is also intended to assist offerors in determining what documentation is needed to insure an adequate and timely evaluation of the source manufacturing the item - namely, a source approval request (SAR). The offeror shall determine which category applies. The specified documentation for that category, as well as that specified for all categories at subparagraph (b), shall be submitted in support of the manufacturing process.

(1) CATEGORY I - Manufacturer of the same item for the Original Equipment Manufacturer (OEM) or for the Department of Defense (DoD).

(2) CATEGORY II - Manufacturer of a similar item for the OEM or DoD. (A similar item is defined as an item whose design, application, operating parameters, material, and manufacturing processes are similar to those of the item for which source approval is sought.)

L59DA 52.217-9G26 SURGE & SUSTAINMENT CAPABILITY ASSESSMENT DSCR (JUNE 2001)

(a) Proposals submitted in response to this solicitation shall include a proposed approach to meeting the Surge & Sustainment (S&S) requirement identified in the schedule. The proposed approach shall include the initial ramp up (surge) and subsequent production and delivery (sustainment) of supplies to support simultaneous contingencies. The contractor's proposed approach shall be supported by a production capability assessment, as an attachment to the proposal, containing, but not limited to, the following areas:

(1) The contractor's methodology enabling visibility of supplier base resources on a continuing basis.

(2) Identify supplier base inventories, production capability, on-demand manufacturing and advanced technology capabilities, or any other means of support available to meet S&S requirements and, based on this identification, a description of S&S strategies for all items.

(3) Identify 'problem' items for which S&S cannot be easily met, proposed solutions for these items, and any significant investments (dollars or otherwise) needed to implement these solutions, including investments by the Government.

(4) Describe access to, and plans for, coordinating distribution and transportation services for meeting S&S requirements.

(5) The contractor's agreements with suppliers and service providers that reflect access to S&S resources.

(6) Clearly identify any significant investments (dollars or otherwise) required to resolve the problem areas identified under subparagraph (3), or other subparagraphs above, needed to develop S&S capability, including, but not limited to, the following information:

- (i) Why the investment is needed;
- (ii) what will be purchased with the investment;
- (iii) basis for the investment cost;
- (iv) the S&S capability to be gained from the investment; and,
- (v) for investments needed to affect strategies, an analysis of what strategies were considered and why the proposed strategies are the most cost effective.

(7) If the S&S requirements can be easily met with current levels of production, the following information may

be provided in lieu of the detailed assessment requested above:

- (i) The contractor's rationale for concluding the required S&S resources are readily available; and,
- (ii) the contractor's ability to meet the S&S requirements through access to these resources.  
(Note: The commercial nature of an item, in and of itself, is not an adequate rationale for concluding the item is readily available. The information submitted shall include a description of access to, and plans for, coordinating distribution and transportation services for meeting S&S requirements.)

L75B 52.233-9000 AGENCY PROTESTS DLAD (SEP 1999)

Companies protesting this procurement may file a protest

1. with the contracting officer,
2. with the General Accounting Office, or
3. pursuant to Executive Order No. 12979, with the Agency for a decision by the Activity's Chief of the Contracting Office.

Protests filed with the agency should clearly state that they are an 'Agency Level Protests filed under Executive Order No. 12979.' (Note: DLA procedures for Agency Level Protests filed under Executive Order No. 12979 allow for a higher level decision on the initial protest than would occur with a protest to the contracting officer; this process is not an appellate review of a contracting officer's decision on a protest previously filed with the contracting officer). Absent a clear indication of the intent to file an agency level protest, protests will be presumed to be protests to the contracting officer.

DSCR NOTE:

Executive Order 12979 encourages the use of Alternative Dispute Resolution in resolving Agency-level protests. Therefore, DSCR has in place a process to mediate Agency-level protests filed pursuant to Executive Order 12979. Mediation is a voluntary process where the parties meet with a third party neutral (the mediator) to discuss their positions and open a dialogue. The mediator does not make any decisions on the dispute, but rather helps the parties explore their concerns and possible avenues for solutions. Any mediation will occur at DSCR. A trained DSCR mediator who has not had previous personal involvement in the procurement will conduct the mediation. If resolution of the protest is not reached through the mediation process, the protest will be forwarded to the Chief of the Contracting Office for a written decision on the record. If an offeror wishes to file an Agency-level protest, but does not wish to engage in a mediation, the Agency-level protest should state that the protesting party does not wish to participate in a mediation and would like a decision on the written record.

L75BC 52.233-9001 DISPUTES: AGREEMENT TO USE ALTERNATIVE DISPUTE RESOLUTION DLAD (JUN 2001)

(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor (see FAR 52.233-1), or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and with legal counsel (see DLA Directive 5145.1). Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.

SECTION M

M3 52.209-9G05 EVALUATION-FIRST ARTICLE APPROVAL DSCR (JAN 1996)

(a) Estimated costs of Government testing will be a factor in evaluation of offers to the extent that such costs are shown below:

ITEM	GOVERNMENT TEST COST
9906	\$1200

M6 52.214-22 EVALUATION OF BIDS FOR MULTIPLE AWARDS (MAR 1990)

M8 52.214-9002 TRADE DISCOUNTS DLAD (JUN 1983)

M10F 52.215-9G05 AUTOMATED BEST VALUE SYSTEM DSCR (JUL 2002)

(a) The Automated Best Value System (ABVS) Score as an Element of Past Performance Evaluation.

(1) ABVS scores do not determine eligibility for award or technical acceptability. The Government shall use ABVS scores to compare past performance among offerors, not to make determinations of responsibility.

(2) To evaluate each offeror's past performance, DLA will assign an ABVS score to each offeror based on the offeror's past performance. ABVS scores for performance in each Federal Supply Class (FSC score) will be based on DLA consolidated performance history. An offeror may have multiple FSC scores but will have only one DLA score, which is a compilation of the offeror's FSC scores for all business conducted with DLA. These scores will be calculated monthly and remain in effect for a month. The ABVS score is a combination of an offeror's delivery and quality scores. The quality score reflects validated contractor caused product and packaging nonconformances during the rating period. For administrative purposes, the rating period excludes the most recent 30 days. The delivery score reflects all lines shown as delinquent during the rating period. For administrative purposes, the rating period excludes the most recent 60 days. For ABVS purposes, delinquent lines represent shipments not shipped and/or received in their entirety by the contract delivery date. The 30 and 60 day offset periods are NOT grace periods.

(3) Business Systems Modernization.

(i) The Defense Logistics Agency is developing and installing a new suite of commercial business software we call Business Systems Modernization (BSM). BSM will replace the old material management systems with the best of today's business applications. The first phase of BSM that will affect both DLA and our business partners is called the Concept Demonstration. This Concept Demonstration will use actual BSM software, real time data and actual transactions such as solicitations and awards. But because of the new software being tested, certain processes will change during the test and one of the most important is the change in ABVS. The collection of past performance information for certain NSNs in ABVS has been changed by the new software and will be affected by this Concept Demonstration beginning in August 2002.

(ii) Beginning in August 2002, ABVS will not collect performance information on NSNs that are included in this BSM test. The performance data for quality and delivery performance from new contract awards for these NSNs will not be used in the calculation of FSC scores. The contract line items will also not be included in the total number of contract line items on which the FSC score is based. Subsequently, the DLA score, which is a compilation of

CONTINUED ON NEXT PAGE

## CONTINUATION SHEET

Solicitation Number:  
SP0412-03-R-3055PAGE OF PAGES  
25 27

the FSC scores, will not include performance data from new awards on these NSNs. For NSNs, which are not in the BSM test, ABVS will continue to work as it does today.

(iii) In order to determine if a NSN or FSC is included in this BSM test, go to the BSM Supplier Information Resource Center, <http://www.dla.mil/j-6/bsm/SIRC/SIRC.htm>. Awards not included in the ABVS performance data will be identified by contract numbers beginning with SPXXXX or SPEXXX in lieu of SPOXXX (this does not apply to orders issued against non-DLA Basic Ordering Agreements or contracts).

(iv) This change also means that your ABVS score in BSM will be your DLA score only; the FSC score will not be visible. This initial release will provide an opportunity for DLA, our customers, and our suppliers to use the new technology and processes to improve our supply chain effectiveness. Further information is found at the BSM Vendor Information Center at <http://131.70.202.70/j2D6/bsm/test/vic.htm>.

(4) DSCR will make negative quality and delivery data reflected in the ABVS score available to offerors by the 15th day of the month via the ABVS Website. The offeror's negative performance data will be posted before it is reflected in the ABVS score (Preview Period), to give offerors an opportunity to review and verify data. An offeror must challenge any negative data within the Preview Period to assure corrections are posted before calculation of the score. Offerors must submit challenges and substantiating evidence (e.g. invoices, DD Form 250s, modifications) to the ABVS Administrator. The 'Center' field will identify the appropriate focal point. For those identified as 'DSCR,' send challenges to:

Defense Supply Center Richmond  
Attn: DSCR-OZP (ABVS)  
8000 Jefferson-Davis Highway  
Richmond, VA 23297-5516

Telephone (804) 279-6881  
FAX (804) 279-5042

(5) Though offerors may challenge negative data at any time, it is to the offeror's advantage to challenge negative data during the Preview Period before it has an opportunity to be reflected in the ABVS score. Accordingly, an offeror should review performance data on a monthly basis at a minimum. When a challenge is received, the ABVS score will be flagged. The flag will remain until the challenge is resolved. If an offer under evaluation involves a challenged score, then the Contracting Officer will consider the nature of the challenged data and its relevance to the acquisition as part of the award decision. The ABVS Administrator will adjust the ABVS score if the Administrator upholds an offeror's challenge. Scores created in the update cycle immediately following the determination will reflect the adjustment.

(6) When there is a discrepancy between the offeror's challenged data and the Government's data, it becomes disputed data. The Government will make every effort to resolve the discrepancy expeditiously. However, the Government is the final authority for resolution of disputed data and its use in the source selection process, and may make an award decision despite the existence of an unresolved challenge.

(b) Using the ABVS score for evaluation.

(1) The contracting officer will first evaluate offers using the FSC score for the solicited FSC in effect at the time offers are evaluated. The contracting officer will use an offeror's DLA score to evaluate an offeror without an FSC score for that particular FSC. The contracting officer may consider the volume of business on which the FSC score is based as a measure of confidence in the score's indication of performance risk. The contracting officer may choose to use the DLA score if he or she lacks confidence in the FSC score. The contracting officer also may use the DLA score if the FSC scores among offerors are relatively equal. An offeror with no performance history will not be evaluated favorably or unfavorably and will be assigned a '999.9' in the ABVS. A '999.9' is used to designate those instances wherein the offeror has no past performance history, has no history for the particular FSC or has no history for the timeframe being rated.

(2) Contractor caused discrepancies or delinquencies will be reflected in the ABVS as an indicator

of past performance. Repair, replacement or reimbursement of quality and packaging defects will not provide relief of negative ABVS data. Contractor caused delivery extensions, regardless of consideration paid, will be reflected in the delivery score.

M10G 52.215-9G06 EVALUATION AND AWARD  
DSCR (FEB 2000)

(a) AWARD. The Government intends to evaluate proposals and, if necessary, conduct discussions with all responsible offerors within the competitive range. The award will be made to the offeror whose proposal conforms to the terms and conditions of the solicitation and represents the best value to the Government. Therefore, award may be made to other than the lowest priced or the highest technically rated offer.

(b) RELATIVE IMPORTANCE AND TRADE-OFFS. The Government will base the determination of best value on a comparative assessment of the offerors' prices, past performance, and the other evaluation factors identified elsewhere in this solicitation. The determination of best value also considers the relative importance of the evaluation factors. All evaluation factors, when combined, are:

- significantly more important than cost or price. As other evaluation factors become more equal, the evaluated cost or price becomes more important.
- approximately equal to cost or price; or
- significantly less important than cost or price. As the evaluated cost/price becomes more equal, relative importance of all other evaluation factors becomes more significant.

The final award decision may involve a trade-off among cost or price and the non-price factors. Factors that may be considered in the trade-off process include, but are not limited to:

Item criticality and weapons system application  
Delivery schedule and current inventory status  
Historical delivery or quality problems  
Concerns over limited supply sources and industrial base  
Benefits from obtaining new sources

(c) COST OR PRICE. The Government will evaluate the offered cost or price for cost realism, as defined in FAR 15.401, and reasonableness. The Government will add any other cost or price evaluation factors identified elsewhere in this solicitation (e.g. Buy American Act or FOB Origin transportation costs) to arrive at the offeror's evaluated cost or price. The evaluated cost or price will be used in conjunction with the other non-price factors to determine the best value to the Government.

(d) PAST PERFORMANCE EVALUATION FACTORS. The Government will use the past performance evaluation factors marked below in addition to cost or price and other evaluation factors specified in the solicitation. Unless indicated otherwise, past performance is significantly more important than other non-price factors. Within the past performance subfactors, ABVS scores will be weighed most heavily because of their relevance to DSCR awards. Quality history and delivery schedule compliance will be weighed more heavily than the remaining past performance subfactors. All other non-price evaluation factors specified in this solicitation weigh equally, unless otherwise indicated.

- ABVS Score (52.215-9G05)
- Quality History
- Delivery Schedule Compliance
- Javits-Wagner-O'Day (JWOD) (52.215-9005)
- Mentoring Business Agreements (MBA)

(e) **PAST PERFORMANCE.** Past performance includes, but is not limited to, the offeror's record of conforming to contract requirements and standards of good workmanship; adherence to contract schedules, including the administrative aspects of performance; the offeror's reputation for reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the offeror's business-like concern for the customer's interest.

(i) Offerors may submit with their offer information on past and current Federal (non-DSCR), State and local government and private sector contracts performed by the offeror at the proposed performance location within the last three years that are similar in nature to this acquisition. Offerors electing to submit this data must furnish at least the following information: name and address of the contracting entity; the contract number; award and completion dates; the dollar value; the contract type; the items or services provided; two references, with title and phone number; and any problems encountered and the corrective action taken by the offeror.

(ii) By submitting past performance information, the offeror agrees to permit the Government's representatives to contact the listed references and inquire of the offeror's performance. If more than three contracts are identified, the Government reserves the right to randomly select and limit its review to three contracts. In addition to the information provided, the Government may consider information obtained from other sources when evaluating the offeror's past performance. Offerors will be given the opportunity to discuss negative past performance information obtained from references if the offeror has not had a previous opportunity to comment on that information.

(iii) In addition to the information above, DSCR will use the Automated Best Value System (ABVS) to evaluate quality and past performance on DLA awards (see 52.215-9G05).

(iv) Offerors with no past performance history (whether internal or external to the Federal government) will not be evaluated favorably or unfavorably.

**M12 52.216-9G09 EVALUATION - INDEFINITE QUANTITY CONTRACT DSCR (NOV 1996)**

Offers will be evaluated on the basis of the estimated annual quantity. If quantity breaks are offered with various prices, the highest price offered will be used for evaluation.

If line items for both stock and DVD are included in the schedule offers will be evaluated based on the total extended price for the stock and DVD line items.

**M15 52.217-5 EVALUATION OF OPTIONS (JUL 1990)**

**M18 52.217-9G11 EVALUATION OF OPTION TO EXTEND THE TERM OF THE CONTRACT - SUPPLIES DSCR (JAN 1996)**

The evaluation of options to extend the term of the contract as required by either FAR Clause 52.217-5 (Section M) or 52.212-2 will be based on the highest possible option price offered for each option as specified in DSCR Clause 52.217-9G08 (Section I).

**M19CA 52.217-9G27 SURGE & SUSTAINMENT EVALUATION - MINIMUM REQUIREMENT DSCR (JUNE 2001)**

(a) **Evaluation.** The surge & sustainment (S&S) requirement identified in the schedule represents a minimum requirement for award; therefore, offerors that fail to offer for the S&S requirement or submit proposals that are deficient may be rejected. The S&S capability assessment specified in 52.217-9G26 will be evaluated to determine the offeror's ability to meet the increased quantity/accelerated delivery requirements identified in the schedule for S&S.

(b) **Acceptable Standard.** Acceptable proposals must:

- (1) describe a methodology which enables

visibility of supplier base resources on a continuing basis;

(2) identify supplier base inventories, production capability, on-demand manufacturing and advanced technology capabilities, or any other means of support available to meet S&S requirements and, based on this identification, provide a description of S&S strategies for all items;

(3) identify problem items for which S&S cannot be easily met, propose solutions for these items, and identify any significant investments (dollars or otherwise) needed to implement these solutions;

(4) describe access to, and plans for, coordinating distribution and transportation services for meeting S&S requirements; and

(5) provide information regarding agreements with subcontractors, suppliers and service providers, if applicable, that reflect access to S&S resources;

(6) identify any significant investment (dollars or otherwise) under (3) or other subparagraphs above, needed to develop S&S capability, with the following information:

(i) An explanation of why the investment is needed.

(ii) A description of what items or materials will need to be purchased with the investment.

(iii) Provide a justification/basis for the investment cost.

(iv) Identify the S&S capability to be gained from the investment.

(v) For investments to effect S&S strategies, an analysis of what strategies were considered and why the proposed strategies are the most cost effective.

(c) **Acceptable Standard Commercial.** The following standard shall apply in lieu of paragraph (b) for commercial items that are readily available and accessible in sufficient quantities to meet the S&S requirements. Adequate proposals shall:

(1) provide information to support the rationale for concluding that the S&S items are readily available;

(2) describe how access to these resources will provide the ability to meet S&S requirements; and

(3) identify a plan for coordinating distribution and transportation services for meeting S&S requirements

(d) **Deficient Proposals.** Proposal revisions to correct deficiencies in S&S capability may be addressed during negotiations with offerors determined within the competitive range.

(e) **Price.** Price(s) associated with S&S items will be evaluated for reasonableness and realism in accordance with proposal analysis techniques specified in FAR 15.404. The total evaluated price associated with a proposal will include S&S prices/costs only to the extent such prices/costs represent:

(1) the dollar amount that must be obligated or reserved at time of award to implement and or maintain the S&S capability and

(2) the dollar amount associated with a confirmed requirement to support an actual contingency.

(f) **Materially Unbalanced Offers.** The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract lines is significantly overstated or understated as indicated by application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that lack of balance poses an unacceptable risk to the Government.
